

## PSCOC FULL COUNCIL MEETING NOTEBOOK FOR JANUARY 10, 2013

# TAB 1 CALL TO ORDER:

Mr. David Abbey, Chair

- a. Approval of Agenda \*
- b. Correspondence

<sup>\*</sup> Denotes potential action by the Public School Capital Outlay Council

#### PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL Thursday, January 10, 2013

#### PROPOSED MOTIONS

#### **Item #3 – Subcommittee Reports**

- a. Awards Subcommittee Report
  - **Financial Plan** *informational only*
  - District Presentations
    - ❖ <u>Deming Public Schools Deming High School Project Status</u> *informational only* Council approval of the Awards Subcommittee recommendation to accept the information presented and postpone a recommendation for a final decision on the status of the project until the April 2013 PSCOC meeting.
  - Additional Funding/Emergency Funding/Award Language Requests

#### **❖** NMSBVI – WEC – Out-of-Cycle Construction

Council approval of the Awards Subcommittee recommendation to amend the 2009-2010 deficiencies correction program award to the New Mexico School for the Blind and Visually Impaired for the Watkins Education Center, to include out-of-cycle construction funding to replace the existing facilities with a total increase in the state share amount of \$7,576,828 (100%).

#### **❖** Roswell – Berrendo ES – Out-of-Cycle Construction

Council approval of the Awards Subcommittee recommendation to amend the 2010-2011 standards-based award to the Roswell Schools for Berrendo Elementary, to include out-of-cycle construction for renovations/additions to the existing facility to adequacy for 564 students, grades K-5, with a total increase in the state share amount of \$8,068,427 (72%), contingent on an additional local share of \$3,137,716 (28%).

#### **❖** Roswell – El Capitan ES – Out-of-Cycle Construction

Council approval of the Awards Subcommittee recommendation to amend the 2010-2011 standards-based award to the Roswell Schools for El Capitan Elementary, to include out-of-cycle construction to replace the existing facility to adequacy for 446 students, grades K-5, with a total increase in the state share amount of \$10,464,360 (72%), contingent on an additional local share of \$4,069,469 (28%).

#### **❖** Roswell – Military Heights ES – Out-of-Cycle Construction

Council approval of the Awards Subcommittee recommendation to amend the 2010-2011 standards-based award to the Roswell Schools for Military Heights Elementary, to include out-of-cycle construction for renovations/additions to the existing facility to adequacy for 443 students, grades K-5, with a total increase in the state share amount of \$7,319,755 (72%), contingent on an additional local share of \$2,846,567 (28%).

❖ Santa Rosa – Rita Marquez ES/ Anton Chico MS – Out-of-Cycle Construction

Council approval of the Awards Subcommittee recommendation to amend the 2011-2012 standards-based award to the Santa Rosa Schools for Rita Marquez ES/Anton Chico MS, to include out-of-cycle construction funding to replace the facilities to adequacy for 100 students grades K-8, with an increase in the state share amount of \$4,398,000 (60%), contingent upon an additional local share of \$2,932,000 (40%).

#### **❖** Bernalillo Public Schools – Status of Lease for Santo Domingo EMS

Council approval of the Awards Subcommittee recommendation to accept the Land Lease for Public School between the Board of Education of the Bernalillo Public Schools and The Pueblo of Santo Domingo, which will fulfill the contingency applied to the 2012-2013 standards-based award to the Santo Domingo Elementary/Middle School, subject to final approval by the Bureau of Indian Affairs.

#### **❖ Zuni Public School – Status of Lease for New ES**

Council approval of the Awards Subcommittee recommendation to extend the deadline for acceptance of the executed 50 year or equivalent term land lease for the 2012-2013 standards-based award to the Zuni School District for Dowa Yalanne/A:Shiwi Elementary Schools until the April 2013 PSCOC meeting.

2012-2013 Lease Assistance – Revised Lease Assistance Award Recommendations
 Council approval of the Awards Subcommittee recommendation to amend the 2012-2013
 Lease Assistance awards to the charter schools in the spreadsheet before you and release the remaining three quarters of reimbursements upon receiving proof of lease payments made.

#### b. Administration, Maintenance & Standards Subcommittee

• Adequacy Planning Guide - GSF Reduction Plan

Council approval of the Administration, Maintenance & Standards Subcommittee recommendation to approve the revisions to the Adequacy Planning Guide Appendix A Tables for publication, distribution and use on future awards. Awarded projects currently in design, but not having reached design development phase, shall adhere to the revised Appendix A Tables for gross square footage per student.

#### Item #4 – 2013-2014 Standard-Based Capital Outlay Award Cycle

a. 2013-2014 Application Announcement & Preliminary Funding Pool

#### **Awards Subcommittee Recommendation**

Council approval of the Awards Subcommittee recommendation to release the 2013-2014 application announcement and timeline with an initial funding pool to the top 50 of the Preliminary wNMCI Ranking, with priority given to projects for major renovation or replacement with a weighted NMCI score of 55.0 or greater. In addition, the Public School Capital Outlay Oversight Task Force (PSCOOTF) is proposing a potential new funding program for needed repairs or replacement of critical building systems. This new program requires approval by the 2013 Legislature, with specific details and requirements to be sent to districts at a future date. Based on the number of pre-applications received by the March 22, 2013 due date, a final funding pool will be established that will be used to determine

eligibility to complete the full application and be considered for an award. Council may consider limited approval of requests for waivers or advances upon districts qualifying under certain conditions and evidence that no other funds are available.

Standards-based roof awards are available up to a maximum of \$10 million. Council may consider approval of requests for advances for this funding program upon districts qualifying under certain conditions and evidence that no other funds are available.

#### **AMS Subcommittee Recommendation**

Amend the Awards Subcommittee motion to the top <u>100</u> of the Preliminary wNMCI Ranking.

**Item #5** – <u>Director's Report</u> – *informational only* 

#### Item #6 – Other Business

- a. **PSCOOTF Proposed Legislation** informational only
- **b. PSCOC Strategic Issues** *informational only*
- c. 2013 QZAB & QSCB Application

Council approval of the Awards Subcommittee recommendation to authorize release of the 2013 applications for Qualified Zone Academy Bonds (QZAB) and Qualified School Construction Bonds (QSCB). Applications are due February 22, 2013, and tentative award date will be at the April 9, 2013 PSCOC meeting.

d. Next PSCOC Meeting – Proposed for April 9, 2013

### PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL AGENDA

#### January 10, 2013—9:00 AM STATE CAPITOL BUILDING, ROOM 326 SANTA FE, NEW MEXICO

#### 1. Call to Order

-- Mr. David Abbey, Chair

- a. Approval of Agenda \*
- b. Correspondence
- 2. Approval of Minutes (December 11, 2012) \*
- 3. Subcommittee Reports
  - a. Awards Subcommittee
    - Financial Plan
    - District Presentations
      - -- Deming Public Schools -- Deming HS Project Status \*

#### • Additional Funding/Emergency Funding/Award Language Requests

- -- NMSBVI WEC Out-of-Cycle Construction \*
- -- Roswell -- Berrendo ES -- Out-of-Cycle Construction \*
- -- Roswell El Capitan ES Out-of-Cycle Construction \*
- -- Roswell Military Heights ES Out-of-Cycle Construction \*
- -- Santa Rosa -- Anton Chico ES/ Rita Marquez MS -- Out-of-Cycle Construction \*
- -- Bernalillo Public Schools -- Status of Lease for Santo Domingo EMS \*
- -- Zuni Public Schools Status of Lease for New ES \*

#### • 2012-2013 Lease Assistance

- -- LFC Program Evaluation on Lease Assistance Program Preliminary Report
- -- Revised Lease Assistance Award Recommendations \*

#### b. Administration, Maintenance & Standards Subcommittee

• Adequacy Planning Guide – GSF Reduction Plan \*

#### 4. 2013-2014 Standards-Based Capital Outlay Award Cycle

- a. 2013-2014 Application Announcement \*
- b. Preliminary Funding Pool \*
- c. 2013-2014 Proposed Workplan/Timeline

#### 5. Director's Report

#### a. Project Status Reports

- -- PSCOC Project Status Report
- -- Master Plan Project Status Report
- -- Lease Assistance Report
- -- Chama Project Update

#### 6. Other Business

- a. PSCOOTF Proposed Legislation

## PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL SUBCOMMITTEE ASSIGNMENTS

#### **PSCOC**

David Abbey, Chair Gene Gant, Vice-Chair

#### **Awards Subcommittee**

Joe Guillen, Chair Paul Aguilar Tom Clifford Frances Maestas

#### Administration, Maintenance & Standards Subcommittee

J. Dee Dennis, Chair Raul Burciaga Keith Gardner Gene Gant

David Abbey will serve on subcommittees in the absence of any member or designee.

# TAB 2 AWARDS SUBCOMMITTEE MINUTES:

(DECEMBER 11, 2012)

## PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL DECEMBER 11, 2012 MINUTES

#### STATE CAPITOL BUILDING, ROOM 317 SANTA FE, NEW MEXICO

**Members Present:** Mr. David Abbey, LFC Mr. Gene Gant, PEC

Mr. Joe Guillen, NMSBA Ms. Frances Maestas, LESC

Mr. Tom Clifford, DFA Ms. Mary Root, CID

**Designees:** Ms. Sharon Ball for Mr. Raul Burciaga, LCS

Mr. Brad Galbreith for Mr. Keith Gardner, Office of the Governor

Mr. Antonio Ortiz for Mr. Paul Aguilar until 10:00 AM

#### 1. Call to Order—9:10 AM

Mr. David Abbey, Chair

#### a. Approval of Agenda

Mr. Robert Gorrell, PSFA Director, called roll noting that Ms. Sharon Ball would serve as designee for Mr. Raul Burciaga (LCS), Mr. Brad Galbreith would serve as designee for Mr. Keith Gardner (Office of the Governor), and Mr. Antonio Ortiz would serve as designee for Mr. Paul Aguilar (PED).

Mr. Gorrell presented the agenda to the Council, noting that the PSCOC reserves the right to change the order of the agenda as deemed necessary.

The Council recognized Ms. Mary Root, representing Construction Industries Division (CID).

Mr. Clifford requested that future agendas include designation of specific agenda items that will require action by the Council.

**MOTION:** Mr. Gene Gant moved for adoption of the agenda as presented. Mr. Dee Dennis seconded, the motion carried.

#### b. Correspondence

Mr. Abbey and PSFA staff received a letter from Secretary-Designate Hanna Skandera that officially designates Mr. Paul Aguilar to represent the Department of Education throughout the 2013 interim.

#### 2. Approval of Minutes (November 1, 2012)

Upon review by the Council, Mr. Joe Guillen moved for the approval of the November 1, 2012 PSCOC minutes, subject to technical corrections. Mr. Gant seconded, the motion passed.

#### 3. Subcommittee Reports

#### a. Awards Subcommittee

#### • Financial Plan

Mr. Jeff Eaton, PSFA staff, referred the Council to the financial plan that was made available in their meeting notebooks that reflects action taken by the Council at their last meeting regarding projects and adjustment.

Project and adjustments are listed below:

#### Ruidoso—Nob Hill ES

District has changed is priorities of expenditures and reflected in their Master Plan. The district will be returning to the Council to fund this project but currently have other issues that must be addressed. Total decertified is \$52,949

#### Raton—New Elementary School

District has decided not to go out for a bond as they are not prepared and do not have their matching funds. The district believes that MEM and enrollment will increase in the near future. Total decertified is \$1,154,156

#### Eunice—Caton MS

The education specifications have been completed, however, the district is looking at 4-7 years before construction can begin. Due to the timeframe, the staff recommends de-certification. Total decertified is \$810,000

#### Questa—Roots & Wings Charter School

There was an issue of ownership of the Roots & Wings Charter School. The project needs to be de-certified until these issues are resolved. Total decertified is \$0 (Project was "non-award at time of application in 2008)

#### Gallup McKinley Schools (for more information, see November 2012 Minutes)

Gallup—Juan de Onate Elementary School (Total decertified is \$941,351)

Gallup—Thoreau Elementary School (Total decertified is \$1,055,332)

Gallup—Lincoln Elementary School (Total decertified is \$928,959)

Gallup—Roosevelt Elementary School (Total decertified is \$935,000)

The Awards Subcommittee recommends decertifying the award amounts for projects mentioned above. The schools will be reassessed and re-ranked in the Facility Assessment Database and the districts may reapply in a future award cycle. PSFA staff will continue working with the districts on the projects to assist in moving forward.

Mr. Eaton noted that 10 awards were given to 10 districts that applied for Facility Master Plan awards. Net awards total \$235,754.

Mr. Eaton informed the Council that staff has incorporated the consensus revenue estimate prepared by staff at the Board of Finance. There were minor changes to the severance tax bond proceeds for FY-13 through FY-17 reducing capacities by \$7

million each fiscal year resulting in a total of \$180 million on average of proceeds that are available for the PSCOC programs.

#### • Additional Funding/Emergency Funding/Award Language Requests

#### -- Las Cruces—HS—Phasing Plan &Advance

Mr. Pat McMurray, PSFA staff, presented this item to the Council noting that the Las Cruces Public Schools is requesting an advance in funding for Construction for Phase I of the Las Cruces HS. As required in the award, the District has submitted a phasing plan which reduces the total phases of the project to two. The District will need an advance of \$9,894,260 to complete the project in the proposed phasing plan.

Mr. McMurray introduced Superintendent Stan Rounds. In regard to the advance, Mr. Rounds noted that the high school is a landmark campus and it is necessary to contemplate an action that allows the district to build new buildings, place students in new building, raze a substantial part of the site and build the subsequent Phase II building. Mr. Rounds indicated that the original concept looked like a 7-year build-out and would have made the educational delivery difficult. The district will switch the completion of the project to a 4-year timeline in two phases.

Mr. Rounds indicated that the district purchased available adjacent property across El Paseo which is now a corridor in the master plan for the State of New Mexico as well as the City of Las Cruces. A portion of this plan includes building a fully enclosed pedestrian bridge over the street. The estimated one million dollars for the bridge is a shared cost between the PSCOC and the district. He indicated that the new plan moves the school away from the traffic that makes it safer for students.

Mr. Rounds stated that the district will have a bond election in 2014 and are confident that the bond will pass. If the bond does not pass, the district will pay back the advance with their HB-33 funding.

Mr. Rounds stated that in FY-2014, the bond funds would be available in third quarter of 2014 as they do their projection of bond sales in July (first quarter of FY2015). The district has \$65 million in bond availability that will be authorized in FY-14 and the bond sale in June 2014 is sufficiently sized to \$15 million to \$20 million. District is maintaining a mill levy/bond approach of 8.99 mills. The current enrollment is approximately 1,800 students with a maximum of 2,000.

The 2011 award was for planning and design to renovate and replace facilities to bring school to adequacy for a core of 2,000 students with classrooms for 1,800. Prior to design, district to provide district wide utilization and attendance study of all high schools. Out-of-cycle construction funding consideration is limited to Phase 1 until detailed options for the entire project are submitted and approved by the PSCOC.

PSFA staff recommends that the PSCOC approve the additional state funding request for the phase 2 (construction funding) totaling \$ 44,999,000 as requested to complete phase I of this project to adequacy (district advance \$9,894,260 plus state match \$35,104,740).

The district has in place \$8,190,000 of their required \$18,084,260 district funding.

The Awards Subcommittee has reviewed this request and recommends approval.

MOTION: Mr. Guillen moved for Council approval of the Awards Subcommittee recommendation to amend the 2010-2011 standards-based award to the Las Cruces Public Schools for Las Cruces High School, to include out-of-cycle construction funding for Phase 1 of 2, to renovate and replace facilities to bring school to adequacy for an estimated core of 2,000 students with classrooms estimated for 1,800. Included to adequacy is the site required pedestrian bridge connecting the new classrooms and administration structures, providing additional safety to the campus for an estimated \$1 million cost, with a total increase in the state share amount of \$35,104,740 (66%), contingent upon an additional local share of \$18,084,260 (34%). An advance of \$9,894,260 toward the local share is authorized and will be repaid upon passage of local bond in 2014 and dedication of the necessary proceeds or HB-33 funds to meet the required match for the project to be repaid by the first quarter of FY2015.

| Request as Presented in Notebo | oks          | Additional \$1 million for Pedestr | ian Bridge   |
|--------------------------------|--------------|------------------------------------|--------------|
| Total                          | \$52,189,000 | Total                              | \$53,189,000 |
| LCPS 34%                       | \$17,744,260 | LCPS 34%                           | \$18,084,260 |
| PSCOC 66%                      | \$34,444,740 | PSCOC 66%                          | \$35,104,740 |
| LCPS Funds Available           | \$8,190,000  | LCPS Funds Available               | \$8,190,000  |
| Requested Advance Amount       | \$9,554,260  | Requested Advance Amount           | \$9,894,260  |

Since this is a subcommittee motion, a second is not necessary. There being no objection, the motion was adopted.

-- NMSD—Infirmary—Supplemental 2012-2013 Standards Based Award
Mr. McMurray presented this item to the Council noting that the NMSD Health
Center building is ranked #25 with the weighted NMCI of 55.27%. The recently
developed NMSD FMP calls for the replacement of the Health Center building.
The decision was to move the health services into the basement of the Dillon Hall
and add this additional design work to the existing Dekker/Perich/Sabatini
architects contract for the Dillon Hall Phase II renovation. The PSFA additional
design fee is \$16,317.50 tax included. This request for additional funding is for
the planning and design phase only.

Mr. McMurray noted that the existing facility and housing is a little over 8,000 square feet and will be reduced to less than 6,000 square feet which will reduce the maintenance cost. The basement is being utilized for non-instructional offices. Mr. McMurray stated that the total project cost would be \$400,000 for planning for the entire Phase II project that includes the demolition of the existing

Annex Building, a new building for the library and other spaces. NMSD will come back before the Council to request funding for construction for Phase II funding. It was noted that a request has already been submitted for their required matching funds for other PSCOC-funded projects and that this project was included. The reason for the delay was due to adoption of the facilities master plan.

The Council expressed the importance that the school present to the legislature, more detailed documents that reflect that they are entirely dependent on state funding for the local share and do not have institutional revenues that might be applied to their projects.

MOTION: Mr. Guillen moved for Council approval of the Awards Subcommittee recommendation to make supplemental 2012-2013 standards-based award to the NM School for the Deaf, due to delays in adopting standards for the special schools and recent completion of the district Facility Master Plan. \$16,318 for planning and design to relocate the Health Center Building into the basement of Dillon Hall based on an estimated project cost of \$460,049. The local match share (50% - \$8,159) shall be advanced contingent on review of available district finances. The district shall request funding from the 2013 or subsequent NM Legislature to accommodate the local share of the total estimated project cost. The balance of the funding may be requested out-of-cycle upon completion of construction documents and submission of a plan to dispose of the existing Infirmary. Since this is a subcommittee recommendation, a second is not required. There being no objection the motion carried.

#### -- West Las Vegas—Union ES—Out-of-Cycle Construction

Mr. McMurray presented this item to the Council noting that the additional funding request is for construction of renovations to adequacy. PSFA staff recommends that the PSCOC approve the state funding request totaling \$859,921 (76%) as requested to complete Phase II construction to adequacy. The district has in place their required additional funding amount totaling \$271,551 (24%) as submitted.

The work includes replacing lighting and finishes, HVAC upgrades, demolition and reconstruction of the existing non-code- compliant restroom facilities, removal and replacement of existing doors and some frames and the relocation of the administration offices. The existing portable building removal and selective asbestos abatement will be performed by the district prior to commencing work.

Mr. Gene Parson, Superintendent for the district stated that currently there are 91 students attending Union ES. The trend of enrollment is anticipated to be maintained at its current level. The Council commended Mr. Karl Sitzberger, PSFA Regional Manager, and Mr. McMurray for the time and effort they put into attempting to right-size this project. Mr. Abbey noted that there has been significant decline in enrollment. Mr. Parson stated that there is a possibility that the enrollment may increase.

**MOTION:** Mr. Guillen moved for Council approval of the Awards Subcommittee recommendation to amend the 2011-2012 standards-based award to the West Las Vegas Schools for Union ES, to include out-of-cycle construction funding to renovate facilities to adequacy for 91 students grades 2-5, with an increase in the state share amount of \$859,921 (76%), contingent upon an additional local share of \$271,551 (24%). Since this is a subcommittee recommendation, a second is not required. There being no objection the motion carried.

#### • Pre-K Capital Awards (Round 2)

Mr. Berry presented this item noting that the original appropriation was for \$2.5 million. The earlier awards granted by the PSCOC were in the amount of \$1,371,000. The recommendation below expends the remaining \$1,129,000. Mr. Berry informed the Council that there were 7 additional requests.

Three of the projects received Round 1 awards and in the subsequent application process requested additional classrooms. Mr. Berry explained that Farmington, Hatch and Rio Rancho received Round 1 awards and will be an extension of those requests.

Mr. Berry noted upon looking at actual requested amounts exceeding available funds, a portion of the requests have been reduced accordingly. He assured the Council that staff reviewed all requests and were able to fully fund the state share for the awarded scope of the projects; however, in some cases staff reduced the number of classrooms based on the actual number of pre-k students attending the school. Mr. Berry explained that the state funded Pre-K is a half-day program.

Mr. Berry noted that the Alamogordo district is the only district that does not have a Pre-K program and are uncertain as to whether or not they want to begin the program. If they decide that they do not want to move forward with a Pre-K program, the funds would be withdrawn and allocated to other projects. The Council voiced concern regarding funding a project where the district is not sure whether or not they would consider a Pre-K program.

MOTION: Mr. Guillen moved for Council approval of the Awards Subcommittee recommendation to make final pre-kindergarten classroom renovation/construction awards pursuant to Laws 2012, Chapter 64, Section 33 (HB191) from existing, unspent proceeds from previously issued supplemental severance tax bonds, in the form of project reversions. Allocations are to the districts set out in the award spreadsheet for the purposes and in the amounts specified. These allocations represent the state share portion of the estimated cost to renovate or construct pre-k classrooms, subject to a local match as set forth in the state/ local match formula. Any funds freed by non-acceptance of the awards or unused proceeds shall be reallocated to fully fund the Rio Rancho, Farmington, or Hatch district requests in order, based on score and validated need. Since this is a subcommittee recommendation, a second is not required. There being no objection the motion carried.

