	8-9	4/4/2012	MCR	Needs to have the Price and Price/Proceed options sooner in the process rather than having to go through 3 separate people's approval before getting to it. This will delay project timelines according to class attendees.	MCR Process will remain unchanged so that all parties can review.	Closed	
	8-10	4/4/2012	MCR	In current MCR, when there is a disagreement, they do a subset MCR. How do we handle this with current way?	Rob suggested that a second MCR created and attach the MCRs to one other so they are shown to be related along with Comments on both explaining the situation. NEED CLARIFICATION. Verifv with Rico	Pending	
	8-11	4/4/2012	MCR	When doing a no P/T MCR, when it got to the GC Proposal step and choose to add a P/T, instead of going to the upper part of the workflow (for P/T change), it would stay in the lower (no P/T) part of the workflow.	A cost amount was not entered, left as \$0, when a price is entered, takes correct route.	Closed	
	8-12	4/4/2012	RFI	There is no date showing when it was approved/accepted - need to know this information.	Approved date is indicated on log, Finish step (in step since date)	Closed