#### Zuni Repayment

The Zuni Schools received 2 advances on projects in their district. It was stated that there is a 4-year repayment limit on advances. The middle school demolition is still within the 4-year limit, but the sewer emergency has passed the deadline. The district had previously asked for a waiver of both advances; however, PSFA staff review of the district finances appeared that the district could repay. The district looked at their finances and it appeared that they could accommodate repayment of both advances and has submitted a repayment schedule.

**MOTION:** Mr. Guillen moved for Council approval of the Awards Subcommittee recommendation to accept the revised repayment schedule from the Zuni Schools for the 2 advances: E07-007 Teacherage Sewer Emergency - \$85,800 due, D09-002 Zuni Middle School Demolition - \$109,909.85 due. The first payment for 50% of the amount owed or \$97,855 is to be made within thirty days of this meeting and a final payment in the amount of \$97.854.85 is to be made on or before December 31, 2013. Since this is a subcommittee recommendation, a second is not required. There being no objection the motion carried.

#### b. Administration, Maintenance & Standards Subcommittee

#### • 2013-2014 Preliminary NMCI Ranking

Mr. Chris Aguilar, PSFA staff, presented this item to the Council referring them to the ranking list that is made available to them in their meeting notebooks. He explained that the first section of the ranked list includes previously awarded projects which have not yet received construction funding. The list is a repository for schools that receive awards while in the design phase. Mr. Aguilar noted that Union Street Elementary and School for the Deaf Campus Health Center were added based on potential action by the Council at today's meeting.

MOTION: Mr. Gene Gant moved for Council approval of the Administration, Maintenance & Standards Subcommittee recommendation to release the Preliminary NMCI Rankings, including charter schools that have been reassessed based on programmatic needs after completing at least one renewal period, for the 2013-2014 standards-based award cycle based on criteria and weightings previously adopted by the Council. Release of the ranking is subject to necessary technical corrections and Districts are encouraged to work with PSFA staff to resolve any outstanding technical corrections to the data with ability to make a formal appeal to the PSCOC by the March 22, 2013 deadline for pre-applications. Since this is a subcommittee recommendation, a second is not required. There being no objection the motion carried.

#### • FY 2012 Annual Report

Mr. Berry presented this item to the Council. He noted that members should send any final edits to staff as soon as possible so that the annual report can be printed and ready for distribution by the beginning of the legislative session in January 2013.

**MOTION:** Mr. Gant moved for Council approval of the Administration, Maintenance & Standards Subcommittee recommendation to approve the draft annual report and authorize PSFA staff to complete the report and make final edits and technical corrections prior to printing and distribution. Since this is a subcommittee recommendation, a second is not required. There being no objection the motion carried.

#### • FY 2012 Audit

Mr. Eaton noted that the audit has not been released yet and this item is for informational purposes only. The Council has access to it but the audit cannot be distributed as a public document until released by the State Auditor. He noted that PSFA had 3 findings last year due to late submittal, timely deposits, and negative cash balances. All three findings were resolved. There were two minor findings this year that include a timely payment to a vendor and a travel reimbursement for a staff member that did not have signature approval of a supervisor. Staff will provide the complete report to the AMS Subcommittee and PSCOC when final. The Council asked that a member be involved with external auditors and report directly to the Council. The Council also suggested PSCOC hold a special executive session for the audit exit conference next year.

This report is for informational purposes only. No action is required by the Council.

#### • Mesa Vista—District Presentation on Maintenance Efforts

Mr. Gorrell explained that this report is in response to the Facilities Maintenance Assessment Report (FMAR) that has been supported by the Council.

Representing the district is Superintendent Traci Philips and Mr. Leo Garcia. Ms. Philips stated when she began working for the district as a principal she was appalled by the condition of the district facilities. There was no fire alarm or electricity in a large portion of the middle school as well as sewage issues. PSFA staff visited the school and advised her that the schools could be fixed. She then discovered what FMAR was and found that the districts numbers were negative. Ms. Philips noted that FMAR has assisted the district in prioritizing their projects to determine life safety vs. cosmetic repairs. She then went before the school board to show them the needs of the schools.

Ms. Philips stated that it is because of the FMAR that the district was able to get somewhat ahead in resolving some of their issues as well as moving forward for their bond election in February. She stated that there are many safety issues that need to be resolved in the district.

Mr. Martinez stated that this is evidence that FMAR is working for school districts and they are making great strides in improving their educational environment.

The Council voiced concern regarding the district's school board not getting involved in the condition of these facilities. It was suggested that the School Board Association train school boards at the School Budget Workshop, to be more attentive

of their schools as there are large amounts of state funds that are invested in facilities.

Mr. Guillen stated that there are issues among school boards and today's presentation is well received. He indicated that he will present this issue at their next School Board Association meeting in February 2013. There will be mandatory training by PED staff. He questioned if training should be during the School Budget Workshop as many board members do not attend.

Mr. Martinez explained that 20% of the score comes from the use of the FIMS program and management and statutory requirements, the remaining 80% of the score is the actual physical conditions such as: potential life/health and safety issues, and/or immediate threats to life/health and safety assets. The program is used as a leading indicator and best practice for maintenance management.

The Council suggested that the FMAR report have three categories and should contain contingencies.

#### 4. Director's Report

#### a. Project Status Reports

#### -- PSCOC Project Status Report

Mr. McMurray presented the Project Status Report to the Council, noting that the report was reviewed by the Administration, Maintenance & Standards Subcommittee.

Mr. McMurray highlighted the various projects in the report along with the projects that are moving forward and projects that are behind schedule.

In regard to the Deming School District, the AMS Subcommittee directed staff to invite the district to present to the Council at its January 2013 meeting. The staff did as requested and the district indicated that they are able to move forward with their projects. However, the award may be rescinded if the district is unable to demonstrate that the project will move forward in a timely fashion.

This report is for informational purposes only. No action is required by the Council.

#### **Master Plan Project Status Report**

Mr. Gorrell presented the Master Project Plan Report to the Council noting that the report was reviewed by the Administration, Maintenance & Standards Subcommittee. He highlighted various portions of the report.

This report is for informational purposes only. No action is required by the Council.

#### **Lease Assistance Report**

Mr. Gorrell presented the Lease Assistance Payment Report to the Council noting that the report was reviewed by the Administration, Maintenance & Standards Subcommittee. He highlighted various portions of the report.

Council requested that the PSFA staff meet with PED Charter Division staff to discuss how to address and resolve concerns regarding the second quarter release and bring back recommendations to the AMS and Awards Subcommittees for review. There will be further discussion at the next scheduled PSCOC meeting.

Ms. Maestas informed the Council that various legal staff are working together to look at virtual schools and the capital outlay portion will likely be discussed by the Task Force. These issues must be discussed in full prior to the session. The Council directed PSFA staff to work with PED charter division as well as the Chairs of the subcommittees.

This report is for informational purposes only. No action is required by the Council.

#### -- Chama Project Update

Mr. Gorrell presented this item to the Council noting that much work has been completed including winterizing the school. The roof has been fixed as well as the entrance; ceilings have been fixed; coils repaired; and alarms are now working. Staff is working with various entities to provide fresh air changes and maintenance. There are still issues regarding a noisy boiler, but there is a 3-year contract on the boiler and staff is working with the contractor to resolve this issue. Factory equipment required modification to swap out the pilot light that kept blowing out with an electronic igniter. More issues will be resolved during the spring when the snow thaws that would include asphalt around the elementary school.

This report is for informational purposes only. No action is required by the Council.

#### -- 2012 Ben Lujan Maintenance Achievement Awards

Mr. Martinez informed the Council that the Ben Lujan Maintenance Achievement Awards are given to districts that are progressing in their maintenance.

#### **INDIVIDUAL AWARDS** - Nominated by District Superintendents

Belen—Florentino (Tino) Jiron NMSD—Gary Valencia

Central—Lorenzo Laphie Peñasco—Annette Sanchez

Central—Tom Smith Pojoaque—Jason Suazo

Central—Michael Moss Pojoaque—Fred Vigil

Elida—Andy Jasso Pojoaque—Robert Espinoza

Elida—Custodial Team Pojoaque—John Valdez

**Ft. Sumner**—Benny Segura Pojoaque—Carlos Martinez

Gadsden—Jimmy Carabajal Pojoaque—Ray Santos

Las Cruces—Ruben Amezola Roswell—Darrel Evans

Los Alamos—Ted Galvez Tucumcari—Steve Newman

Los Alamos—High School custodial team Tucumcari—Cody Ryen

Loving—Serrapio Parraz Tucumcari—Ted Lucero

Loving—Henry Armendariz, Tucumcari—Darvan Strand

Loving—Cruz Ornelas Tucumcari—Jesus Carrera

Loving—Dennis Onsurez Tucumcari—Joe Lopez

Loving—Rosa Onsurez Tucumcari—Will Horton

**Loving**—Carlos Martinez

**Loving**—Fausto Montes **Loving**—Arcadio Orona

#### MOST IMPROVED DISTRICT AWARDS

Required an initial FMAR score and are assessed as requested by district. Districts recognized value of FMAR and addressed items identified through FMAR process.

- Runner up-Bernalillo Public Schools
- Most Improved -Mesa Vista

#### NEW PARTICPANT DISTRICT AWARDS

- Bronze- Loving
- Silver-Elida
- Gold- Tucumcari

#### **HONORABLE MENTION DISTRICT AWARDS**

- Belen
- Gadsden
- Gallup
- Los Alamos
- New Mexico School for the Deaf

#### **SUSTAINED PERFORMERS FOR 2012**

#### **Bronze- Roswell**

Numerous best practices identified/great custodial program and managing by walking around.

#### Silver- Wagon Mound

This small district does a tremendous job in managing their facilities, from construction to daily operations.

#### **Gold- Los Lunas**

A district with a long standing record of performance and continuous improvement

#### **Gold-Farmington**

This district is a top notch operation that is constantly evolving and embracing change as they develop best practices in their efforts to provide the best educational environments possible.

The awards were presented by Representative Rick Miera.

This report is for informational purposes only. No action is required by the Council.

#### b. 2013-2014 Proposed Workplan/Timeline

Mr. Berry presented this item to the Council, noting that both subcommittees have reviewed the workplan/timeline. He highlighted various changes in the timeline noting that it is subject to change.

This report is for informational purposes only. No action is required by the Council.

#### 5. Other Business

#### a. Next PSCOC Meeting

Upon discussion, the Council unanimously agreed to held their next PSCOC meeting January 10, 2013.

#### **Public Comment**

There is no public comment at this time.

#### **PSCOC Financial Plan Definitions**

#### Sources

SSTB (Revenue Budgeted July) & SSTB (Revenue Budgeted January). SSTB (Supplemental Severance Tax Bond) are issued and sold by the New Mexico State Board of Finance upon receiving a Resolution signed by the Chair of the PSCOC certifying the need to sell bonds pursuant to the Public School Capital Outlay Act (the "Act"). Amounts are budgeted by the Public School Facilities Authority (PSFA) into the Public School Capital Outlay Fund (the "Fund"). Amounts reported for prior fiscal years are actuals. Amounts in the current fiscal year and out-years are the most current/available capacity estimates prepared bi-annually by the Board of Finance.

**Project & Operating Reversions / Advance Repayments.** Project reversions are proceeds budgeted in the Fund from prior SSTB sales for PSOCC project phase awards that have been identified by PSFA staff as available for new project awards or other uses permitted pursuant to the Act. Amounts are determined based on unexpended award balances from projects that are financially closed-out through a post project financial audit performed by the PSFA on an ongoing basis. Operating reversions are unexpended amounts from PSFA's annual operating budget. Advance repayments are amounts remitted back to the PSFA and deposited into the Fund from school districts for advances of funds for districts share amounts on PSCOC projects. Amounts reported for prior fiscal years are actuals. Other amounts are estimates prepared and updated by PSFA on a quarterly basis.

#### Uses

Capital Improvements Act (SB-9), Lease Payment Assistance Awards, Master Plan Assistance Awards, PSFA

Operating Budget, CID Inspections & Project Encumbrance Needs are uses subject to funding availability and permitted pursuant to the Public School Capital Outlay Act and Capital Improvements Act unless otherwise indicated.

**Capital Improvements Act (SB-9)** are amounts are for distributions to school districts through the Public Education Department (PED). Transfer amounts from the PSCO Fund are calculated anually and administered by and budgeted to the PED.

**CID Inspections** are amounts that may be approved annually by the PSCOC for transfer from the PSCO Fund to the Regulation and Licensing Department for expedited inspection services by the Construction Industries Division at PSCOC project sites.

**PSFA Operating Budget** are amounts that may be approved annually by the Legislature for transfer from the PSCO Fund to the PSFA Operating Fund for administration and oversight of PSCOC projects and carrying out duties pursuant to the Public School Capital Outlay Act.

Lease Payment Assistance Awards are amounts that may be approved annually for reimbursing school districts and charter schools for leasing K-12 facilities.

**Master Plan Assistance Awards** are amounts that may be approved annually for the state share of the cost of updating a school district or charter schools five year facility master plans.

**Project Encumbrance Needs** are amounts that may be approved annually for entering into contracts for the state share to adequacy for PSCOC awarded projects. Encumbrance needs are phase award estimates prepared and updated by PSFA on a

#### **Project Encumbrance Schedule Summary**

Amounts in the Schedule are the total state share phase award amounts grouped by award year and phase (Design & Construction). Funding needs are estimated by phase and across fiscal years based on project schedules. Phase amounts are derived from the Project Encumbrance Schedule Detail table. Phase award amounts and schedules are estimates prepared and updated by PSFA on a quarterly basis.

#### **PSCOC Financial Plan Definitions**

#### **Project Encumbrance Schedule Detail**

Amounts in the Schedule are the total state share phase award amounts grouped by award year and phase (Design & Construction). Design phases are indicated with the color yellow; construction phase(s) are indicated with the color green. Uncertified phases are indicated in italics. partially certified phases are indicated with italics and an asterisk (\*). Funding needs are estimated by phase and across fiscal years based on project schedules. Phase award amounts and schedules are estimates prepared and updated by PSFA on a quarterly basis.

Subject: RE: Deming HS progress

Supt. Moore,

Thank you for setting up the teleconference this morning. We discussed the potential of the PSCOC reverting the current HS Award and inviting the district to re-apply in the 2013 cycle that begins in March. You believe that this would not be in the

I understand that along with your Board and other community leaders you will complete a timeline of expectations and ask folks to submit their written support to the PSCOC for their consideration at their January 10<sup>th</sup> meeting. This timeline will include completion of the FMP with the HS remaining at its present location, the month this year that the Board is expected to pass a bond resolution for the HS project, the expected month the election will take place, the expected design completion, the season the project is expected to start and the season expected to finish, and any other relevant information that will align expectations of the plan. You will get this information and material to me by the morning of January 8, 2013.

We will arrange a Skype connection to accommodate yourself, the Board President, Ted and other Deming folks to attend the PSCOC meeting, and your planner Marilynn Strube will physically present. I think the council want to hear that you and your team have overcome most of the obstacles that have hobbled the HS project and be made comfortable that your community leaders are committed to moving the project and current plan forward.

I and my staff are available to support you and yours in any way that we can.

With highest regards, Bob G.

Subject: FW: Deming HS progress

Supt. Moore,

I would like to join the meeting Wednesday, December 19<sup>th</sup> at 9:30AM (your mail says Dec. 18<sup>th</sup>). Please provide to me the correct Skype address and also a phone number that I can call into just-in-case.

I will need to know if the Board has passed a bond election resolution, current time tables, etc.. There is a strong potential that the PSCOC at their January 10<sup>th</sup> meeting will revert your award and invite you to apply again in this year's cycle which will complete awards no later than August of 2013. Please plan to attend the January PSCOC meeting.

With highest regards, Bob G.

Dr. HarvieleeMoore,

I am in Albuquerque until Wednesday afternoon. Sorry for the late response, but I have been on the road most of the day. Friday may be a good day to try if it will work. I would like to bring Mr. Travis Coker with me our new Regional Manager to meet the great staff at DPS. Let me know. Christmas? Already!

Importance: High

We will have a Construction Committee meeting this week, Wednesday, December 18, 2012, at 9:30 a.m. Would that be a good time for you? If you are not in the Deming area, we could try skype? If this date does not work, please let me know when you can meet. This is such a busy time, Jorge; I just cannot believe it is almost Christmas!

I look forward to hearing from you,

Harvielee

**Subject:** Deming HS progress

Dr. Harvielee Moore,

I wanted to follow up on my last email requesting a meeting with you to discuss Deming HS and Deming Public School's intent with this project. It looks like your project is up for review in January at the PSCOC meeting and they were requesting information about Deming's direction and progress with this project. Please give me a call or email me so that we can meet and get information together for the PSCOC meeting. Thank you.

Deming Public Schools
FACILITIES MASTER PLAN 2013 – 2018

3rd FMP Meeting
January 7th, 2013

## **AGENDA**

**District Mission Statement** 

FMP Partnership

State Participation in Deming Capital Projects

District Capital Project Funding History & Sources

Completed District Capital Projects

Review District Background Information

Discuss District Issues, Concerns & Needs

**High School Options** 

Survey Results

**Deming Schools Priorities** 

**Deming Schools Options** 

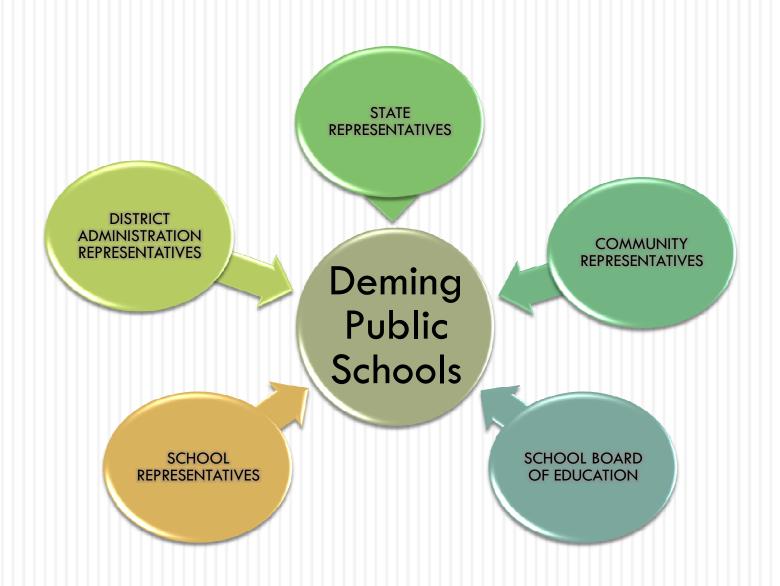

Deming Schools FMP Project Funding & Timeline

**FMP Schedule** 

### DISTRICT MISSION STATEMENT

The Board of Education, staff, and community join forces to provide a high quality, comprehensive education for all Deming Public Schools students so that they will have the opportunity to prepare themselves to become productive, responsible, and culturally enriched citizens allowing them to meet the challenges of an ever-changing, global society.

## **FMP PARTNERSHIP**

| ☐ DISTRICT PARTICIPATION IN APPROVED PROJECT | CTS: 27% |

## DISTRICT CAPTIAL PROJECT FUNDING HISTORY

Successful GOB Elections:

**Unsuccessful GOB Elections:** 

# DISTRICT CAPITAL PROJECT FUNDING SOURCES

**Current GOB Capacity:** 

\$20,089,260

A GOB election in 2013 for \$26,000,000 would NOT increase taxes.

# DISTRICT CAPITAL PROJECT FUNDING SOURCES

The Community has shown support of the District by approving all recent SB-9 elections.

SB-9 Funds are primarily used for maintenance / preventive maintenance and District equipment. These limited funds are necessary to meet the maintenance /preventive maintenance needs of the District and are not sufficient to meet the District's capital project needs.

The next SB-9 election will be held in February, 2013.

# COMPLETED DISTRICT CAPITAL PROJECTS: 2006 - 2012

| School Facility                     | Description       | Year |

# DISTRICT ISSUES, CONCERNS & NEEDS

#### **DISTRICT WIDE:**

Preventive / Regular Maintenance

#### Technology:

Infrastructure for future

Wireless connection everywhere in every school

Storage of devices

Power for devices

Increase electrical capacity throughout District

**UPS** in IT closets

Cooling in IT closets

Limited available Band Width

### **DISTRICT WIDE:** (continued)

Facilities that support Common Core Curriculum:

Flexible classroom space, Infrastructure for future

Team / Project Space & Storage

**Teacher Collaboration Space** 

STEM

Security: Surveillance cameras, card key access

Expansion of Typically Developing Pre-K program for all 4 year olds

Outdoor Learning Spaces at each School

Shade structures at each school

ADA accessible play grounds at each school

Sustainable Design Features: Energy Use, Material

Selection

District Construction Standards: refrigerated air

#### **DEPARTMENT NEEDS:**

#### Central Kitchen:

Upgrade HVAC in kitchen and dining area

Upgrade flooring in dining area

Upgrade loading dock

Increased freezer and cooler storage

Special Education Department: existing space does not meet needs of department, storage, meeting space

Instructional Space for Home Bound students

#### **Transportation:**

House in permanent facilities

Bus maintenance shop

**Fuel Dispensing Station** 

Canopy for District Fleet Vehicles

#### **Decommissioned Schools:**

**Old Columbus School:** 

4 classroom addition (Pre-K): Keep

Gymnasium:

Library:

12 Portables:

Original Building:

### Repurposed Schools:

Martin School:

Cesar Chaves Charter HS: 4 year lease

Smith School: Renovate

My Little School Program 1 year

Southwest Region Consortium: lease

**District Support Staff** 

#### **ATHLETICS:**

Adequacy of District Playgrounds

Amend soil at grass fields:

Chaparral ES

Memorial ES

Ruben S Torres ES

Columbus ES

High School:

Field house for Softball, Track, Cross Country,

Soccer & Visiting Football Teams

Replace 4 tennis courts

Lighting at High School Stadium

Update Sound System at HS Stadium

District Practice / Competition Fields

Baseball

Softball

Soccer

ATHLETICS: (continued)

Red Mountain Middle School
Lighting at Red Mountain Stadium
Field House
Additional Bleachers / Press box
Concession Stand / Restrooms

#### MY LITTLE SCHOOL:

Renovate entry / reception for security
Install a French drain in interior courtyard

#### **BATAAN ES:**

Evaluate / balance HVAC system
Enlarge freezer and cooler storage and install system
alarm alert software
Install HVAC in IT closet

#### **BELL ES:**

ADA Accessibility issues: south side parent loading zone

Provide serving kitchen with increased storage for food service equipment, cafeteria seating and stage Replace VCT floors in the Multi-Purpose room, halls and some rooms

Redesign Bus Drop off / pick up for safety

Replace roof

Replace carpet with VCT

Upgrade Parking lot lighting

Restrooms and access to water for Pre-K

Replace some exterior doors

Replace windows

Remove Portables

Insulate exterior walls

#### **CHAPARRAL ES:**

ADA access to the gym

ADA access cafeteria

Replace HVAC

Redesign Bus Drop off / pick up for safety

Provide warming kitchen

Insulate Building Envelope

Remove concrete ramp at serving line

Create Vestibules at exterior doors

Upgrade restrooms to ADA

Landscape both courtyards

Provide second egress for Instructional Leaders office

School is at Capacity

Expand front offices

#### **COLUMBUS ES:**

Repair landscaping sprinkler system

**HVAC** in IT Closets

Wireless throughout school

**UPS Power Protection** 

Install water system for outdoor learning space

Outdoor storage for hazardous materials

Over Capacity: need additional classrooms

Additional Spectator Seating at Gym

General Storage

Canopies for Play Equipment

Move 6th grade to Deming

#### **MEMORIAL ES:**

Hall floor/wall connection needs work at ceramic tile baseboards

Toilet room floors need tile replaced Provide UPS Power protection for IT Provide Wireless Connection throughout school Provide shade structure for outdoor playground equipment

#### **RUBEN S TORRES ES:**

Provide additional freezer and cooler storage
UPS Power protection for IT
Wireless Connection throughout campus
Expand outdoor learning space
Install green house with natural gas and electricity
Install snake fencing entire perimeter of campus

#### **DEMING INTERMEDIATE SCHOOL:**

Replace existing facility

**Provide Music Room** 

ADA accessibility

Redesign bus drop off / pick up area

**Upgrade HVAC** 

Upgrade asphalt area

Upgrade technology

Upgrade electrical

**Basement leaks** 

Install outdoor learning space with tables and benches Install additional parking

#### RED MOUNTAIN MIDDLE SCHOOL:

Wireless Connection throughout school
P.E. equipment storage
General school storage
Re-coat running track surface
Field lighting for football field
Upgrade surveillance cameras
Ventilate IT Closets

# DEMING CESAR CHAVEZ CHARTER HIGH SCHOOL:

Security system

**Exterior lighting** 

Install Split system HVAC for server room

Replace HVAC system except for offices

Replace existing basketball courts; move closer to school

#### **DEMING HIGH SCHOOL:**

#### **MAIN CAMPUS:**

Phased Renovation / Replacement of Campus

Special Ed severe and profound classroom

Life skills area

STEM instructional space

Robotics Lab

Improve Campus Security

New science laboratories

Casework replacement

Renovate Kitchen

Increase internet band width

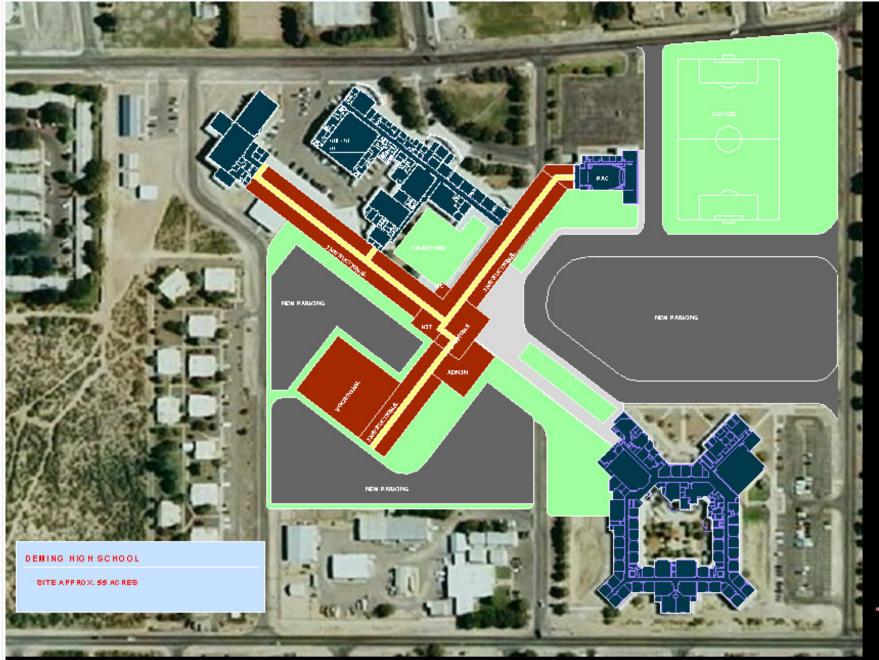

Ag Program Facilities

#### **DEMING HIGH SCHOOL:**

**Hofacket Campus:** 

Resurface north asphalt parking lot
Needs larger freezer and cooler, kitchen equipment,
dish washing machine
New internet wiring
Increase size of classrooms
Refinish exterior stucco

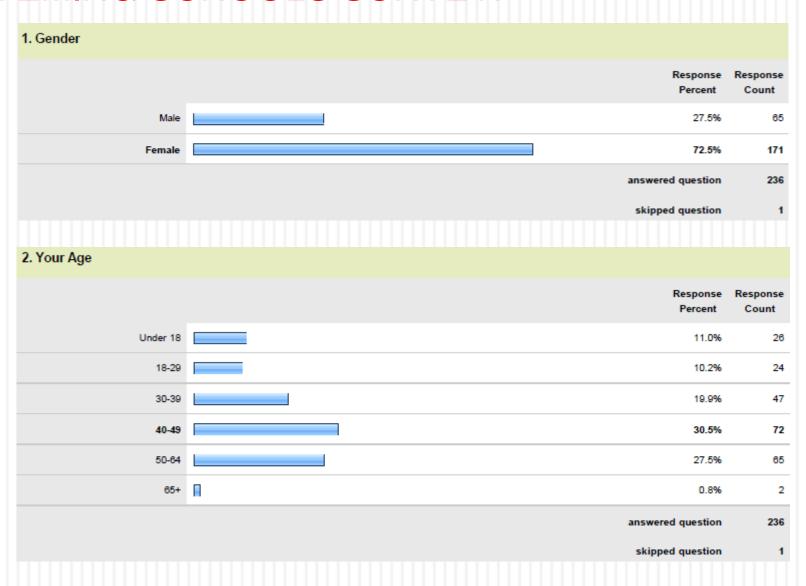

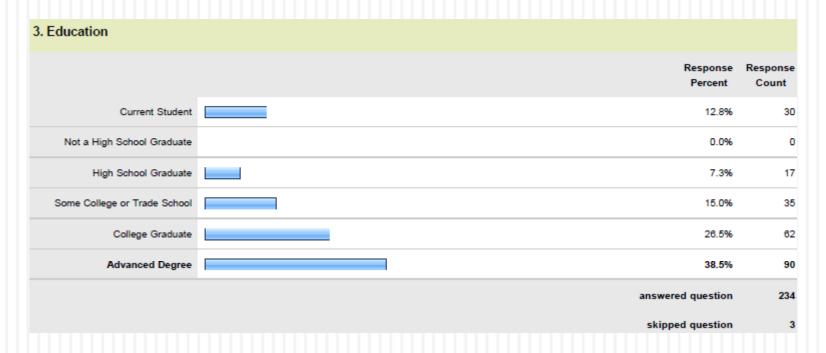

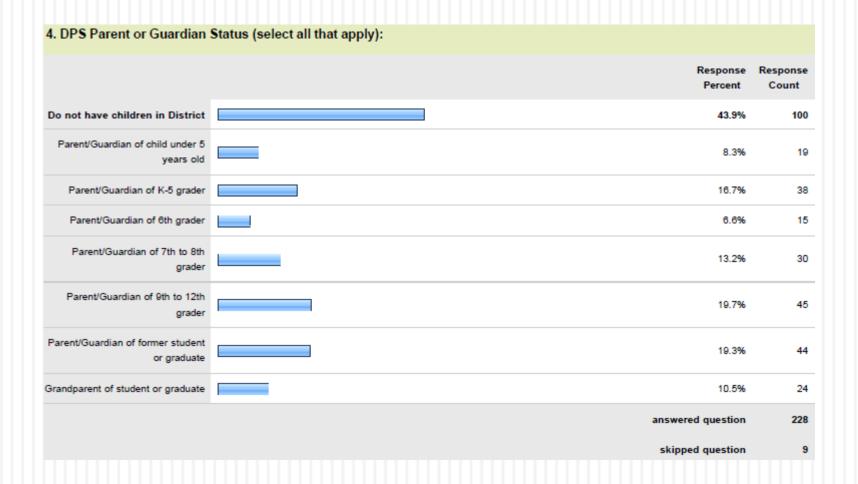

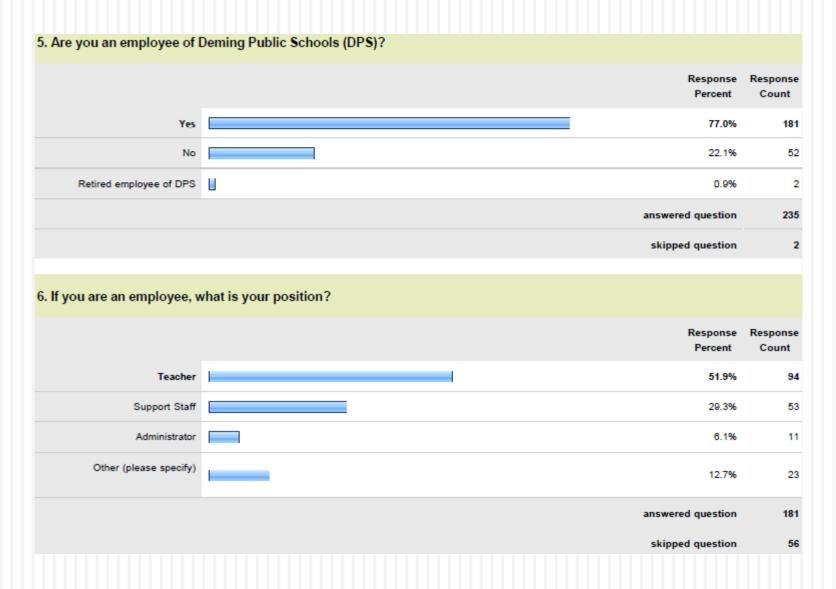

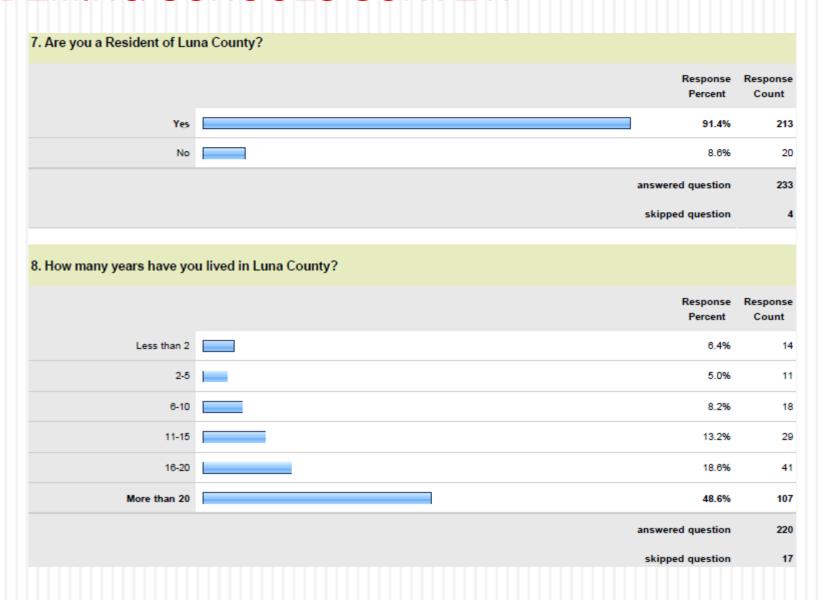

### **DEMING SCHOOLS SURVEY:**

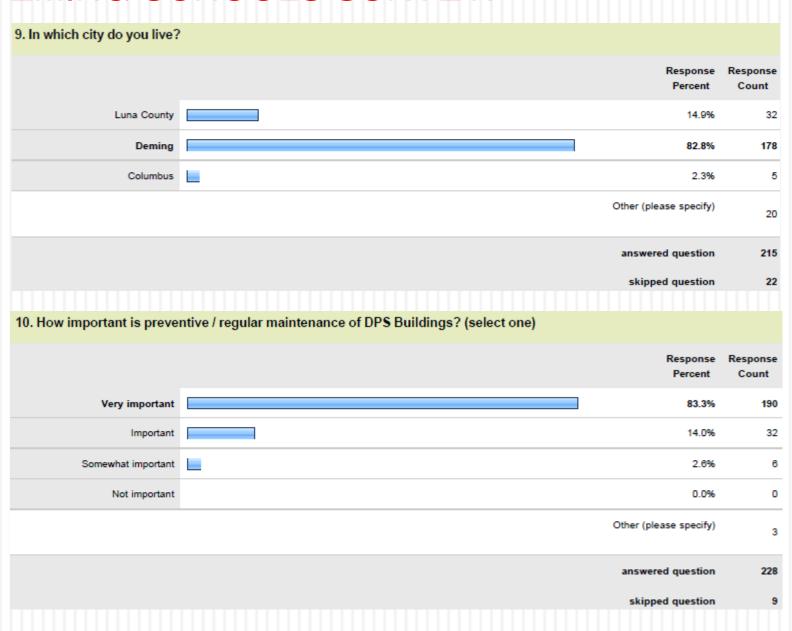

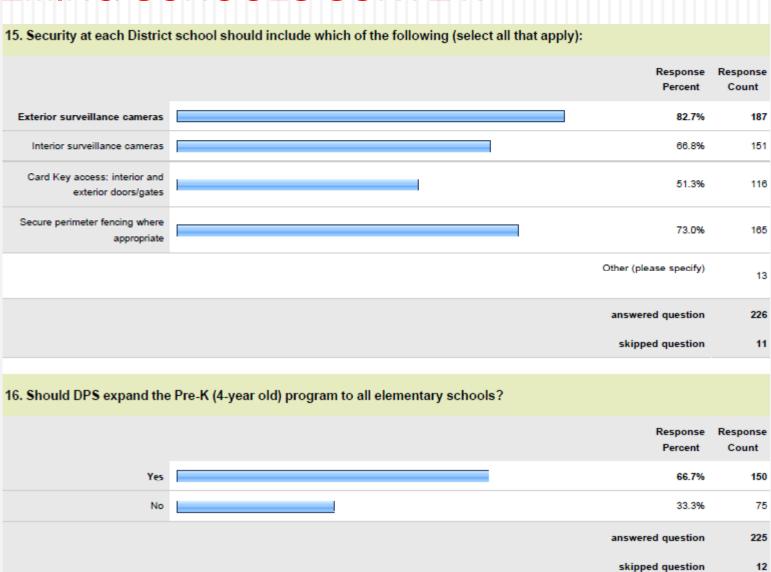

| EMING SC                      | HOOLS SURVEY:                                 |                        |                   |

| Page 2, Q10. How important is preventive / regular maintenance of DPS Buildings? (select one) |   |                       |
|---|---|-----------------------|
| 1   | Its for the safty of our students   | Nov 14, 2012 3:00 PM  |
| 2   | Student safety is a priority. I work in the oldest building in the district and I have fallen at least 3 times due to the sidewalk or pit falls on the grounds. One of my strudents broke a leg after stepping into a pit on the grounds. | Nov 14, 2012 12:58 PM |
| 3   | Beyond important!   | Nov 6, 2012 10:11 AM  |

| Page 2, Q11. How important is it for DPS to provide technology for student success? |   |                       |
|---|---|-----------------------|
| 1   | It is imperative with the CCSS assessments in 3 years that EVERY student have access to technology as they will be required to test online in 2015.   | Nov 26, 2012 11:52 AM |
| 2   | In the technology world we live in, our students need to be able to keep up with all the newest technology systems.   | Nov 15, 2012 9:07 AM  |
| 3   | Our students will be at a serious disadvantage over other students from other areas who have this advantage of up to date technology  | Nov 15, 2012 8:34 AM  |
| 4   | This is the way of the present for careers and work. You can't even get a job at a store if you can't use a calculator. The time is now to get students updated, fluent, and actively utilizing technology. | Nov 14, 2012 12:58 PM |

| Page 2, Q12. How important is it for DPS to provide up-to-date technology? |   |                       |
|--|---|-----------------------|
| 1  | Our students need tablets or some kind of device from which they can access the Internet and Ebooks.  | Nov 26, 2012 11:52 AM |
| 2  | This is very important if our studetns are going to be able to compete in a global society  | Nov 15, 2012 8:34 AM  |
| 3  | The world is a technology world and Deming Publice School are falling behind in Technolgy. Our student go off to coloege and stuggle because they don't get the education so they can compete with market | Nov 14, 2012 3:00 PM  |
| 4  | How can out students compete if they are not able to work on the most current technology?   | Nov 14, 2012 12:58 PM |

| to have | Page 2, Q13. All New Mexico Schools are mandated to implement Common Core Curriculum by the year 2013-14 school year. How important is it for DPS to have building features that support Common Core Curriculum such as flexible classroom space, team / project space & storage, teacher collaboration space, and spe   |                       |
|---------|--|-----------------------|
| 1       | What is very important is the teacher/student ratio. A classroom teacher with over 30 students, plus discipline issues cannot do her job. This situation does not provide an atmosphere conducive to learning-no matter how experienced and qualified the teacher is. This is also a travesty for the students who come to school to learn and have good behavior. | Nov 26, 2012 5:57 PM  |
| 2       | This is very important, but I feel that the District is completely disconnected with how to effectively train teachers to implement the CCSS and has no unified vision.  | Nov 26, 2012 11:52 AM |
| 3       | I can barely move around my room. Even Chris Favorito said there was very little space to move, Even Chris!  | Nov 26, 2012 11:24 AM |
| 4       | Without these features it will be hard to effectivly implement common core curriculum  | Nov 15, 2012 8:34 AM  |

| Page 2 | Page 2, Q14. How important is District-wide security?                   |                      |
|--------|---|----------------------|
| 1      | Close the High School Campus  | Nov 27, 2012 8:15 AM |
| 2      | We have already had a tragady at this school we don't need another one. | Nov 14, 2012 3:00 PM |

#### Page 2, Q14. How important is District-wide security?

3 A must have. Nov 6, 2012 10:11 AM

| Page 2, Q15. Security at each District school should include which of the following (select all that apply): |  |                       |
|--|--|-----------------------|
| 1  | should have sign in for anyone there enters building and thier buisness there stated.  | Nov 27, 2012 8:02 AM  |
| 2  | The codes should be called by their names and not by color!!!  | Nov 26, 2012 5:57 PM  |
| 3  | none   | Nov 26, 2012 2:09 PM  |
| 4  | whatever is most cost-affective  | Nov 26, 2012 12:09 PM |
| 5  | The high school NEEDS a closed campus.   | Nov 26, 2012 11:52 AM |
| 6  | There should be a camera in every classroom  | Nov 26, 2012 10:28 AM |
| 7  | Increased security personnel   | Nov 26, 2012 10:24 AM |
| 8  | closed campuses at high school   | Nov 26, 2012 10:20 AM |
| 9  | Closed campus at the high school   | Nov 25, 2012 2:07 PM  |
| 10   | Staff ID Badges for all buildings/employees  | Nov 16, 2012 7:52 AM  |
| 11   | Closed Campus  | Nov 15, 2012 6:24 PM  |
| 12   | computer and phone security  | Nov 14, 2012 12:58 PM |
| 13   | Staff on duty inside hallways of buildings as well as outside. Students roaming halls without supervision is asking for trouble. | Nov 13, 2012 6:58 AM  |

| Page 2, Q17. How important are outdoor learning spaces (gardens) at each school in the District? |  |                       |
|--|--|-----------------------|
| 1  | I do not have enough information on the significance of having "gardens" to make an informed decision. | Nov 26, 2012 11:31 AM |
| 2  | Hardly used- money could be used better else where   | Nov 26, 2012 10:30 AM |
| 3  | all students learn diferently  | Nov 15, 2012 8:34 AM  |
| 4  | They education to come up in Math and Language Art.  | Nov 14, 2012 3:00 PM  |
| 5  | For 4-H  | Nov 6, 2012 10:11 AM  |

| Page 2 | Page 2, Q18. How important are playground shade structures at each District school?                                  |                       |
|--------|--|-----------------------|
| 1      | no recesses no need for shades right?  | Nov 26, 2012 11:24 AM |
| 2      | They also need water/fountains and shade.  | Nov 26, 2012 10:22 AM |
| 3      | Here in the sun belt we have the highest rate of skin cancer it is important our students have shade to protect them | Nov 15, 2012 8:34 AM  |
| 4      | At this grade level I don't think it is needed.  | Nov 14, 2012 3:00 PM  |
| 5      | Good exercise areas with activities that keep student involved is better than just hanging out.                      | Nov 14, 2012 12:58 PM |

| _ | Page 2, Q19. How important is it to incorporate sustainable design features, which include infrastructure for alternative energy use and material selection, throughout the District facilities? |                       |
|---|--|-----------------------|
| 1 | Every school should be recycling. There is a lot of wasted paper, plastic bottles, and milk cartons that could be recycled.  | Nov 26, 2012 5:57 PM  |
| 2 | As we can afford it.   | Nov 26, 2012 10:22 AM |

| Page 2, Q20. Should District facilities include infrastructure for future alternative energy sources (solar, wind, etc.)? |   |                       |
|---|---|-----------------------|
| 1   | A huge windmill will pay for itself easy  | Nov 26, 2012 11:46 AM |
| 2   | Possibly newer facilities, I wouldn't agree to spend money on older buildings to have such upgrades.            | Nov 26, 2012 11:31 AM |
| 3   | Depends on the upstart cost and effectiveness for future  | Nov 26, 2012 11:24 AM |
| 4   | I need more information   | Nov 26, 2012 11:21 AM |
| 5   | If it is cost effective, yes it should be included.   | Nov 26, 2012 11:04 AM |
| 6   | as econimcally feasible-not at a sacrifice to programs  | Nov 26, 2012 10:48 AM |
| 7   | long term expense not worth it.   | Nov 26, 2012 10:30 AM |
| 8   | As we can afford it.  | Nov 26, 2012 10:22 AM |
| 9   | IF it can be done in a cost effective way, yes  | Nov 16, 2012 7:52 AM  |
| 10  | This could also became a class it is impotant for student to learn how save the earth.                          | Nov 14, 2012 3:00 PM  |
| 11  | But at slow steady pace. This is something that could be implemented over a number of years.                    | Nov 13, 2012 8:12 AM  |
| 12  | Maybe depending on what the alternative would be.   | Nov 13, 2012 6:58 AM  |
| 13  | If reasonable and affordableand only if, once in place, they can be maintained at minimal to reasonable expense | Nov 11, 2012 7:03 PM  |

| Page 2, | Q21. Should the District develop construction standards to standardize building systems and materials? |                       |
|---------|--|-----------------------|
| 1       | don't know   | Nov 27, 2012 1:51 PM  |
| 2       | not sure   | Nov 26, 2012 1:05 PM  |
| 3       | there are state construction standards in place already  | Nov 26, 2012 10:44 AM |
| 4       | using higher quality materials than what were used in the construction of the newer schools            | Nov 26, 2012 10:31 AM |
| 5       | if everything is the same fewer parts less spent on specialty parts and equipment                      | Nov 26, 2012 10:30 AM |
| 6       | Not sure.  | Nov 26, 2012 10:22 AM |
| 7       | IF it would save money in the long run and be good quality   | Nov 16, 2012 7:52 AM  |
| 8       | Buildings should meet the needs of the student which may vary.   | Nov 15, 2012 6:24 PM  |
| 9       | This should be left up to the experts in this field.   | Nov 14, 2012 3:02 PM  |
| 10      | Vague  | Nov 14, 2012 12:56 PM |
| 11      | Not necessarily  | Nov 13, 2012 6:58 AM  |
| 12      | Aug. Gyms  | Nov 6, 2012 10:11 AM  |
| 13      | Aux. Gyms / Wrestling Room   | Nov 6, 2012 10:05 AM  |

| Page 2, | Q22. How important are vocational education programs and facilities at Deming High School?  |                       |
|---------|---|-----------------------|
| 1       | in a rural commuinty this is very important   | Nov 27, 2012 8:02 AM  |
| 2       | Not all students should "have to" attend college, if their interests are elsewhere.   | Nov 26, 2012 1:17 PM  |
| 3       | A number of students are lost each year because of limited access to courses that will provide them with a way to make a living out of high school. | Nov 26, 2012 10:34 AM |
| 4       | DPS does not focus enough on the students not attending college   | Nov 16, 2012 1:56 PM  |
| 5       | College is not for every student, we need vocational education to help provide future jobs that are very much in need.                              | Nov 15, 2012 9:07 AM  |
| 6       | Not all students go on to college but all students need job skills  | Nov 15, 2012 8:34 AM  |
| 7       | If we had vocaional eduction program that would prepar our student if they decide not to go to college.   | Nov 14, 2012 3:00 PM  |
| 8       | Not all students are college bound. We need programs that will prepare them for jobs to support themselves and families.                            | Nov 13, 2012 6:58 AM  |

| Page 2 | Page 2, Q23. How important is a field house for softball, track, cross country, soccer & visiting football teams?   |                      |
|--------|---|----------------------|
| 1      | All teams and sports are equally important, not just football.  | Nov 26, 2012 2:53 PM |
| 2      | A field house for visiting teams is very important because the locker rooms at Deming Intermediate are very poor quality and run down. But if a new field house is built, it should be used for the Visiting Team AND other varsity level sports at DHS like track, cross country, softball etc they could share. | Nov 15, 2012 9:20 AM |
| 3      | This is very necessary, These sports keep the kids more interested in school and these facillities are needed.  | Nov 15, 2012 9:07 AM |
| 4      | Especially for visiting teams. If one was built, then the track team and other could use the "visiting" fieldhouse when not in use.   | Nov 13, 2012 8:12 AM |
| 5      | Equipment, locker rooms   | Nov 6, 2012 10:14 AM |

|    | I can't answer these questions due to now having any student participation in these activities, but what happened to cheer                         | Nov 29, 2012 3:06 F |
|----|--|---------------------|
|    | activities?  |                     |
| 2  | Cheer leading??????  | Nov 27, 2012 8:54 F |
| 3  | Many of our school fields are in need of major improvements.   | Nov 26, 2012 2:04 F |
| 4  | We don't have a swim team during the school year.  | Nov 26, 2012 11:52  |
| 5  | We have lots of kids who would benefit from a pool/team  | Nov 26, 2012 11:24  |
| 6  | Where is dance and cheer. They also are competitve sports.   | Nov 26, 2012 11:10  |
| 7  | I feel all non-coursework athletics, including football, should be done through boosters and at the same level of support as non-sports activities | Nov 26, 2012 10:31  |
| 8  | We need our own facilities and not rely on the city/county.  | Nov 25, 2012 2:07 F |
| 9  | yes, students need these opportunities!  | Nov 16, 2012 6:07 F |
| 10 | What about fine arts like choir, orchestra, art  | Nov 16, 2012 7:52   |
| 11 | Are you asking if the sport is important or that the fields meet the needs of the sport?   | Nov 15, 2012 6:24 F |
| 12 | Swimming is not offered at DPS for students. It should be!   | Nov 15, 2012 9:20 A |
| 13 | without sports, we would have many more drop outs.   | Nov 15, 2012 9:07   |
| 14 | If we are making use of the city pool the swimming facility meets the needs of our community.  | Nov 14, 2012 3:02 F |
| 15 | The soccer field is in terrilbe shape and students are continually getting injured because the field is in such poor condition.                    | Nov 14, 2012 12:56  |
| 16 | What are the needs of DPS? Question was vague  | Nov 14, 2012 12:56  |
| 7  | I think swimming woudl be a great asset to DPS. At this time, we offer no competitive swimming.  | Nov 13, 2012 8:12   |

#### Page 2, Q24. Do these competitive sports and/or athletic fields meet DPS needs?

19 We need a swim team and pool.

Nov 6, 2012 10:14 AM

| Page 2, | Q25. Rate the physical condition of the District playgrounds:  |                       |
|---------|--|-----------------------|
| 1       | The k-2 playground netting is coming up and is dangerous to staff and students so it needs to be repaired.   | Nov 29, 2012 3:06 PM  |
| 2       | Do the High School and Deming Cesar Chavez have playgrounds?   | Nov 26, 2012 5:57 PM  |
| 3       | The playground is not level at all needs to be redone.   | Nov 26, 2012 2:25 PM  |
| 4       | Though maintenance does what it can, the fields are in need of a remake.   | Nov 26, 2012 2:04 PM  |
| 5       | RST needs a serious makeover on the playground/grass area  | Nov 26, 2012 11:46 AM |
| 6       | Again, no recesses do we need playgrounds? I think so my students need recess they are burned out by end of day.   | Nov 26, 2012 11:24 AM |
| 7       | The grounds need to be grated & maintained there are tons of holes which are dangerous for the kids. Every school needs a shade cover due to the hot conditions  | Nov 18, 2012 10:18 AM |
| 8       | DMS 1st floor girls bathroom is a health hazard, no way to wash hands effectively  | Nov 16, 2012 7:52 AM  |
| 9       | All DPS scholls have had upgrades and other projects except at Deming Intermediate school. The school grounds have been upgraded with new foliage. However, since there is no cafeteria on site, the students have to use the Central Cafeteria playground. It is unsafe. The concrete/sidewalks are old, cracking, falling apart There are holes in the fencing. Its like a thrid world country over there. | Nov 15, 2012 9:20 AM  |
| 10      | Deming Intermediate is very old and in need of a major facelift.   | Nov 15, 2012 9:07 AM  |
| 11      | Deming Intermediate needs more shade.  | Nov 14, 2012 3:02 PM  |
| 12      | Students should be kept off the soccer fields during lunch time at DHS or there needs to be another field built just for soccer.   | Nov 14, 2012 12:56 PM |
| 13      | High School lacks a lot, a well as intermediate.   | Nov 6, 2012 10:14 AM  |

| 1  | possibly   | Nov 27, 2012 12:59 P |
|----|--|----------------------|
| 2  | Having a new school would not improve student scores!  | Nov 27, 2012 8:15 Al |
| 3  | To a certain extent it may, but I teach in Columbus and when we were at the old school my students received a better education than what they are receiving now. Curriculum and other issues affect a student's education more than the condition of the school. | Nov 26, 2012 5:57 PI |
| 4  | If the physical conditions dont meet the academic requirements, such as technology facilities, students don't get those needs meet. However, the facility should not affect the quality as far as teacher abilities is concerned.                                | Nov 26, 2012 2:53 P  |
| 5  | This is extremely important  | Nov 26, 2012 2:36 P  |
| 6  | In the area of technology, students of DPS are lacking.  | Nov 26, 2012 2:04 P  |
| 7  | Students do better at RMS, especially after coming from DiMS   | Nov 26, 2012 1:51 P  |
| 8  | The high school needs to update facilities to meet the technology needs of all students.   | Nov 26, 2012 11:52 A |
| 9  | Some exceptions may be applicable, i.e mold or water leak but overall no.  | Nov 26, 2012 11:31 A |
| 10 | Yes, if it looks like it is falling apart is that encouraging to a child?  | Nov 26, 2012 11:24 A |
| 11 | Not entirely, but it does.   | Nov 26, 2012 11:24   |
| 12 | It sets the tone   | Nov 26, 2012 10:48 A |
| 13 | Without the technology some of the buildings are missing, students are missing out on learning opportunities.  | Nov 26, 2012 10:29   |
| 14 | Physical condition only affects education when it the building cannot provide adequate heat, air conditioning or lighting.   | Nov 20, 2012 8:29 A  |
| 15 | absolutely!  | Nov 16, 2012 6:07 F  |
| 16 | Under extreme circumstances.   | Nov 15, 2012 11:48   |
| 17 | Student need to be proud of how their school looks inside & outside.   | Nov 15, 2012 11:04   |

| Page 2, | Q26. Does the physical condition of a school affect the quality of student education?  |                      |
|---------|--|----------------------|
|         | ignored by the district. When I went there, it looked exactly the same!  |                      |
| 19      | If it limits, interferes, is outdated and/or unhealthy   | Nov 14, 2012 4:50 PM |
| 20      | HOT OR COLD CLASSROOMS/TECHNOLOGY  | Nov 14, 2012 8:50 AM |
| 21      | Absolutely. Think about all our elementary students They come from NEW or REMODELED schools into an old antiquated building that is denied attention from the district. I think that is a disservice to them.  | Nov 13, 2012 8:12 AM |
| 22      | It depends on if it affects the safety of the student. If it is just to make the school look better no.  | Nov 13, 2012 6:58 AM |
| 23      | YesIF the facility is unhealthy, old and serves as a barrier to educational opportunities for our students and provides inequitable access to the tools and resources that other schools in the District have and provides for theirs. (An example-Technology for teaching and learning available in our new and newly/recently renovated Elementaries and Red Mountain Middle School vs. the technology for teaching and learning available to our 6th grade and high school students and teachers) | Nov 11, 2012 7:03 PM |
| 24      | Students seem to perform better in an environment that they are proud of   | Nov 9, 2012 1:33 PM  |
| 25      | Definitely   | Nov 6, 2012 10:14 AM |

| 1 | For MLS especially the Smith Campus site. For Columbus we are outgrowing the facility already.   | Nov 28, 2012 7:07 A  |
|---|--|----------------------|
| 2 | Technology is needed!  | Nov 26, 2012 2:04 P  |
| 3 | The classrooms at Hofacket are small, and it is difficult to move around the classroom when you have 30+ students.   | Nov 26, 2012 11:04 A |
| 4 | Split campus makes it difficult to rate My Little School   | Nov 15, 2012 6:24 P  |
| 5 | All schools including DHS have either been remodeled or are new. EXCEPT DEMING INTERMEDIATE which is the OLDEST and needs the most attention.  | Nov 15, 2012 9:20 A  |
| 6 | Deming Intermediate is not up to code in many areas. The side walks and walk through are not handicap accessable. Many bathrooms are not for handicaps. The ceilings are falling apart, It leaks everytime it rains.   | Nov 15, 2012 9:07 A  |
| 7 | Cesar Chavez (Martin) was vacated in order for RST to be builtDo not feel that it would be in the best interest of the district to pursue renovation/improvements to that campus due to the fact that the public (aka voters) might question prior decisions, motive, etc.   | Nov 14, 2012 4:50 F  |
| 8 | Intermediate and High School need attention NOW. Especially Intermediate. The High School has had some work done to it; but Intermediate has not! The front part of the building is cracking and fast! You can see the structural damage from the front porch. There are many MANY structural and other issues at Intermediate.  | Nov 13, 2012 8:12 A  |
| 9 | Deming Intermediate School's condition is the worst in the District. It is the oldest school in the District and has had minimal improvements when compared to all of the other schools in DPS. Paint and landscaping are nice touches this year but it saddens me to see what my children have done without when compared to their elementary schools and to Red Mountain Middle School. I would rank the High School second when considering current conditions as it has had a 6 million dollar renovation and other improvements completed in recent years. No improvements and no money should be spent on Martin Elementary or Smith Elementary because DPS said they weren't good enough and had to build Torres. Why, then are they good enough for charter school and preschool students today and why has the District continued to spend tax payer money on schools that were closed? | Nov 11, 2012 7:03 F  |

|    | , Q28. Would it better serve the students to keep the high school at the existing site and renovate / the existing buildings as<br>new high school campus?  | s necessary or build an |
|----|---|-------------------------|
| 1  | Add on to exiting building  | Nov 27, 2012 2:46 PM    |
| 2  | renovating the current building is putting a bandaid on a cut thats needs ti be sewed up.   | Nov 27, 2012 8:02 AM    |
| 3  | It would depend on where the new High School would be built and what else would be affected by it.  | Nov 26, 2012 5:57 PM    |
| 4  | If this is the plan, stop spending money to make band-aid repairs. Get rid of the old buildings and use that land in the future for aditional school facilities. We don't need any more empty old buildings.                      | Nov 26, 2012 2:53 PM    |
| 5  | We need ONE building  | Nov 26, 2012 2:20 PM    |
| 6  | But NOT next to RMMS or Bataan, traffic is a major problem already for there to be another school in that area. Plus, it is too close to younger studetns to be around older ones.  | Nov 26, 2012 2:04 PM    |
| 7  | Dont know the condition of school   | Nov 26, 2012 2:04 PM    |
| 8  | More expansion room is definitely needed.   | Nov 26, 2012 1:17 PM    |
| 9  | not sure  | Nov 26, 2012 1:05 PM    |
| 10 | This depends of public opinion. It is true that the high school students need SOMETHING done to update and increase that which they have access to, but we will have to carefully consider what the public is willing to support. | Nov 26, 2012 10:34 AM   |
| 11 | Both  | Nov 26, 2012 10:31 AM   |
| 12 | The campus will need to be a closed campus and more compact.  | Nov 25, 2012 2:07 PM    |
| 13 | The current campus is excellent and a new building would be waste of tax resources.   | Nov 20, 2012 8:29 AM    |
| 14 | The location of the high school is ideal. I do not support building on the outskirts of town like previously suggested.   | Nov 18, 2012 10:18 AM   |
| 15 | unsure, like the location but a new building is needed  | Nov 16, 2012 6:07 PM    |
| 16 | Use DMS for office staff, not students, restore floors and historical features  | Nov 16, 2012 7:52 AM    |
| 17 | It is impossible to make the current site a closed campus and make it secure.   | Nov 15, 2012 6:24 PM    |

| _  | Page 2, Q28. Would it better serve the students to keep the high school at the existing site and renovate / the existing buildings as necessary or build an entire new high school campus?   |                       |
|----|--|-----------------------|
| 18 | If the building structure is in good condition WHY build a new school?   | Nov 15, 2012 11:04 AM |
| 19 | Moving capus from the current location is a rediculous idea. It is obvisously better for the high school to be at its current location. Any suggestion of moving campus is simply irresponsible. Rebuilding could happen at its current location if there is proper planning so that students could still attend school USE SUMMER MONTHS PROPERLY and this could be done. | Nov 15, 2012 9:20 AM  |
| 20 | NEED NEW INTERMEDIATE SCHOOL   | Nov 15, 2012 9:11 AM  |
| 21 | The current location of our HS is a good one but the building needs to be completely replaced.   | Nov 14, 2012 3:02 PM  |
| 22 | School renovated in 2003?  | Nov 14, 2012 12:56 PM |
| 23 | UndecidedMy decision will be determined when I know specifics.   | Nov 11, 2012 7:03 PM  |

| age 2 | Q29. Would you support the high school construction project by voting for a general obligation bond that will not increase   | e local taxes?       |
|-------|--|----------------------|
| 1     | if there were voctinal classes being added, I think the community would support a new school   | Nov 27, 2012 8:02 A  |
| 2     | Yes, dependent upon where the school would be built.   | Nov 26, 2012 5:57 P  |
| 3     | Voter in different county, but I would vote yes if I could   | Nov 26, 2012 2:38 P  |
| 4     | Do not vote here   | Nov 26, 2012 2:37 P  |
| 5     | If the school was not going to be built next to RMMS or Bataan   | Nov 26, 2012 2:04 P  |
| 6     | I would support an increase in taxes   | Nov 26, 2012 11:24 A |
| 7     | As long as the contractors/architects for the last batch of schools were NOT used  | Nov 26, 2012 10:31 A |
| 8     | not in this economy  | Nov 26, 2012 10:25 A |
| 9     | if such projects are proposed - inform the public of all intentions - do not try to hide information like the last time. this compromised the trust between public and school admin and that is why it did not pass! | Nov 26, 2012 10:20 A |
| 10    | All Bonds increase taxes be it directly or indirectly.   | Nov 20, 2012 8:29 A  |
| 11    | no such thing  | Nov 20, 2012 8:02 A  |
| 12    | Not sure   | Nov 16, 2012 7:52 A  |
| 13    | However, if Deming Intermediate is not put on the FRONT BURNER I will not support any measure. DMS is PRIORITY 1.  | Nov 15, 2012 9:20 A  |
| 14    | I will make that decision when I see the final plan.   | Nov 14, 2012 4:50 P  |
| 15    | Deming intermediate school is in worse condition than the high school!   | Nov 14, 2012 2:41 P  |
| 16    | Depending upon the plan and whether or not I feel that ALL facilities currently in need of improvements are addressed equitably  | Nov 11, 2012 7:03 F  |
| 17    | Not under current administration   | Nov 9, 2012 1:19 P   |

| Page 2, Q30. Would you support the District's capital projects by voting for a general obligation bond that will not increase local taxes? |  | taxes?               |
|--|--|----------------------|
| 1  | But I do not think most people would vote for it   | Nov 27, 2012 4:01 Al |
| 2  | I could only support district projects if I knew ahead of time what they were and if there was a guarantee in place about other issues that I feel are priority.   | Nov 26, 2012 5:57 P  |
| 3  | Voter in different county, but I would vote yes if I could   | Nov 26, 2012 2:38 P  |
| 4  | Do not vote here   | Nov 26, 2012 2:37 P  |
| 5  | If the school was not going to be built next to RMMS or Bataan   | Nov 26, 2012 2:04 P  |
| 6  | I would support an increase in taxes   | Nov 26, 2012 11:24 A |
| 7  | Not sure.  | Nov 26, 2012 10:22 A |
| 8  | All Bonds increase taxes be it directly or indirectly.   | Nov 20, 2012 8:29 A  |
| 9  | no such thing  | Nov 20, 2012 8:02 A  |
| 10   | Deming Intermediate is in extremely poor condition. Action is needed immediately. This cannot be ignored by the district any longer.   | Nov 15, 2012 9:20 A  |
| 11   | I will make that decision when I see the final plan.   | Nov 14, 2012 4:50 P  |
| 12   | It would make no sense to relocate our high school. The current campus location is PRIME space and obviously a great location for the community. Remodeling could be done in stages to keep the campus where it is now. Moving campus would be a BAD IDEA. Deming Intermediate school, in my opinion, is priority #1 since it has not recieved any attention from the district. Except for a roofing project and SOME new windows. | Nov 13, 2012 8:12 A  |
| 13   | Depending upon the plan and whether or not I feel that ALL facilities currently in need of improvements are addressed equitably  | Nov 11, 2012 7:03 P  |

| 1 | Increased SPED staff, and resources for teachers and students of special education to better serve this population.   | Nov 30, 2012 11:38  |
|---|---|---------------------|
| 2 | Internet and digital technology access need to be a priority.   | Nov 28, 2012 5:52   |
| 3 | Every room needs a projector or large television screen and a decent sound system that is user friendly.  | Nov 28, 2012 9:45   |
| 4 | Not using old buildings that are no longer safe for other students to now house students at MLS. Moving all Sixth grade students to the Intermediate school together to avoid overcrowding elsewhere.   | Nov 28, 2012 7:08   |
| 5 | N/A   | Nov 27, 2012 2:47   |
| 6 | Deming Intermediate Ceasar Chavez   | Nov 27, 2012 1:52 I |
| 7 | There should be a virtual learning room at each campus for conference calls that integrate web cams for trainings, meetings and even classes online.  | Nov 27, 2012 1:02   |
| 8 | before plan is approved they should have input from teachers or people that will utilize the building and the safety board some of the new buildings were built and space wasted and security not considered. Also the fire Dept and Law enforcement should be part of it they are the ones that have to respond if something happens and we have to many blind spots in the school.  | Nov 27, 2012 8:27   |
| 9 | Chaparral is in need of new HVAC systems; Insulation in the ceilings Need upgrade on Classroom projection systems to include SOUND - we have no sound at present Remodeling of Gym, Cafeteria & Office area We need a conference room near the front entrance for Parent Meetings Hall Floors are embarrassing. The tile looks really bad. Playground needs an overhaul - Need better equipment and shade structures badly. We have 2 courtyards that are hard to maintain and on is unusable - no safe Emergency exits from them to meet fire codes. | Nov 27, 2012 6:38   |
| 0 | Alternative school should be larger given the popularity of students. Also, cooperation with WNMU dual classes space and transportation issues.   | Nov 27, 2012 4:04   |
| 1 | It would be nice if district staff members had more input in the specifics. We are asked to answer survey questions, but we are not asked to give specific suggestions.   | Nov 26, 2012 6:01   |
| 2 | Make sure that each facility has adequate security both faility and manpower.   | Nov 26, 2012 3:35   |
| 3 | Increased size and number of computer labs, and of classroom computer space. Larger elementary gymnasiums, larger cafeterias, more and larger fine arts space/facilities, larger libraries, dedicated parent/volunteer work spaces, larger health facilities (to be used as family medical clinics), larger parking areas. If we can't go large, then let us have a greater   | Nov 26, 2012 3:09   |

|    | number of smaller schools. Build enough elementary schools to have no more than 300 students each. How about K-3 schools and 4-6 schools? How about giving Columbus their own 7-12 school (still a part of DPS)? How about year-round school? How about 195 student days? How about some multi-age classrooms? |                    |
|----|--|--------------------|
| 14 | Focus on academics (the basics - reading, math and language) first. Student discipline needs to come in second.  | Nov 26, 2012 2:59  |
| 15 | The Tech building is quite old and could use an update. To have a good school the school needs to be updated as well the the outside help the school needs such as the Techs building and those who administer help to the schools.  | Nov 26, 2012 2:54  |
| 16 | Classroom size, areas for support staff to treat children  | Nov 26, 2012 2:44  |
| 17 | A new High School is needed for Deming, we need to look at the new construction done in Las Cruces for Centennial High School. If we are serious about educating our students for the future then we need a school that will get them there. One that meets the needs of our community and of our students.    | Nov 26, 2012 2:44  |
| 18 | Special ed classrooms should have bathrooms and sinks and plenty of storage space.   | Nov 26, 2012 2:38  |
| 19 | Larger classroom sizes, more technology including computers in every high school classroom.  | Nov 26, 2012 2:37  |
| 20 | Teacher accessmake sure that teachers are able to get into the buildings after hours.  | Nov 26, 2012 2:27  |
| 21 | accessability for students with disabilities   | Nov 26, 2012 2:23  |
| 22 | Resource Room for SPED students at DMS is needed.  | Nov 26, 2012 2:17  |
| 23 | none   | Nov 26, 2012 2:09  |
| 24 | Possible indoor swimming pool that could be used by the public on certain occasions  | Nov 26, 2012 1:18  |
| 25 | Academic Courses related to the Common Core strands  | Nov 26, 2012 12:25 |
| 26 | The High School needs to have boundaries in place for closed campus  | Nov 26, 2012 12:22 |
| 27 | Closed Campus  | Nov 26, 2012 12:06 |
| :8 | More space for research and student interaction is needed; adequate lighting in all areas inside and out; appropriate intercoms and sound systems throughout the district as needed for productivity and quality for all schools, activities and students;   | Nov 26, 2012 11:54 |

| working cafteria at each school site. The packaged breakfasts served to the students are full of sugar, sodium, and alories.  leed safety video camera system for all schools  the field house needs are for girls sports and is a Titile IX issue. The question in the survey seems to lead people to think the need a new field house for the activities mentioned. This structure would be for girls only and visiting football teams.  arger rooms for high school, for Hofacket Campus mainly! Kids are getting big and the room and desk size need to improve.  sust because we could build "new" buildings doesn't necessarily mean we should. Bussing to the outskirts would cost a mail fortune for the kids who currently walk just to burn gas to get highschoolers to a brand new building does not seem logical when monies are so tight. | Nov 26, 2012 11:51 Al<br>Nov 26, 2012 11:47 Al<br>Nov 26, 2012 11:45 Al<br>Nov 26, 2012 11:41 Al<br>Nov 26, 2012 11:32 Al  |

|    | teachers are not spending enough time with them. Come up with a different plan for trainings that does not take away   |                      |
|----|--|----------------------|
|    | from instructional time. Another concern is Educational Assistants. Why do the K-2 classrooms have EA but not 3-5. It would help a teacher out tremendously to have EA's in the classrooms. Building Issues: There needs to be bigger classrooms. There is not enough space in classrooms anymore for students, staff, PED visitors and our curriculum materials all at once. Improve the classroom sizes.   |                      |
| 44 | Parent involvement is minimal having building infrastructure specific to parent outreach (library/workshop space, etc.) would be helpful.  | Nov 26, 2012 10:34 A |
| 45 | more vocations offered.  | Nov 26, 2012 10:33 A |
| 46 | Teachers should have the ability to control the heat and the cooling within their classroom. All classrooms should be equipped with projectors and retrackable projector screen and large windows for natural light.   | Nov 26, 2012 10:29 A |
| 47 | Meeting safety concerns in all classroomssafety showers in science rooms, more than one door as an escape route, continued inspections that ensure schools are up to code, etc. Stronger technology supporteither more computer labs or more laptop/netbooks/tablets in the classrooms.  | Nov 26, 2012 10:27   |
| 48 | Career tech needs more space.  | Nov 26, 2012 10:25   |
| 49 | Deming Intermediate School is the building in worse shape than any other in DPS. It should be first on the list for replacement or renovation.   | Nov 26, 2012 10:25   |
| 50 | There will be a strong emphasis on teaching skills with technology with the new Common Core Standards. NOT all elementary classrooms have technology in the classrooms. IE: I teach third grade and have NO laptops for my students to use and teach technology skills. Other third grade classes have these laptops and are teaching computer skills. My students are at a definite disadvantage. I would guess other classrooms in the district are in the same situation. | Nov 26, 2012 10:24   |
| 51 | Better computer labs and up to date software! Graduation requirement that all students take at least one computer technology course! All students should know how to type by the time they enter high school!  | Nov 26, 2012 10:24   |
| 52 | cafeterias to support student body - close campuses / keep campuses closed   | Nov 26, 2012 10:22   |
| 53 | A new campus/school for Deming Intermediate School. The school is in very poor quality and is very out of date i.e. bathroom sinks do not work which is very unsanitary, builing is very old and not to code and building technology is very limited which effects student performance and learning negatively.  | Nov 25, 2012 5:01 F  |
| 54 | N/A. The high school and DIS are the biggest concerns at this point in time.   | Nov 25, 2012 2:08 I  |

| 55 | Implement year round school for all schools!! This is something that all students need to help raise the school scores and  | Nov 24, 2012 9:50 F |
|----|---|---------------------|
| ວວ | student test scores as well as attendance!! Implement 4 ten hour days possibly to cut overall costs thus eliminating half days. In service days or district training could be done on Fridays or Mondays  | NOV 24, 2012 9.50 F |
| 56 | Schools should be safe, clean, and comfortable for the kids to achieve their best New technology and a clean healthy environment should be at the top of the list   | Nov 23, 2012 9:13 F |
| 57 | academic - get theses children to learn reading language and math AT AN EARLY STAGE   | Nov 20, 2012 8:03 A |
| 58 | More focus on students needs and flexibility rather than administration. Safer and less demeaning facilities with consequences for bullies and students who do not want to be in school. The continual focus on test scores and school ratings demeans our students and does not address their individual needs. Teachers get bogged down in paperwork and requirements rather than being able to focus their time and attention on our kids. Each child is an individual and more opportunities for online learning and less traditional methods need to be considered. Honor the children through actions not just words! | Nov 19, 2012 11:16  |
| 59 | Deming Intermediate school should be addressed. It is very advantageous to have a 6th grade academy. The needs of this group have been addressed effectively by this concept.   | Nov 18, 2012 10:20  |
| 60 | That a year round academic school calendar for students will not inhibit maintaining school building conditions! DPS Maintence Employess have proved that!  | Nov 16, 2012 6:15 I |
| 61 | Career development with career cluster buildings.   | Nov 16, 2012 2:56 I |
| 62 | Fine arts technology for future artists such as computers and software for CG animation, a green room, sound and stage, an orchestra/band/choir facility  | Nov 16, 2012 7:55 A |
| 63 | I feel it would be benificial to the community to have a good indoor pool facility  | Nov 16, 2012 6:20 / |
| 64 | Development of an Early Childhood facility for all preschool children as opposed to PreK in each building. Inclusion for students with IEP's would be easier to accomplish and the special safety and educational needs of this age group could be more appropriately addressed.  | Nov 15, 2012 6:28 F |
| 65 | Really focus on schools in need of some basics. Shading on the playgrounds, refrigerated air, etc first, and then move on to wants vs. needs.   | Nov 15, 2012 11:49  |
| 66 | HUGE PRIORITY!!! LIBRARY and informational services at the INTERMEDIATE school and the HIGH school that will scaffold and support our students to successfully compete at the collegiate level!   | Nov 15, 2012 11:33  |

| 67 | I think we should continue with the good old reading, writing, arithmetic etc. Our students do not even know how to write in cursive. It is o.k. to have the computer classes but as an elective. Our students need good old fashioned learning. Hopefully they could help with the reading problems that all children seem to have.  | Nov 15, 2012 10:49 AM |
|----|---|-----------------------|
| 68 | Providing all schools with wireless internet should be a priority. Also up to date technology is essential. The world is progressing rapidly through technology, we should prepare our students accordingly. Also, text books should be purchased with digital licenses so that students could use digital copies. This would eliminate books being written in and abused.  | Nov 15, 2012 9:27 AM  |
| 69 | INTERMEDIATE SCHOOL IS OLD AND UNSAFE AND NEEDS A NEW BUILDING.   | Nov 15, 2012 9:12 AM  |
| 70 | Deming Intermediate is the school that needs major money put in to it. This school is falling apart.  | Nov 15, 2012 9:08 AM  |
| 71 | Deming Intermediate school should be number one on the list, it is number 3 of the worst facilities in the state. This should be number one on the DPS Facilities Master Plan. One can only put so many band aids on a borken arm and pretend that it will heal properly  | Nov 15, 2012 8:35 AM  |
| 72 | Build a high school in Columbus. Renovate Deming (Intermediate)   | Nov 15, 2012 8:02 AM  |
| 73 | Make the field house better for the athletes, coaches and staff. Make it to meet their standards, not the Athletic Directors! Also, teachers need to have more access to resources around the school and better input from the administration   | Nov 14, 2012 6:41 PM  |
| 74 | Deming Intermediate School MUST be addressed. School safety and security - all sites Technology upgrades - Wireless, etc all sites  | Nov 14, 2012 4:52 PM  |
| 75 | new interMediate schoo building   | Nov 14, 2012 4:48 PM  |
| 76 | The Intermediate school to me is falling apart and i feel is in desperate need  | Nov 14, 2012 4:05 PM  |
| 77 | The Deming Intermediate School needs to be considered for replacement. Again, the location is great but the building is old and no longer suitable for today's technology and project based learning.   | Nov 14, 2012 3:04 PM  |
| 78 | Deming Intermediate school has a majority of very small classrooms and with class loads of 28-30 students, I can not fit a table and chairs for differentiated instruction. I have two white boards one for a planner and one for instruction, it is very hard to teach three subjects with one board. The lack of technology is also a problem when it comes to instruction, we have new curriculum that has a lot of technology that could be incorporated, but no technology available to do so with. There are only one outlet in the room for internet or phone usage. Have to have an Elmo and projector in the middle of the room with cords taped across the floor to the outlet. | Nov 14, 2012 2:50 PM  |

| '9 | Deming Intermediate School!   | Nov 14, 2012 2:41 PN |
|----|---|----------------------|
| 80 | Build a new 6th grade school and a new high school that has an indoor swimming pool for competitions of swimming as an additional sport.  | Nov 14, 2012 2:11 PN |
| 81 | Buildings should be being built over the expected growth so that they are not over crowded in a few years. Students should be in classrooms with plenty of space and not have too many students per class. Students learn best in smaller class sizes therefore core classes should not have more than 23 students in them and for lower grades this number should be in the teens. | Nov 14, 2012 12:58 P |
| 82 | Demolish old junior high and rebuild new Deming Intermediate to include cafeteria within, move to Smith School building while this is being done.   | Nov 14, 2012 12:57 P |
| 83 | Everthing perfect   | Nov 14, 2012 12:57 P |
| 84 | Our district needs to stop covering up the issues we have with our schools maintenance. Some of the old schools have mold and asbestos and the maintenance department is told to just cover up what is being exposed to staff and students. This is a danger to the health of staff and students and very minimal items are being done to get the problem fixed.                    | Nov 14, 2012 12:55 F |
| 85 | Deming Intermediate School needs a new school.  | Nov 14, 2012 12:52 F |
| 86 | Exterior conditions such as side walks, parking for parents and staff.  | Nov 14, 2012 12:51 F |
| 87 | 6th grade should recieve a new facility.  | Nov 14, 2012 12:42 F |
| 88 | More trade facilities   | Nov 14, 2012 12:23 F |
| 89 | Security at all entries or limit entries to buildings.  | Nov 14, 2012 10:33 A |
| 90 | Updating technology, blocking cell phone usage, put highschool all under one roof or at least more compact with buildings closer together, enclosing campus to help with attendance issues, include a vocational area - these are regarding highschool area   | Nov 14, 2012 8:53 A  |
| 91 | Deming Intermediate School should be priority 1. The school building cannot endure any more neglect. The staff and students make the best of the current situation. Staff does their best to make sure the students have a great educational experience at this school with what is available to them. Please do not neglect this school site any longer.                           | Nov 13, 2012 8:25 A  |
| 92 | They should have smaller classes and less in service days per year.   | Nov 13, 2012 8:21 A  |

| 93  | Student counts & projected future student counts, spacing, functionality of current facilities and how future can/may affect that functionality. | Nov 12, 2012 6:11 PM  |
|-----|--|-----------------------|
| 94  | Deming Intermediate School must be addressed. Safety Needs at ALL existing sites must be addressed.  | Nov 11, 2012 7:04 PM  |
| 95  | Closing Campus at Deming High School.  | Nov 11, 2012 5:49 PM  |
| 96  | Larger classrooms or more classrooms to accommodate larger numbers. Language labs are important also.  | Nov 11, 2012 12:11 PM |
| 97  | wireless internet in all schools, classrooms large enough for cooperative learning groups  | Nov 9, 2012 1:34 PM   |
| 98  | Track and Technology   | Nov 6, 2012 11:58 AM  |
| 99  | New Libraries, desks, Cafeterias, etc.   | Nov 6, 2012 10:19 AM  |
| 100 | Heating / Cooling, Library, Desk, Cafeteria, Outdoor classrooms  | Nov 6, 2012 10:14 AM  |
| 101 | Aux. Gym / Wrestling room / Kitchen / Library / Meeting / Doors for Bathrooms  | Nov 6, 2012 10:09 AM  |
| 102 | Space in classrooms  | Nov 6, 2012 9:58 AM   |
| 103 | Parking Lot  | Nov 6, 2012 9:49 AM   |
| 104 | More materials for STEM dissections in Science classes.  | Nov 6, 2012 9:45 AM   |
| 105 | Updated technology, Football, Soccer and both of the Baseball fields.  | Nov 6, 2012 9:30 AM   |
| 106 | Efficient use of material and time during construction.  | Nov 6, 2012 9:23 AM   |
| 107 | Interruption of learning while renovating.   | Nov 6, 2012 9:15 AM   |
| 108 | The priority needs to be the education for the students. Don't use up funds on faculty, but to improve schools.                                  | Nov 6, 2012 9:11 AM   |
| 109 | Art Department needs more space and specific space for studio students along with space for students work.                                       | Nov 5, 2012 3:27 PM   |
| 110 | Combining High School classes and Hofachet class so there will be less tardees.  | Nov 5, 2012 3:21 PM   |
| 111 | Classrooms should be bigger. Combine the Hofalkett H.S. so students wouldn't have to go through bad weather.                                     | Nov 5, 2012 3:16 PM   |

|   | N/A   | Nov 27, 2012 2:47  |
|---|---|--------------------|
| 2 | If the district leads the state with vocational studies it open doors to so many students. WE got away from vocational and I feel that is why we have a high drop out rate. Some students are not college material and vocational is the way to go. WE need shop, baking, ( T or C has a wonderful home EC dept with baking technology) cosmetology, auto mechanics, plumbing, electrician, landscaping, Data entry, child care, stone masonry, Show the students how to run a business, this implements math, language, social skills and give them a sense of accomplishment. |                    |
| 3 | Chaparral, compared to other schools, looks like a low-income school. Landscaping is bare minimum.  | Nov 27, 2012 6:38  |
| 1 | The problems in our district are much bigger than the need for more facilities, or for updated facilities. We have an astronomical problem with curriculum, dual language programs, administration, etc.  | Nov 26, 2012 6:01  |
| 5 | The intermediate school is is really bad shape!!!!! Needs improvement!!   | Nov 26, 2012 3:09  |
| 6 | If the teachers are dedicated, students can and will learn even if taught in a barn - like many of our ancestors. We do not need new schools. We need to keep up the maintenance of what we currently have.   | Nov 26, 2012 2:59  |
| 7 | Though a new high school is needed one should not be placed near RMMS or Bataan, traffic is a major problem already for there to be another school in that area. Plus, it is my belief that younger students should not be too close to older students.   | Nov 26, 2012 2:44  |
| 3 | I believe that the high school is extremely unsafe because there is unrestricted access through so many doors.  | Nov 26, 2012 2:38  |
| ) | Need to bring parents in to support the educational goals, to work with students and teachers.  | Nov 26, 2012 1:52  |
| 0 | During half days the teachers need a program and/or place for their children to be looked after.  | Nov 26, 2012 12:14 |
| 1 | Benny Jasso does a great job in working with RST on school safety procedures/training.  | Nov 26, 2012 11:47 |
| 2 | what about pride in our school family nights where parents and kids could come and help clean up-paint-do things around and for the schools? We are losing vested interest in so many things and sadly, pride in our schools is one of them.  | Nov 26, 2012 11:32 |
| 3 | Buildings should be designed with the purpose in mind. For example, some outlets in the newer buildings are right beside or even within door space so that they cannot actually be used without extension cords. There should be adequate doors, and classrooms should be larger.   | Nov 26, 2012 10:34 |
| 4 | Too much money is being spent on unnecessary items. Until I see this stopped. I will not vote for a bond.   | Nov 26, 2012 10:33 |

| 5  | Closed campus is an issue that needs to be addressed in terms of safety and attendance standards.   | Nov 26, 2012 10:29 A |
|----|---|----------------------|
| 6  | I hope a new high school facility happens; it is very necessary.  | Nov 26, 2012 10:27 A |
| 7  | Listen to the feedback you receive. If you focus on your own agenda again, the community will not support you and the students will suffer again.   | Nov 26, 2012 10:24 A |
| 8  | This survey does a great job of DPS's consistent inability to address the real problem of poor education and to move the focus to another area, in this case 'New Buildings.'   | Nov 20, 2012 8:31 A  |
| 9  | A year round academic school calendar is VERY MUCH NEEDED TO HELP OUR STUDENTS GET WHERE THEY NEED TO BE! THERE IS NOTHING ELSE IN THIS TOWN TO HELP OUR STUDENTS-DPS HAS TO BE THAT LIGHTHOUSE, THAT BEACON THAT REACHES EACH AND EVERY CHILD/STUDENT AND HELPS THEM TO BE A WELL ROUNDED STUDENT AND CITIZEN THAT CAN SURVIVE IN THIS DIVERSE WORLD! DPS HAS TO STAND UP AND FILL IN THAT GAP WHERE SOCIETY IS NOT!!! AS EDUCATORS WE HAVE TO STOP LETTING OUR CHILDREN/STUDENTS FALL THROUGH THOSE CRACKS THAT ARE GETTING BIGGER AND BIGGER! PLEASE!! | Nov 16, 2012 6:15 P  |
| 20 | Too much emphasis is placed on college in this district, it is a lofty goal to look to but most of our students need skills that will put them to work when college doesn't work for them. I also believ too much emphasis can be put on sports and extra curriculur activities. We need to get them out of class time and make them extr curriculur again  | Nov 16, 2012 2:00 P  |
| 21 | The health and safety of students is as important as technology and how the buildings and play grounds look. Right now, my biggest concern in the cleanliness and functionality of restrooms at DMS for students.   | Nov 16, 2012 7:55 A  |
| 22 | I feel the district needs to be completely upfront on what they plan on doing with existing facilities if new ones are to be built. I feel we have been missguided in the past.   | Nov 16, 2012 6:20 A  |
| 23 | DPS should keep up their good work at maintaining facilities. Our district can be proud of the way it takes care of current facilities (old and new).   | Nov 15, 2012 6:28 P  |
| 24 | The playground at Bataan is lumpy with some sort of ground cover that is difficult to run or walk on for students or adults. The woodchips are a cover for snakes and bugs and when it is windy (this is NM!) they blow in one's eyes and are uneven and students fall in them. Covers are needed outside to give the students more shade. Most of the other schools do have shades for their students.   | Nov 15, 2012 12:40 F |
| 25 | In this soft economy and job crisis in this county, we need to renovate and do maintainence in order to stretch our resources. We can't afford more taxes when theres no jobs or economic security.   | Nov 15, 2012 10:49   |

| Page 3 | Q32. Other comments:   |                       |  |  |  |
|--------|--|-----------------------|--|--|--|
| 26     | As stated above, Deming Intermediate is our priority. This is the only school in the district that has not been updated or renovated. With the exception of a new/refurbished roof this summer, the building has been neglected. Windows do not operate properly, the front of the building has a LARGE crack in the foundation and is cracking more and more daily, the bathrooms STINK and do not provide our students/staff with proper privacy, the hallways are very small and crowed, the classrooms are old-musty-dingy-small, the building is cold, the whole place smells of mold, Asbestos is present everywhere, mold situations have been (and still are) a big part of the schools life, students complain of the smell, the floor tiles are of all kinds of tiles that don't even match, the floors are stained and in poor shape, the front offices are small and do not offer a good view of the lobby for the safety of our students, there are no exterior cameras, the locker rooms are so old they are not available for student use looks like the 1950's in there.   |                       |  |  |  |
| 27     | new central cafeteria  | Nov 14, 2012 4:48 PM  |  |  |  |
| 28     | A thought Every student in Deming, that has gone through Deming Public School since the 1940's (or so), has walked the halls of what is now Deming Intermediate School. Think about that. Almost every student in the district will walk through the DMS halls at some point in their educational career. What has changed? Nothing but the paint job. There is no cafeteria. Students must battle the elements just to get to lunch! The playground has been "under construction" since August and is STILL under construction, the fence around the playground is dangerous and hasn't ever been repaired, the school building is cold, the swamp coolers are OLD and we are lucky they still "work", the Library needs to be updated, up to date technology is limited due to the fact that the building cannot be wired to withstand the needed electrical issues, the floors are mis-matched tile and are in poor condition, the bathrooms are outdated- stinky- and do not offer proper privacy for students, there are limited staff bathrooms that are out dated and stinky as well, windows cannot be opened, some windows are painted over (and have been repainted for years) and do not allow natural light to enter, there is no place for staff to eat their lunch, the hallways are small and crowded, the lighting is antiquated and hard to repair, the building is infested with bugs cockroaches especially, mice are present, there have been (and continue to be) problems with mold, the air quality is poor, the patio is in poor shape, the Gym lacks up to date technology and is old and stinky, locker rooms are old and stinky, there is not enough room in the Art Room for instruction and the facilities present are in disrepair, the ceilings are Asbestos covered, flooring is Asbestos, the list continues it is a shame. | Nov 13, 2012 8:25 AM  |  |  |  |
| 29     | Keeping schools clean and free of graffiti can impact student pride and achievement. Basics, such as clean and functioning restrooms, clean facilities can be addressed without added cost except to personnel. I have worked in old buildings before but they were at least clean. Buildings are filthy. (Except for central office facilities. Those seem clean and well-kept. Must be nice.   | Nov 11, 2012 12:11 PM |  |  |  |
| 30     | Newer technology   | Nov 6, 2012 10:14 AM  |  |  |  |
| 31     | The little things need to be fixed.  | Nov 6, 2012 10:09 AM  |  |  |  |
| 32     | I think the two Baseball fields and the Softball field need work!  | Nov 6, 2012 9:30 AM   |  |  |  |
|        |  |                       |  |  |  |

# FACILITY IN ES AUTHO

#### STATE OF NEW MEXICO

### PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL PUBLIC SCHOOL FACILITIES AUTHORITY

SUSANA MARTINEZ GOVERNOR

DAVID ABBEY PSCOC CHAIR

ROBERT A. GORRELL PSFA DIRECTOR

#### PSCOC ADDITIONAL FUNDING REQUEST

REQUEST TYPE: ☑ Out-of-cycle ☐ Waiver ☐ Advance DATE: 1/3/13 ☐ Emergency Cost Overrun NOTE: Districts must complete and submit the Statement of Financial Position on Page 2. of this Funding Request and be signed by the district bond advisor. Read INSTRUCTIONS at the end of the application for additional criteria for emergency funding and local match waiver eligibility. Incomplete applications will be returned to the district and may delay action by the Council. SCHOOL DISTRICT: NMSBVI Alamogordo Campus PSCOC PROJECT #: C10-002B (If Emergency, write "Emergency") PROJECT NAME: New Education Building ENROLLMENT: n/a DESIGN CAPACITY: DESCRIPTION This funding request is for phase 2 construction of a new education building to replace the existing Watkins Education Center (WEC), under the DCP. The OF REQUEST: existing WEC will be renovated in a future project by NMSBVI for administrative space per the facility master plan. This project includes the demolition of the existing Wanda Raney building per the facility master plan.

| ADDITIONAL<br>INFORMATION: | L Current funding request is based on a contractor bid and the project was approved by the Santa Rosa Consolidated Schools Board of Education. The district has the funding for the local share. The land was donated to the school by the land grant and the off-site infrastructure (access road, water and electrical) contract work is awarded as well. The district is currently working out the details associated with the disposal of the existing school building and property when the students will move in the new building, scheduled for the summer of 2014. |  |   |                          |

#### MEMORANDUM OF AGREEMENT

## Board of Education of the Bernalillo Public Schools and The Pueblo of Santo Domingo

THIS AGREEMENT is made and entered into by the Board of Education of the Bernalillo Public Schools, a political subdivision of the State of New Mexico, hereinafter referred to as "the Board" and the Pueblo of Santo Domingo a sovereign Indian Tribe located within the State of New Mexico, hereinafter referred to as "the Pueblo." The Board and the Pueblo are hereinafter jointly referred to as "the Parties."

WHEREAS, the Board recognizes the unique role and sovereignty of the Pueblo and its interest in the education of the children of the Pueblo who attend the Santo Domingo School;

WHEREAS, the Pueblo recognizes that the Board is a political subdivision of the State of New Mexico charged with the responsibility of providing a public school education in accordance with the laws of the State of New Mexico and the United States of America; and

WHEREAS, the Parties acknowledge that the Board shall provide a public school education to the students of the Pueblo in grades K-8 at the Santo Domingo School on land leased to the Board by the Pueblo and operated and maintained in accordance with applicable laws of the State of New Mexico.

NOW, THEREFORE, the Board and the Pueblo do hereby agree as follows:

#### I. <u>PURPOSE OF AGREEMENT</u>

- 1. The Board and the Pueblo desire to effectuate an agreement whereby the Board and the employees of the Bernalillo Public School District work cooperatively and in conjunction with the Pueblo in the interest of providing a free and appropriate public education to the children of the Pueblo at the Santo Domingo School on a fair and equitable basis compared to other students in the District;
- 2. The education of the children in grades K-8 within the jurisdiction of the Pueblo is the primary concern of both Parties when carrying out this Agreement;
- 3. The Parties agree to use this Agreement as a tool to address educational issues affecting the K-8 students of the Pueblo attending the Santo Domingo School;
- 4. This Agreement shall provide avenues for the sharing of experiences and the interchange of ideas for educational program improvements to meet and advance the educational goals for the Santo Domingo School; and
- 5. This Agreement shall serve as a vehicle through which the Pueblo and parents and students of the Pueblo attending Santo Domingo School can provide meaningful input to the Board on all aspects of the education of those students, and the Board can give careful consideration to that input.

#### II. <u>EFFECTIVE DATE AND TERM</u>

This Agreement shall become effective commencing upon the most recent date of signature by the Parties and shall continue to be in effect while the Board is responsible for the operation and maintenance of the Santo Domingo School. However, the Parties agree to review, update, revise and modify the terms of this Agreement, as needed, every five (5) years or sooner upon mutual agreement of the Parties.

#### III. <u>AMENDMENTS</u>

This Agreement shall not be altered, changed, or amended except by an instrument in writing executed by the Parties hereto.

#### IV. <u>STUDENT/ACADEMIC PERFORMANCE</u>

- 1. The Board agrees to operate the Santo Domingo School in accordance with the requirements of the New Mexico Public Education Department (NMPED) and in a manner that provides the School's students a free and appropriate public education on a fair and equitable basis compared to other students in the District. The Board agrees that meeting minimal requirements is not sufficient for the students of the District, including those at Santo Domingo School. Accordingly, the Board will use it its best efforts to improve the academic performance of students at Santo Domingo School, with a goal to meet or exceed the statewide average levels of school and student performance of comparable public schools in New Mexico, and in a manner consistent with is obligation to treat all students of the District equitably.
- 2. The Board agrees to provide an annual report to the Pueblo regarding educational progress being made and efforts of the School District for improvements to the educational program regarding its goal to meet or exceed those statewide average levels of performance of comparable public schools in New Mexico. The report will include information on compliance with this Agreement, a financial report on the use of all funds of the School, and recommendations for improvements to the education and curriculum being offered at the School. The Board agrees to give serious consideration to the Tribal Council's responses to the report in the Board's planning and budget decisions for the following school year.
- 3. The Board agrees to provide services for students with special needs in accordance with the Individuals with Disabilities Education Act, Pub.L. 101-476.
- 4. The Board agrees to identify and implement programs that best help address the unique and cultural needs of students of the School.
- 5. The Board agrees to seek and seriously consider input from the Pueblo and parents of students of the School regarding educational programs, including but not limited to accelerated programs and remediation programs for under-performing students.

#### V. TRIBAL COUNCIL / COMMUNITY INVOLVEMENT IN FACILITY DESIGN

1. The Parties acknowledge that the Board is in the process of constructing, furnishing, and equipping a substantially new facility on land leased to the Board by the Pueblo.

The Board agrees to solicit and give serious consideration to the views of the Pueblo, the community, and parents of students in making decisions regarding the design of the facility, the plans for development of the new facility, furnishings and equipment for the building, instructional programs and delivery systems, and the educational materials and supplies for the educational programs presented at the School.

- 2. The Board agrees to include at least the following representatives on the Educational Specifications Committee that will prepare the educational specification documents required by the Public School Facilities Authority in connection with funding for the new school facility: three (3) individuals selected by the Pueblo's Tribal Council, four (4) parents of School students who are members of the Pueblo, two (2) students in grade seven, two (2) students in grade eight, the director of the Pueblo's Higher Education Department, and the director of the Pueblo's Behavioral Health Department.
- 3. Upon completion of the work by the Educational Specifications Committee, the Board shall establish a six (6) member Building/Facilities Committee made up of three (3) members appointed by the Pueblo and three (3) members appointed by the Board from the Educational Specifications Committee. The members appointed by the Board may be parents and employees of the District. The Superintendent shall appoint a facilitator. The Building/Facilities Committee shall be organized and start meeting upon completion of the Educational Specifications Committee's work and shall continue in operation during the term of this Agreement.
- 4. The Parties agree that the following facilities are very desirable for a high quality education, and they will exercise their best efforts to include them in the new facility: adequate classrooms, a nurse's office, kitchen facilities, dedicated cafeteria facilities, multi-purpose rooms, sanitation facilities, rest rooms, technology labs, science labs, music class rooms, recreational facilities, paved areas for parking buses, gates adequate to accommodate bus traffic, and bus washing facilities. However, the Parties acknowledge the budgetary restrictions related to the project and agree that the Educational Specifications Committee will need to establish and recommend priorities regarding facilities.

#### VI. <u>SCHOOL STAFF</u>

- 1. The Board agrees to provide highly qualified and effective classroom teachers, educational assistants, administrators, therapists, counselors, and other support staff for the School in accordance with NMPED requirements and as necessary to provide the educational programs and meet the educational and support needs of the students so they can achieve the best possible achievement level. The Board will give serious consideration to experienced applicants but will take all factors into consideration when selecting the most qualified applicant for job vacancies. Career readiness counseling shall include higher education, technical, and vocational options for students in accordance with the NMPED requirements. The School shall be staffed equitably to all other schools of the School District.
- 2. The School's staff shall include individuals who are fluent in Keres and who are available to assist students whose primary language is Keres.

- 3. The Board shall give preference to qualified Native Americans in hiring and promotion, including without limitation instructional and counseling positions, and shall provide all School staff training in aspects of the Native culture of the School's students that will assist the staff in meeting the educational needs of the students.
- 4. The Board shall enforce policies to ensure that all School staff are evaluated annually in accordance with NMPED evaluation requirements to ensure that staff are able to meet the educational needs of the students.

#### VII. SCHOOL FUNDING

- 1. The Board agrees to provide adequate funding for the educational programs of the School on a basis equitable to other schools of the School District and in compliance with all applicable federal and state laws that identify funds as for the specific benefit of Native American students.
- 2. The Board agrees to provide information to and consider input from the Pueblo regarding the Operational Budget, the Funds Allocated to the School, Maintenance Funding for the School and Federal Program Funds used at the School.

#### VIII. SCHOOL CURRICULUM

The Board agrees to supplement the Common Core State Standards (CCSS) by incorporating relevant cultural components of the curriculum and programs to address the distinct cultural and local needs of students of the School.

#### IX. SCHOOL CALENDAR

The Board agrees to develop a school calendar that recognizes and makes accommodations for student participation in cultural activities of the Pueblo.

#### X. TRANSPORTATION

- 1. The Board shall provide adequate and safe transportation for students in accordance with laws of the State of New Mexico and NMPED regulations.
- 2. When considering applicants for bus drivers, the Board agrees to give local preference to those qualified drivers who have an understanding of the local bus route(s), local driving conditions, and an understanding of the culture and language of the students being served.

#### XI. <u>EDUCATIONAL LIASON</u>

- 1. The Pueblo's Tribal Council may in its discretion appoint an Educational Liaison whose primary function will be to facilitate communication between the Board/School and the Pueblo. The Board agrees to recognize and work with the Education Liaison appointed by the Tribal Council.
- 2. The Board shall consult with the Liaison through the Superintendent with respect to the educational needs of the Pueblo and the wishes and expectations of the Tribal Council, and

shall keep the Liaison informed of the School's progress in accomplishing the Tribal Council's wishes and expectations.

- 3. The Liaison shall monitor compliance with this Agreement and shall be available to assist the Board in assuring open communications and a reliable flow of information between the Board and the Tribal Council.
- 4. The Liaison or such other individuals as may be designated by the Tribal Council shall be available to furnish consultation and orientation advice and services to the teachers and staff of the School, for the purpose of acquainting them with the values and culture of the Pueblo, so that they will better understand Indian children and their special needs, and thereby be able to furnish a better education to the children of the Pueblo.
- 5. The Pueblo agrees that its officers, representatives and agents, including the Liaison, will not interfere with the day-to-day operation or instructional programs of the Santo Domingo School. Concerns and complaints from the Pueblo will be channeled through the School Principal or the Superintendent's Office utilizing the Liaison when needed.

#### XII. TECHNICAL GUIDANCE - PUBLIC INFORMATION

The Board agrees to provide the Pueblo access to public information on the financial and administrative affairs of the School District, and technical guidance on the meaning of that information.

#### XIII. <u>STUDENT SERVICES & BENEFITS</u>

The Board agrees to provide the students at the School on a fair and equitable basis all services and benefits available to other students in the District.

#### XIV. PARENT ADVISORY COUNCIL

- 1. In accordance with Section 22-5-16, NMSA 1978, of the Public School Code, the Santo Domingo School shall have an advisory "school council" to assist the school principal with school-based decision-making and to involve the parents in their children's education.
- 2. The membership of the advisory school council shall reflect an equitable balance between school employees and parents and community members. At least one community member shall be appointed by the Pueblo's Tribal Council. At least one community member shall represent the business community, if such person is available. The school principal will serve as chairman. The school principal shall be an active member of the school council.

#### 3. The school council shall:

- (1) work with the school principal and give advice, consistent with state and school district rules and policies, on policies relating to instructional issues and curricula and on the public school's proposed and actual budgets;
  - (2) develop creative ways to involve parents in the schools;

- (3) where appropriate, coordinate with any existing work force development boards or vocational education advisory councils to connect students and school academic programs to business resources and opportunities; and
- (4) serve as the champion for students in building community support for schools and encouraging greater community participation in the public schools.

## XV. <u>TECHNICAL ASSISTANCE AND CLARIFICATION OF STATE EDUCATIONAL REQUIREMENTS</u>

Either Party may request technical assistance and/or clarification of the New Mexico educational requirements, regulations, procedures or programs from the NMPED. Each party may appoint two (2) representatives to contact and meet with the NMPED and report back to the Parties and the Parent Advisory Council.

#### XVI. COMMUNITY USE OF SCHOOL FACILITIES

In conformity with any applicable NMED, New Mexico Public School Insurance Authority, or school district policies, the Board will give members of the community access to the School's buildings and grounds for adult education, Parent-Teacher Association meetings, other public meetings, recreation, and other community purposes for which public schools may be used in New Mexico. To strengthen the community-School partnership, the Board shall make the School's recreational facilities available, in accordance with the school district's facilities use agreement and the policies of the New Mexico Public School Insurance Authority, for athletic tournaments and other events that encourage physical activity, character-building, and sports achievement, including during the summer when classes are not being offered.

#### XVII. MEDIATION AND DISPUTE RESOLUTION

Disputes regarding matters included in this Agreement which cannot be clarified and/or resolved through Paragraph XV (Technical Assistance and Clarification of State Educational Requirements) by involvement of the NMPED shall be resolved through mediation. Either Party may request mediation regarding any matter or issue included in this Agreement. Upon request for mediation, the Parties agree to submit a list of three possible mediators, preferably individuals with an understanding of public education. The Parties will select a mediator from these lists. If the Parties are unable to agree on a mediator, the Parties agree to submit the lists to the New Mexico Secretary of Education for selection of a mediator. The selected mediator shall, with input from the Parties, establish a meeting schedule. The Parties agree to share the fee and costs of the mediator. Each Party shall be responsible for its own costs for mediation beyond the fee and costs of the mediator.

#### XVIII. CHARTER SCHOOL

The Parties acknowledge that New Mexico law provides for the creation of charter schools for the purposes outlined in NMSA 1978 Section 22-8B-3. Nothing in this Agreement is intended to preclude the creation of a charter school to serve the students now served by the Santo Domingo School. The Parties agree to abide by the provisions of the New Mexico Charter Schools Act and its subsequent amendments.

#### XIX. EFFECT ON PRIOR AGREEMENTS

This Agreement supersedes all prior written and oral agreements, covenants and understandings between the Parties concerning the subject matter described herein other than the land lease for the School, which is not altered or amended in any respect by this Agreement. Further, any material breach of this Agreement does not and cannot render the land lease for the School null and void.

#### XX. EFFECT ON FEDERAL-TRIBAL RELATIONSHIP

Nothing in this Agreement shall be construed to diminish any right held by the Pueblo by virtue of any treaty, federal or state statute or court decision, or reduce the responsibility of the United States of America under the Federal/Tribal trust relationship.

#### XXI. SOVEREIGN IMMUNITY

Nothing herein shall be construed as a waiver of the Pueblo or the State of New Mexico's sovereign immunity.

IN WITNESS WEREOF, THE PARTIES HEREBY AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT BETWEEN THE BOARD OF EDUCATION OF THE BERNAILLO PUBLIC SCHOOLS AND THE PUEBLO OF SANTO DOMINGO.

#### LAND LEASE FOR PUBLIC SCHOOL

| Lease No. | SD |  |
|-----------|----|--|
| Lease No. | SD |  |

This LAND LEASE FOR PUBLIC SCHOOL ("lease"), is made and entered into effective as of the commencement date identified below, by and between the PUEBLO OF SANTO DOMINGO, a sovereign Indian Tribe located within the State of New Mexico, hereinafter called the "Lessor," and the BOARD OF EDUCATION OF THE BERNALILLO PUBLIC SCHOOL DISTRICT NO. 61, Sandoval County, New Mexico, a political subdivision of the State of New Mexico, hereinafter called the "Lessee," in accordance with the provisions of 25 U.S.C. § 415 and 25 CFR part 162 which by reference are made a part hereof.

WHEREAS, the parties to this lease previously entered into a twenty-five year lease for the construction and operation of a public school on the lands of Lessor (the "Santo Domingo School") on January 9, 1956 and a subsequent twenty-five year lease on August 21, 1986 which was amended on June 24, 1999. The 1986 lease has expired, and the parties wish to enter into a new lease for the Santo Domingo School.

WITNESSETH, that for and in consideration of the rents, covenants, and agreements hereinafter provided, the Lessor hereby leases to the Lessee the land described as follows (the "leased premises"), to wit:

#### LEGAL DESCRIPTION

Four tracts of land (shown on the attached plats) lying and being situated within the Southwest Quarter of section 33, T. 15 W., R. 6 E., N.M.P.M., Santo Domingo Pueblo Grant, Sandoval County, New Mexico. Said tracts being more particularly describe as follows:

Tract 1- Beginning at a point on the west line of Tract 1 whence a G.L.O. section corner common to sections 32 and 33, T. 15 N., R. 6 E., and sections 4 and 5, T. 14 N., R. 6 E., bears west 817.60 feet; thence N. 44° 39' W., 466.75 feet to a point; thence S. 45° 21' W., 200.00 feet to a point; thence N. 44° 39' W., 200.00 feet to a point; thence N. 45° 21' E., 200.00 feet to a point; thence N. 44° 39' W., 393.96 feet to a point; thence N. 52° 15' 13" E., 267.21 feet to a point; thence N. 45° 15' 37" E., 119.38 feet to a point; thence S. 44° 55' 27" E., 67.83 feet to a point; thence . 45° 41' 05" E., 112.50 feet to a point; thence S. 44° 39' E., 1034.78 feet to a point; thence S. 45° 21' W., 500.00 feet to a point; thence N. 44° 39' W., 73.25 feet to a point and place of beginning, containing 13.44 acres;

Tract 2- Beginning at the southernmost corner of Tract 2 whence a G.L.O. section corner as described in Tract 1 bears S. 54° 00′ 18″ W., 1282.89 feet; thence N. 44° 39′ W., 850.00 feet to a point; thence N. 45° 21′ E., 275.00 feet to a point; thence S. 44° 39′ E., 850.00 feet to a point; thence S. 45° 21′ W., 275.00 feet to the point and place of beginning, containing 5.37 acres;

<u>Tract 3</u> – Beginning at the northwest corner of the herein described parcel; whence the southwest corner of section 33 bears S. 22° 13' 27" W., 633.23 feet; thence S. 44° 39' 00" E., 154.25 feet; thence S. 45° 21' 00" W., 20.00 feet; thence N. 44° 39' 00" W., 126.25 feet; thence N. 09° 06' 45" W., 34.41 feet to the point of beginning, containing 0.06 acre;

 $\underline{\text{Tract 4}}$  – 20 acres on East side of football field, as generally identified on Attachment A. Tract 4 shall be surveyed and its legal description shall be incorporated into this Lease as Attachment B;

containing 38.87 acres, more or less, for the initial term of twenty-five (25) years commencing on January 1, 2013. The Lessee may renew the lease for one additional term of twenty-five (25) years if at the time of renewal the Lessee is not in breach of its obligations under this lease. Notice of intent to renew this lease shall be served in writing on the Pueblo not more than twelve (12) months and not less than six (6) months before the expiration date of the initial term. The Lessee, in consideration of the foregoing, covenants and agrees, as rental for the leased premises, to construct, operate and maintain a public school in conformity with this lease.

This lease is subject to the following provisions:

- 1. UNLAWFUL CONDUCT The Lessee agrees that it will not use or cause to be used any part of the leased premises for any unlawful conduct or purpose. The leased premises shall be maintained as a drug and alcohol free environment.
- 2. SUBLEASES AND ASSIGNMENTS A sublease, assignment, or transfer of this lease or any interest in this lease may be made only with the approval of the Secretary and the written consent of Lessor and the surety or sureties, and then only upon the condition that the assignee or other successor in interest shall agree, in writing, to be bound by each and every covenant, agreement, term and condition of this lease. Any such attempted assignment, conveyance, or transfer, without such written approval shall be void and of no effect. The approval of Lessor may be granted, granted upon conditions, or withheld at the sole discretion of Lessor.
- 3. RELINQUISHMENT OF SUPERVISION BY THE SECRETARY Nothing contained in this lease shall operate to delay or prevent a termination of Federal trust responsibilities with respect to the leased premises by the issuance of a fee patent or otherwise during the term of the lease; however, such termination shall not serve to abrogate the lease. The Lessor and the Lessee and his surety or sureties shall be notified by the Secretary of any such change in the status of the leased premises.

4. INTEREST OF MEMBER OF CONGRESS

- No member of, or delegate to, Congress or resident commissioner shall be admitted to any share or part of this lease or to any benefit that may arise herefrom, but this provision shall not be construed to extend to this lease if made with a

corporation or company for its general benefit.

- 5. VIOLATIONS OF LEASE It is understood and agreed that violations of this lease shall be acted upon in accordance with the regulations in 25 CFR 162.
- 6. ASSENT NOT WAIVER OF FUTURE BREACH OF COVENANTS No assent, express or implied, to any breach of any of the Lessee's covenants, shall be deemed to be a waiver of any succeeding breach of any covenants.
- 7. UPON WHOM BINDING It is understood and agreed that the covenants and agreements hereinbefore mentioned shall extend to and be binding upon the heirs, assigns, successors, executors, and administrators of the parties of this lease. While the leased premises are in trust or restricted status, all of the Lessee's obligations under this lease, and the obligations of it sureties, are to the United States as well as to the Pueblo.
- 8. APPROVAL It is further understood and agreed between the parties hereto that this lease shall be valid and binding only after approval by the Secretary.
- 9. ADDITIONS Prior to execution of this lease, Sections numbered 10 through 25 have been added hereto and by reference are made a part hereof.

#### 10. **<u>DEFINITIONS.</u>**

- A. "Santo Domingo Pueblo" or "Pueblo" means the Santo Domingo Pueblo, a sovereign American Indian tribe, located in the State of New Mexico.
- B. "Removable Personal Property" as used herein shall not include property which normally would be attached or affixed to the buildings, improvements, or land in such a manner that it would become part of the realty, regardless of whether such property is in fact so placed in or on affixed or attached to the buildings, improvements, or land.

C. "Secretary" means the Secretary of the Interior or his authorized representative.

#### 11. CONDITION OF LEASED PREMISES.

Lessee has examined and knows the leased premises and no representations as to the condition thereof have been made by the Lessor or an agent of Lessor prior to or at the time of the execution of this lease. Lessee warrants that it has not relied on any warranty or representation made by or for Lessor and enters into this lease based solely upon Lessee's independent investigation.

## 12. <u>CONSTRUCTION OF NEW BUILDINGS, IMPROVEMENTS, ALTERATIONS, AND ADDITIONS.</u>

#### A. Ownership of Improvements.

- (1) During the term of this lease, any and all buildings, structures, improvements, and facilities constructed by Lessee shall belong to and be the property of Lessee subject to the covenants, conditions, and restrictions contained in this lease. Upon the expiration of the term hereof, or upon any earlier termination of this lease, all improvements placed on the leased premises, excluding removable personal property and trade fixtures, shall remain on the leased premises and shall become the property of Lessor. Removable personal property and trade fixtures not removed within ninety (90) days after the date of lease expiration or termination shall become the property of Lessor. At its option, Lessor may require Lessee to remove all or part of the improvements within ninety (90) days after the date of lease expiration or termination and if such improvements are removed, Lessee shall restore the land to a safe and sanitary condition to the satisfaction of the Lessor and the Secretary.
- (2) All hazardous substances, hazardous substance storage systems, or hazardous substance conveyance facilities, including but not limited to storage tanks, placed on or under the leased premises are the property of Lessee and shall remain the property of Lessee upon termination of this lease. Within a reasonable time prior to expiration or termination of this lease, Lessee shall remove any such substances or improvements, shall assess the leased premises for contamination, shall remediate all contamination, if any, and shall address any third party damages occasioned by any contamination or otherwise by the use or storage of such substances or improvements on the leased premises. Should Lessee fail to complete such responsibilities prior to the expiration or termination of this lease, Lessee shall remain responsible therefor, and shall be required to post a bond in an amount reasonably required to ensure that such responsibilities are completed within a reasonable time after termination of this lease.
- B. Construction. Lessee shall construct a substantially new school facility on the leased premises adequate to accommodate three hundred fifty (350) students, at its sole cost and expense, and at the cost of approximately fifteen million dollars, (\$15,000,000.00). Lessee shall complete construction within five (5) years of the

commencement date of this lease. If Lessee fails to complete construction within such period, the Lessor may, at Lessor's sole option, elect at the end of each lease year, to either:

- (1) cancel the lease, or
- (2) modify the lease to exclude the portion of the leased premises that has not been developed.

All improvements on the leased premises, including any structural remodeling of any existing building, shall be constructed in a good and workmanlike manner, in accordance with the approved plans, and in conformity with all building, fire, safety, structural, environmental and other applicable standards, laws and codes. All parts of buildings or other improvements visible to the public or from adjacent premises shall present a pleasant appearance and all service areas shall be screened from public view. The improvements shall include a stock proof boundary fence around the leased premises. Without the prior approval of Lessor, no temporary or movable buildings shall be erected or used by Lessee on the leased premises except for purposes of the construction contractor(s) during construction activities. Lessor agrees not to unreasonably withhold approval of temporary or movable buildings due to unforeseen circumstances, such as sudden increases in student enrollment, instructional programs or when other events occur that are beyond the Lessee's power of control.

- C. Plans and Designs. Before Lessee shall commence the construction of any substantial addition to or alteration or replacement of any building, structure, improvement or facility on the leased premises, Lessee shall submit to Lessor and the Secretary plans and specifications requesting written consent for the construction of the improvements proposed. Lessor and the Secretary shall either approve or state their reasons for disapproval of the plans, architect's design, plats, surveys and specifications within sixty (60) days after submission by Lessee. No change will be made in the plans and specifications after approval, without consent of the Lessor and the Secretary.
- D. Performance Bond. Before beginning construction of each improvement, Lessee agrees to provide security to guarantee completion of the improvement and payment in full of claims of all persons for work performed on the project or material furnished for construction of the project. Lessee may provide said security by either:
  - (1) Posting a corporate surety bond in an amount equal to the cost of each building or other improvement, said bond to be deposited with the Lessor and a copy of the same with the Secretary and to remain in effect until the improvement is satisfactorily completed, including all punch list items. Said bond shall be conditioned upon the faithful performance of Lessee and shall give all claimants the right of action to recover upon said bond in any suit brought to foreclose mechanics or materialmen's liens against the property; or,

- (2) Depositing in escrow with an institution acceptable to the Lessor and the Secretary, negotiable United States Treasury Bonds or cash, in an amount sufficient to pay the entire cost of construction of each building or other improvement then to be erected or installed on the leased premises. The escrow instructions shall include provisions for disbursement in installments upon certification of Lessee's architect, engineer, or contractor as construction progresses. The Lessor and the Secretary shall have access to all information relative to disbursement of funds through said escrow. The escrow instruction shall also provide: that not less than fifteen percent (15%) of such funds shall be withheld by the escrow holder until the period fixed by law for the filing of all mechanics' or materialmen's liens on such improvement shall have expired or until a reputable title company issues a title insurance policy which, in substance, insures the Lessor and Secretary against and loss they shall sustain by reason of any statutory liens for labor or material arising out of any work or improvement described in said escrow instructions; that if mechanics' or materialmen's liens are filed, the funds so withheld shall then be used to discharge such liens; that if no such liens are filed with the statutory period for filing, the withheld funds shall be then disbursed to the Lessee. If U.S. Treasury Bonds are provided, Lessee agrees to make up any deficiency in the value deposited which might occur due to a decrease in the value of the bonds. Interest on said bonds shall be paid to the Lessee.
- E. Notices of Construction Work. Before the commencement of any work of construction of any building, structure or other improvement on the leased premises, or of any substantial repairs, alterations, additions or replacements on the leased premises, Lessee shall give or cause to be given to the Lessor and the Secretary written notice as hereinbefore provided; and Lessee shall post and maintain on the leased premises, or any part thereof, such notices of construction work as may be provided by law.
- F. Asbestos. Lessee acknowledges the presence of potentially dangerous asbestos in the existing school buildings on the leased premises, and agrees that all asbestos in buildings to be demolished by Lessee will be removed from the leased premises in conformity with applicable federal law, including without limitation asbestos abatement protocols of the Environmental Protection Agency, and at the sole expense of Lessee.
- G. Wells, Disposal Systems, Fuel Storage. No water well, wastewater or sewage disposal system, or fuel storage tank shall be constructed on the leased premises without the prior approval of Lessor and the Secretary. All wells, wastewater or sewage disposal systems, and fuel storage tanks shall be maintained in accordance with applicable federal and tribal standards.

## 13. <u>MAINTENANCE OF LEASED PREMISES, UTILITIES, AND COMMUNITY SERVICES.</u>

A. Maintenance by Lessee. At all times during the term of this lease, Lessee without any cost or expense to Lessor shall keep and maintain the leased premises and every part

thereof, including all improvements, in good order and repair and in a clean, sanitary condition. Lessee at all times shall meet the building fire, health, safety and other codes applicable to public schools in the State of New Mexico. Lessee shall promptly repair or replace all significant damage to the leased premises or school plant, and shall implement systems for preventive maintenance that are substantially equivalent to the preventive maintenance program guidelines of the New Mexico Public School Facilities Authority, whether or not those guidelines apply independently from this lease. Lessee shall provide adequate security measures to protect the leased premises and the improvements thereon from theft and vandalism. Lessee hereby indemnifies and agrees to hold Lessor and the Secretary free and harmless from all liability resulting from all actions, claims, and damages by reason of Lessee's failure to comply with and perform the provisions of this paragraph.

- B. Maintenance by Lessor. During the term of this lease, Lessor shall not be required or obligated to maintain or make any changes, alterations, additions, repair, or improvements in, upon or about the leased premises, or any part thereof.
- C. Utilities. In addition to the rents hereinbefore provided, Lessee agrees to be solely responsible for and promptly pay for any and all charges for heat, water, gas, electricity, or any other utility used or provided to the leased premises.
- D. Community Services. Lessor shall not be responsible for providing any community services to the leased premises including, but not limited to, police protection, fire protection, street maintenance, etc. Lessee shall be solely responsible for providing these services, and hereby indemnifies and agrees to hold Lessor and the Secretary free and harmless from all liability resulting from all actions, claims, and damages arising from or based on Lessee's failure to provide these services or for providing inadequate services.
- E. Sanitation. Lessee hereby agrees to comply with all applicable sanitation laws, regulations or other requirements of the United States and the Pueblo. Lessee agrees to dispose of all solid waste in compliance with applicable federal and Pueblo law.

#### 14. AUTHORIZED USES.

A. Public School. Lessee shall develop, use and occupy the leased premises for the purpose of constructing, operating and maintaining a public elementary and middle school, playground and athletic field, and related school activities consistent with the principal use of the leased premises for a school. Said school shall be open for free public education for all children within the Bernalillo Public School District. The leased premises shall not be used by Lessee for any other purpose, except with the prior written consent of Lessor and the Secretary. The consent of Lessor may be withheld, granted or granted upon conditions, in the sole discretion of Lessor.

- B. Abandonment. If Lessee does not use the leased premises to operate a public school for a continuous period of one (1) year, Lessor may, at Lessor's sole option, elect at the end of such year, to either:
  - (1) cancel the lease, or
  - (2) modify the lease to exclude the portion of the leased premises not used to operate a public school.

However, this provision shall not apply against the Lessee if the Lessee is forced to move the operation of the public school because of an unforeseen event beyond Lessee's power of control, such as a natural disaster, war, or rebellion, which requires vacating the leased premises until students and staff can be safely returned to the lease premises.

C. Mineral Interests and Water Rights. Nothing in this lease shall be construed as conveying to Lessee any mineral interests or water rights in the leased premises, all of which are expressly retained by Lessor.

#### 15. <u>LIENS, TAXES, AND ASSESSMENTS.</u>

- A. Liens, Taxes, Assessments. Lessee shall not permit to be enforced against the leased premises, or any part thereof, any liens arising from any work performed, materials furnished, or obligations incurred by Lessee, and Lessee shall discharge or post bond against all such liens before any action is brought to enforce same. Lessee shall pay when and as the same become due and payable, all taxes, assessments, licenses fees, and other like charges levied during the term of this lease upon or against the leased premises, or any interest therein or property thereon for which either the Lessee or Lessor may become liable. Upon written request, the Lessee shall furnish the Lessor and the Secretary written evidence, duly certified, that any and all taxes required to be paid by Lessee have been paid, satisfied, or otherwise discharged. Lessee shall have the right to contest any claim, tax, or assessment against the leased premises by posting bond to prevent enforcement of any lien resulting therefrom, and Lessee agrees to protect and hold harmless the Lessor, the Secretary and the leased premises and any interest therein and improvements thereof from any and all claims, taxes, assessments and like charges and from any lien thereof or sale or other proceedings to enforce payment thereof, and all costs in connection therewith. Lessor and the Secretary shall execute and file any appropriate documents with reference to real estate tax exemption of the land when requested by Lessee.
- B. Lessor's Paying Claims. Lessor shall have the option to pay any lien or charge payable by Lessee under this lease, or settle any action therefore, if the Lessee after written notice from Lessor or Secretary fails to pay or to post bond against enforcement. All such sums paid by Lessor as well as all costs and other expenses incurred by Lessor in so doing shall be paid to Lessor by Lessee upon demand with interest at the rate of twelve percent (12%) per annum from date of payment until repaid. Failure to make such repayment on demand shall constitute a breach of the covenants of this lease.

#### 16. <u>INDEMNIFICATION AND INSURANCE</u>.

- Indemnification. Neither the Lessor nor the Secretary, nor their officers, agents, A. and employees shall be liable for any loss, damage, or injury of any kind whatsoever to the person or property of the Lessee or any other person, arising from any cause whatsoever that shall occur in any manner in, on, or about the leased premises, or arising from the condition of the leased premises or from any defect in the construction, maintenance, or operation of any improvement on the leased premises or from any accident, fire or other casualty on or about the leased premises. To the extent permitted by law and subject to the immunities provided by law, including those provided in the New Mexico Tort Claims Act, Lessee agrees to indemnify and hold harmless Lessor and the Secretary from any and all such liability and claims for damages or injuries of every kind and nature that might be made or judgment which might accrue or be rendered against Lessor or the Secretary for or on account of any such action or omission of Lessee. Notwithstanding the foregoing, if losses, liabilities, damages, liens, costs and expenses so arising are caused by the concurrent negligence of both Lessor and Lessee, their employees, agents, invitees and licensees, Lessee shall indemnify Lessor only to the extent of Lessee's own negligence or that of its agents, employees, invitees or licensees, to the extent permitted by New Mexico law and subject to the immunities provided by New Mexico law. Subject to the immunities provided by law and only to the extent of the policy limits of any applicable liability insurance of Lessor in effect, Lessor shall indemnify Lessee for liability and claims for damages or injuries asserted by third parties to the extent based on Lessor's negligence or that of its agents, employees, invitees or licensees.
- B. General Liability Insurance. At all times during the term of this lease, Lessee shall carry a general liability insurance policy issued by and binding upon insurance companies approved by and brokered through the New Mexico Public School Insurance Authority and consistent with the requirement of the New Mexico Tort Claims Act. Evidence, acceptable to the Lessor and the Secretary, of such coverage or a change in coverage or cancellation or non-renewal shall be furnished to the Lessor and a copy of the same to the Secretary. Lessor and the United States shall be named as an additional insured in respect to this lease. This coverage shall be primary as to Lessor and the United States, and not contributing with any other insurance or similar protection available to Lessor or the United States, whether said other available coverage be primary, contributing or excess. Lessee shall notify Lessor and the Secretary without delay of any occurrence which might precipitate the filing of a claim against the insured.

#### C. Fire and Damage Insurance.

(1) Lessee shall, from the date of approval of this lease and continuing during the life of its term, carry fire and property damage insurance with extended coverage endorsements, to include vandalism, and reflecting the parties' insurable interests, covering 100% of the replacement cost of all improvements on the leased premises. Evidence, acceptable to the Lessor and the Secretary, of such coverage or a change in

coverage or cancellation or non-renewal shall be furnished to the Lessor and a copy of the same to the Secretary. Lessee shall notify the Lessor and the Secretary without delay of any occurrence which might require filing of a claim with the insurer. Lessee shall pay all premiums and other charges for such insurance.

- (2) Lessee hereby agrees that damage to or destruction of any buildings or improvement on the leased premises at any time by fire or any other casualty whatsoever shall not cause termination of this lease or authorize Lessee or those claiming by, through, or under it to quit or surrender possession of the leased premises or any part thereof, and shall not release Lessee in any way from its liability to pay Lessor the rents hereinabove provided for or from any other agreements, covenants, or conditions of this lease.
- (3) In the event of damage to any improvements on the leased premises, Lessee shall either reconstruct the improvement in compliance with applicable laws and building regulations and in accordance with plans to be approved pursuant to Section 12 Paragraph C of this lease entitled "Plans and Designs," with such reconstruction to commence within one (1) year after the damage occurs, or remove the structure or improvement from the leased premises within one (1) year after the damage occurs. Lessee shall deposit in escrow with an institution approved by the Secretary all insurance proceeds. Escrow instructions shall include provisions that all funds so deposited shall be used to either reconstruct or remove the damaged improvements, and funds shall be disbursed during the progress of reconstruction on proper architect's, engineer's, or contractor's certificates or shall be disbursed during the progress of removal in accordance with instruction from Lessee. All money in escrow, after reconstruction or removal has been completed shall be paid to Lessee. If a default under this lease has taken place, said money shall remain in escrow as security for performance by Lessee until said default is corrected, after which, funds remaining shall be paid to Lessee. If Lessee does not correct the default, said funds shall be paid to the Lessor.

#### 17. **EMINENT DOMAIN.**

A. If, at any time during the term of this lease, the leased premises or any part thereof is taken or condemned under the laws of eminent domain, then and in every such case the leasehold estate and interest of the Lessee in the leased premises so taken shall forthwith cease and terminate. All compensation awarded by reason of the taking of the leased premises shall be awarded to the Lessee and the Lessor as their interests appear at the time of such taking, unless an encumbrance of the leasehold has been approved by the Secretary, in which case the compensation or award, only insofar as it is awarded for damages to the improvements on the leased premises, to the extent of the unpaid balance of any approved encumbrance, shall be paid to the encumbrancer. As between Lessor and Lessee or sublessor and sublessee, if such amount exceeds the amount to which Lessee or sublessee is entitled under the other terms of this lease, Lessee or sublessee shall pay any such excess to Lessor or sublessor, as appropriate.

B. If after condemnation, continuation of this lease is no longer feasible, the lease may be terminated by agreement of the parties, subject to the approval of the Secretary.

#### 18. HOLDING OVER, INSPECTION, DELIVERY OF PREMISES.

- A. Holding Over. Holding over by the Lessee after the termination or expiration of this lease shall not constitute a renewal or extension thereof or give the Lessee any rights hereunder or in or to the leased premises.
- B. Inspection. The Lessor and the Secretary and their authorized representatives shall have the right, at any reasonable time during the term of this lease, to enter upon the leased premises, or any part thereof, to inspect the same and all buildings and other improvements erected and placed thereon, including the right to observe classes, so long as reasonable notice is provided to Lessee and such inspection does not disrupt the operation of the school or the educational process.
- C. Delivery of Premises. At the termination or expiration of this lease, Lessee will peaceably and without legal process deliver up the possession of the leased premises in good condition, usual wear and acts of God excepted.

#### 19. **GOVERNMENTAL REGULATIONS.**

- A. Termination of Federal Trust. Nothing contained in this lease shall operate to delay or prevent a termination of federal trust responsibilities with respect to the land during the term of this lease; however, such termination shall not serve to abrogate this lease. In the event of such termination, all powers, duties, or other functions of the Secretary shall terminate, and the sole responsibility for enforcing compliance with the covenants of this lease shall be assumed by the Lessor.
- B. Archaeological, Cultural, and Historic Resources Protection. Lessee agrees that whenever in the course of construction of improvements on the leased premises, any indication of heretofore undetected subsurface sites of archaeological, cultural or historic resources is brought to light, the construction shall be halted and the involved area reevaluated by a qualified archaeologist acceptable to the Secretary, to prevent inadvertent destruction of such non-renewable resources. The Lessee shall comply with the recommendations for mitigation made by the archaeologist and approved by the Secretary. The cost of any required archaeological reevaluation and mitigation shall be borne by the Lessee and any archaeological, cultural or historic artifacts which may be salvaged shall be delivered to the Secretary for appropriate disposition.
- C. Regulations, Ordinances, Statutes. Lessee shall, at Lessee's sole cost and expense, comply with all applicable statutes, ordinances and regulations of county, municipal, state, federal, and tribal governmental authorities having jurisdiction over the leased premises or the Santo Domingo School now in force or which may hereafter be in force. Nothing in this paragraph or any other provision of this lease shall be construed as constituting the consent of the Pueblo or the Secretary to the application of county,

municipal, or state law that does not otherwise apply on the leased premises independently from this lease.

#### D. Environmental Protection Requirements.

- (1) General Requirements. Lessee at its sole expense shall be responsible for satisfying all federal, state, and/or tribal environmental protection requirements to the extent they may be applicable to the leased premises. It is further agreed that Lessee will furnish the Lessor and the Secretary a copy of all environmental assessments, environmental impact statements or reports that Lessee or its representatives may file with federal, state, or tribal governmental authorities for consideration, and that Lessee will furnish the Lessor and the Secretary a copy of the governmental ruling on such documents.
- (2) Environmental Contamination. Lessee shall continue to be responsible for any environmental contamination of the leased premises that was released or placed on the leased premises by or under the authority of Lessee or its agents during the term of any expired lease of the leased premises by Lessee. Lessee is further responsible for any environmental contamination that is released or placed on the leased premises by or under the authority of Lessee or its agents during the term of this lease. Lessee shall not be responsible for any environmental contamination that is released on the leased premises by Lessor or that migrates onto the leased premises from outside the leased premises from a source other than Lessee.
- (3) Hazardous Substances. Lessee shall not cause or permit any hazardous substance to be used, stored, generated or disposed of on or in the leased premises without the prior written approval of Lessor, which approval may be given, given upon conditions or denied in the sole discretion of Lessor. Without limitation of the foregoing, if Lessee causes or permits the presence of any hazardous substance on the leased premises and such results in contamination to the leased premises or any building or other improvement thereon, Lessee shall promptly take any and all actions necessary or appropriate to restore the leased premises or building or other improvement to the condition existing prior to the presence of any such hazardous substance on the leased premises. Lessee shall obtain written approval from Lessor prior to commencement of any such remedial action.

#### 20. <u>JURISDICTIONAL MATTERS</u>.

A. Lessor and Lessee enter into this lease on a government to government basis, not as a commercial business lease between private parties. By entering into this lease, Lessor does not consent to or submit itself or its members to the governmental authority of the State of New Mexico, Lessee, or any other political subdivision or agency of the State of New Mexico. Neither party waives any rights, including but not limited to: treaty rights, immunities, or jurisdictional defenses, or defenses based on other law protecting status.

- B. Nothing in this lease shall be construed to affect or diminish in any respect the civil or criminal jurisdiction of the Pueblo as a sovereign government (including without limitation its taxation power) or its authority to exercise dominion and control over the leased premises or over the conduct or property of any person, whether a member or non-member of the Pueblo, occurring within or located on the leased premises. The Pueblo expressly reserves all such jurisdiction and authority to the fullest extent permitted by federal law.
- C. Nothing in this lease shall be construed as a recognition by either of the parties hereto of any right in the State of New Mexico or any of its political subdivisions to tax the Pueblo or its land or the property or income of any of member of the Pueblo or other Indian residents within the Pueblo lands or any other property of the Pueblo or its members in the State of New Mexico now exempt from taxation, nor to allow the State of New Mexico to impose any tax whatsoever from which the Pueblo, its members, or other Indian residents on Pueblo lands are now exempt. Furthermore, this lease is not to be nor shall it be construed as any extension of the jurisdiction of the State of New Mexico over the Pueblo, its members, or the property of either the Pueblo or its members.
- D. This lease authorizes Lessee to use the leased premises exclusively for a public school, and shall not be construed to grant any right of access to any Pueblo lands (including the leased premises) to Lessee for any other purpose, or to the general public for any purpose; provided that Lessee may permit its employees and members of the general public to enter and be on the leased premises for purposes directly related to operations of the School.
- E. The right of any entity or natural person, whether member or non-member of the Pueblo, to use or be present on the leased premises is conditioned on that entity's or person's compliance with all laws, customs and traditions of the Pueblo, including without limitation the tax laws of the Pueblo, to the fullest extent permitted by federal law; and the Pueblo reserves its right as landowner and as a sovereign government to exclude any such entity or natural person from the leased premises for violation of the laws, customs and traditions of the Pueblo.
- F. The Pueblo shall not exercise the powers reserved by this section: (a) in a manner that would materially impair or impede the exercise by Lessee of its right to use the leased premises as a public school, (b) to impose the legal incidence of any tax directly on Lessee, or (c) to assert judicial jurisdiction over claims of any person against Lessee.
- G. Lessee acknowledges that the Pueblo has entered into a cooperative agreement with the New Mexico Department of Taxation and Revenue ("NMTRD") pursuant to NMSA 1978, § 9-11-12.1 relating to gross receipts taxes of the Pueblo and the State and providing for administration of the reciprocal gross receipts tax credits described in NMSA 1978, § 7-9-88.1. For so long as that cooperative agreement is in effect, Lessee agrees to instruct all non-Santo Domingo businesses (as defined by the cooperative agreement) that sell or lease property to Lessee or provide services to Lessee through transactions for which the taxable situs is on the leased premises to report their receipts to

NMTRD using location code 29-974 or the successor code adopted by NMTRD for such transactions.

#### 21. <u>UTILITY SERVICE LINE AGREEMENTS.</u>

A. Lessee shall have the right to enter into service line agreements with utility companies to provide utility services within the leased premises, including but not limited to gas, water, electricity, telephone, television, internet access, and sewer facilities, necessary to the full enjoyment of the leased premises and the development thereof in accordance with the provisions of this lease, which agreements shall be binding upon any sublessee or other occupant of the leased premises. Such service line agreements shall be confined to the installation, maintenance, and operation of utility service lines located within the leased premises, and shall not extend beyond the term of this lease. Upon entering into any such agreement, Lessee shall furnish Lessor and the Secretary executed copies thereof together with a plat or diagram showing the true location of the utility lines to be constructed in accordance therewith. All such agreements shall be valid only if approved by Lessor and the Secretary.

No sublessee shall have the right to enter into such service line agreements, and this limitation shall be inserted in all subleases. Sublessee shall, however, have the right to contract for utility services.

B. Nothing in this lease shall be construed as granting Lessor's consent to any right-of-way over tribal land for any purpose. Nothing contained herein shall be construed to limit the right of Lessor to approve rights-of-way or enter into other agreements with utility companies for utility lines across the leased premises, provided that such utility lines do not unreasonably interfere with Lessee's use of the leased premises.

#### 22. **ENCUMBRANCE**

- A. This Lease or any interest therein may not be encumbered without the prior written approval of Lessor and the Secretary, and no such encumbrance shall be valid or binding without such prior written approval. An encumbrance shall be confined to the leasehold interest of Lessee, and shall not jeopardize in any way Lessor's interest in the land. Lessee agrees to furnish any requested financial statements or analyses pertinent to the encumbrance that Lessor and the Secretary may deem necessary to justify the amount, purpose and terms of said encumbrance.
- B. In the event of default by Lessee of the terms of an approved encumbrance, the encumbrancer may exercise any rights provided in such approved encumbrance, provided that prior to any sale of the leasehold, the encumbrancer shall give to Lessor and the Secretary notice of the same character and duration as is required to be given to Lessee by the terms of such approved encumbrance and by applicable law. In the event of such default, Lessor shall have the right, which may be exercised at any time prior to the completion of sale, to pay to the encumbrancer any and all amounts secured by the

approved encumbrance, plus unpaid interest accrued to the date of such payment, plus expenses of sale incurred to the date of such payment.

- C. If Lessor exercises the above right, all right, title and interest of Lessee in this lease shall terminate and Lessor shall acquire this lease; provided, however, that such termination shall not relieve Lessee of any obligation or liability which shall have accrued prior to the date of termination. Acquisition of this lease by Lessor under these circumstances shall not serve to extinguish this lease by merger or otherwise.
- D. If Lessor declines to exercise the above right and sale of the leasehold under the approved encumbrance shall occur, the purchaser at such sale shall succeed to all of the right, title and interest of Lessee in this lease. It is further agreed that the purchaser at such sale if it is the encumbrancer, the encumbrancer may sell and assign this lease without any further approval by Lessor and the Secretary, provided that the assignee shall agree in writing to be bound by all the covenants, agreements, terms and conditions of this lease, and no such assignment shall be valid unless and until the assignee shall so agree. If the encumbrancer is the purchaser, it shall be required to perform the obligations of this lease only so long as it retains title thereto. If the purchaser is other than the encumbrancer, the purchaser shall agree in writing to be bound by all the covenants, agreements, terms and conditions of this lease, and no such purchase shall be valid unless and until purchaser shall so agree.

#### 23. **DEFAULT**.

- A. Time is declared to be of the essence in this lease. Should Lessee default in any payment of monies when due under this lease, fail to post bond or be in violation of any other provision of this lease, said violation may be acted upon by the Secretary in accordance with the provisions of 25 C.F.R. part 162, including any amendments or successors thereto.
- B. In addition to the rights and remedies provided by the aforementioned regulations, Lessor and the Secretary, either jointly or severally, may exercise the following options upon Lessee's default, authorized by applicable law subject to the provisions of paragraph D below:
- (1) collect, by suit or otherwise, all monies as they become due hereunder, or enforce by suit or otherwise, Lessee's compliance with all provisions of this lease; or
- (2) re-enter the leased premises if the Lessee has abandoned the leased premises pursuant to Section 14 Paragraph C, and remove all persons and property therefrom, and re-let the leased premises without terminating this lease as the agent and for the account of Lessee, but without prejudice to the right to cause the termination of this lease under applicable law thereafter, and without invalidating any right of Lessor or the Secretary or any obligations of Lessee hereunder. The terms and conditions of such re-letting shall be in the sole discretion of Lessor, who shall have the right to alter and repair the premises as it deems advisable and to re-let with or without any equipment or

fixtures situated thereon. Rents from any such re-letting shall be applied first to the expense of reletting, collection, altering and repairing, including reasonable attorney's fees and any reasonable real estate commission actually paid, insurance, taxes and assessments and thereafter toward payment to liquidate the total liability of Lessee. Lessee shall pay to Lessor monthly when due, any deficiency and Lessor or the Secretary may sue thereafter as each monthly deficiency shall arise; or

- (3) take any other action authorized or allowed under applicable law.
- C. No waiver of a breach of any of the terms and conditions of this lease shall be construed to be a waiver of any succeeding breach of the same or any other term or condition of this lease. Exercise of any of the remedies herein shall not exclude recourse to any other remedies, by suit or otherwise, which may be exercised by Lessor or the Secretary, or any other rights or remedies now held or which may be held by Lessor in the future.
- D. Lessor and the Secretary, as the case may be, shall give to an approved encumbrancer a copy of each notice of default by Lessee at the same time as such notice of default shall be given to Lessee. Lessor and the Secretary shall accept performance by an approved encumbrancer of any of Lessee's obligations under this lease, with the same force and effect as though performed by Lessee. An approved encumbrancer shall have standing to pursue any appeals permitted by applicable federal or tribal law that Lessee would be entitled to pursue. Neither Lessor nor the Secretary shall terminate this lease if an approved encumbrancer has cured or is taking action diligently to cure Lessee's default and has commenced and is pursuing diligently either a foreclosure action or an assignment in lieu of foreclosure.

#### 24. **DISPUTE RESOLUTION**.

- A. Any dispute or controversy that arises between the parties to this lease as to the interpretation of any part of the lease or as to whether or not the terms of the lease are being performed (a "Dispute") shall be resolved through the procedures described in this section; provided that nothing in this section shall be construed as limiting any authority of the Secretary under federal law to remedy any breach of this lease.
- B. The parties shall first attempt to resolve the Dispute through direct negotiations. Only if those negotiations are unsuccessful, either party may initiate arbitration by delivering a written demand for arbitration to the other party. Lessor and Lessee shall each appoint an arbitrator within thirty (30) days of delivery of the written demand for arbitration, and the two appointed arbitrators shall jointly appoint a third arbitrator. The three arbitrators so appointed shall meet within fourteen (14) days of the appointment of the third arbitrator, shall set a date for a hearing, and shall establish any pre-hearing procedures. At the hearing both parties shall have a fair opportunity to present the facts and legal arguments they contend are relevant to the Dispute. The arbitrators shall base their decision on the hearing.

C. All decisions of the arbitrators shall require at least two affirmative votes in support of the decision. The arbitrators shall have the authority to enter an order declaring the rights and obligations of the parties under this lease, but shall have no authority to order either party to pay monetary damages to the other party. The decision of the arbitrators on questions of fact shall be final and shall be binding between Lessor and Lessee.

#### 25. **MISCELLANEOUS**.

- A. Payments and Notices. All notices, payments and demands, shall be sent to the parties hereto at the addresses herein recited or to such addresses as the parties may hereafter designate in writing. Notices and demands shall be delivered in person or sent by registered mail. Service of any notice or demand shall be deemed complete on the date actually received. Copies of all notices and demands shall be sent to the Secretary in care of the Superintendent, Southern Pueblos Agency.
- B. Force Majeure. Whenever under this lease a time is stated within which or by which original construction, repairs, or reconstruction of improvements shall be completed, and if during such period a general or sympathetic strike or lockout, war or rebellion or some other event occurs that is beyond Lessee's power of control, the period of delay so caused shall be added to the period allowed herein for the completion of such work.
- C. Employment Preference. Lessee agrees to give a preference to members of Santo Domingo Pueblo in recruiting, hiring, and training individuals for employment positions that include work on the leased premises and for which the individuals are qualified or can reasonably be trained to qualify.
- D. Compliance Review. Lessor and/or the Secretary may periodically conduct a compliance review of this lease and may specify, in writing, any incidents of noncompliance. Lessor and/or the Secretary will provide a copy of the written compliance review report to Lessee by certified mail, including a description of any requested curative actions by Lessee. Within ninety (90) days from the certified delivery of the compliance report, Lessee shall either initiate the dispute resolution procedures of Section 24 of this lease or shall take the curative actions that are capable of being completed within ninety (90) days. If the nature of the noncompliance is such that more than ninety (90) days are reasonably required for its cure, then Lessee shall commence to cure the noncompliance within the ninety (90) day period and thereafter diligently prosecute such cure to completion.
- E. Notices. The addresses of Lessor, Lessee and other persons to whom notices authorized or required by this lease shall be sent until further notice are:

President

Board of Education of Bernalillo Municipal Public School District No. 61 224 N. Camino del Pueblo

Bernalillo, NM 87004

Governor Pueblo of Santo Domingo P.O. Box 99 Santo Domingo, NM 87052

Superintendent Bernalillo Public Schools 224 N. Camino del Pueblo Bernalillo, NM 87004

Secretary of the Interior c/o Superintendent Southern Pueblos Agency 1001 Indian School Road, NW Albuquerque, NM 87104

- F. Amendments. This lease shall not be altered or amended except by instrument in writing executed and agreed upon by Lessor, Lessee, and the Secretary.
- G. Governing Law. Except as prohibited by applicable federal law, the law of the Pueblo shall govern the construction, performance and enforcement of this lease.
- Sovereign Immunity. Nothing in this lease shall be construed or applied as constituting a waiver, express or implied, of the sovereign immunity of the Pueblo or of the State of New Mexico.

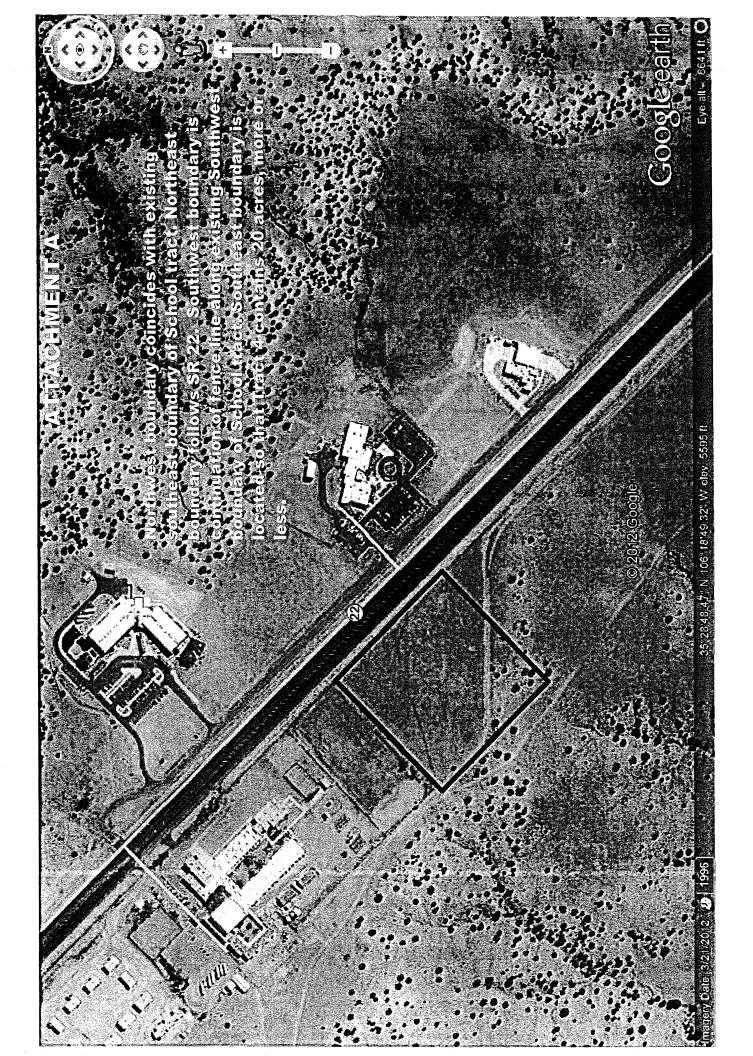

IN WITNESS WHEREOF, the parties have hereunto set their hands on the DA ARMHEY , 2012. day of

December 12, 2012

Mr. Bob Gorrell Director Public School Facilities Authority 1312 Gold, SE Albuquerque, New Mexico 87106

Subject: Extension request for land lease deadline

Dear Mr. Gorrell:

On behalf of the Zuni Board of Education, I respectfully request a 45 day extension to the land lease deadline identified in the Memorandum of Understanding for the proposed new combined elementary school. The deadline indicates that the land lease for 50 years must be in effect by January 1, 2013. I request an extension until February 15, 2013 for the following reasons:

- 1. There were four sites identified for the proposed new elementary. While the tribe dedicated acreage at the "Fair Grounds" site, the site was initially too restrictive at 16.5 acres and there was some community opposition because the existing playing fields would no longer be available for community use. The other sites were reviewed and while these sites have ample acreage, (20+) all require substantial utility and access infrastructure development as well as land clearance and leveling. These costs limited our choices and one of the proposed sites also requires extensive traditional properties clearances and mitigation. Another site (Old Zuni High School site) was favored. However, the cost to purchase family assigned lands would be prohibitive and family politics is a reality for that site. Since none of these sites were acceptable, we met with the tribal Council to seek additional acreage at the "Fair grounds" site. The request for additional acreage was agreed upon by the tribal Council at a meeting held on 12/4/12. This additional acreage at the Fair Grounds site will bring the total acreage available to over 23 acres.
- 2. Benefits of selected site: The fairgrounds site has several benefits. It is the site identified and approved with the award. With the additional acreage, the site will allow ample ingress/egress, parking, and recreational fields near the proposed facility. A 14 inch water main is located near the property line and parallels Highway 53. The water main also crosses to the north in an adjacent field. The sewer line is located nearby as are the three phase power and fiber optic connections. Bus routes to the site will be located off of tribal route 301 N. on the north side of the property.
- 3. Surveys required: The following surveys and assessments will be accomplished: plat and property survey; topographical survey; soils survey; environmental impact assessment; traditional cultural properties survey and report. The Fairgrounds site is the most feasible site for the proposed combined elementary school. Mr. Paul Meyer, ZPSD Director of Operational Support has been tasked to arrange for all surveys to be conducted in an expedited manner. The property, topographical, and soils surveys will be accomplished under contract by Dyron Murphy

Architects. They are a qualified CES provider. The environmental assessment will be conducted by EMI, another CES qualified provider and a Traditional Cultural Properties survey will be accomplished locally by the Zuni Conservation Enterprise. We anticipate having these surveys completed by the end of December, 2012. Mr. Andrew Othole, Director of the Tribe's Office of Planning and Development will provide GPS drawings of the expanded Fairgrounds site with overlays for utilities.

- 4. Tribal Council commitment to lease: The Zuni Tribal Council has verbally committed to a 50 year lease of the fairgrounds property and has instructed me to work with Mr. Othole to develop a draft resolution for this purpose. I have begun this activity and look toward to presenting a draft transfer resolution to the tribal Council for review by 12/17/12.
- 5. 50 year lease: The Zuni Tribal Council has verbally committed to a 50 year lease for the site and provided a similar assurance for the hearings requesting support for this project. The lease terms and conditions will be included in the transfer documents and tribal resolution.

We are confident that the required surveys, assessments and transfer documents will be substantially completed by the end of December and finalized in January 2013. Please contact me if there are any questions. I may be reached at (505) 782-5511 ext. 6001, or <a href="mayer-hayes.lewis@zpsd.org">hayes.lewis@zpsd.org</a>.

| Sincerely,  | Concurred:  |

#### ARTICLE I

#### **DEFINITIONS**

Section 1.01. Secretary of the Department of the Interior.

"Secretary" means the Secretary of the Interior of the United States of America or his authorized representative, delegate, or successor.

Section 1.02. Zuni Tribe.

"Zuni Tribe" means the Zuni Tribe, Zuni Indian Reservation, a sovereign American Indian tribe organized pursuant to the Act of June 18, 1934 (48 Stat. 984), as amended, located in the State of New Mexico.

Section 1.03. Removable Personal Property.

"Removable Personal Property" as used herein excludes property which normally would be attached or affixed to the buildings, improvements, or land in such a manner that it would become a part of the realty, regardless of whether such property is in fact so placed in or on or affixed or attached to the buildings, improvements, or land.

#### **ARTICLE II**

#### **LEASED PREMISES**

#### Section 2.01. Description of the Leased Premises.

For and in consideration of the rents, covenants, and agreements hereinafter provided, the Lessor hereby lets and leases unto the Lessee the land and premises described as follows, to wit:

| a certain tract of land located within Section 23, T10N, R19W, New Mexico      | Principal |
|--|-----------|
| Meridian, Zuni Indian Reservation, McKinley County, New Mexico, containing     | 23.00     |
| acres, more or less, and is more particularly described on Exhibit "A"         | attached  |
| hereto and made a part hereof. Exhibit "A" is a Boundary Survey plat completed | by        |
| Dyron Murphy Architects signed by dated  | -         |

Section 2.02. Condition of Leased Premises.

Lessee has examined and knows the leased premises and no representation as to the condition thereof have been made by the Lessor or any agent of Lessor prior to or at the time of the execution of this lease and Lessee warrants that it has not relied on any warranty or representation made by or for Lessor but solely upon Lessee's independent investigation.

#### ARTICLE III

#### **TERM**

Section 3.01. Term.

The term of this lease shall be Fifty (50) years beginning on date approved by the Lessor.

#### ARTICLE IV

#### **PURPOSE**

Section 4.01. Purpose.

Lessee, for and in consideration of this lease and the demise of the said premises by Lessor to Lessee, hereby agrees and covenants with Lessor to use and occupy the said leased premises for the following purpose: For construction and development of a K to Grade 5 elementary school facility, operation and maintenance of said school facility, including but not limited to recreational activities, parking and access. Said school shall be open for free education of all children within the Zuni Public School District.

Lessee shall not use or permit or suffer the use of the leased premises for any other business or for any unlawful conduct or purpose.

#### ARTICLE V

#### **RENT**

Section 5.01. Rental.

It is agreed by the parties hereto that the first year of this lease shall be a development period during which Lessee will construct improvements described at Article VII of this lease and during said period, Lessee shall pay no rent.

The Lessee, in consideration of the foregoing, covenants and agrees to pay in lawful money of the United States to the Zuni Tribe, at P.O. Box 339, Zuni, New Mexico 87327 or such other places as designated by Lessor, the sum of Two Hundred Fifty Dollars (\$250.00) each year, in advance. Lessee shall pay the annual rental beginning the second year of the lease and on the same day of each year thereafter during the term of this lease.

Section 5.02. Rental Adjustments.

The rental provision in this lease shall be increased by <u>four percent (4%)</u>, compounded, every five years during the term of the lease.

Section 5.03. Past Due Rent.

All rentals called for hereunder shall be paid without prior notice or demand. Rental unpaid after the due date shall bear interest at eighteen percent (18%) per annum from the date it becomes due until paid, but this provision shall not be construe to relieve the Lessee from any default in making any rental payment to the time and in the manner herein specified.

Section 5.04. Future Rental Deliveries.

While the leased premises are in trust or restricted status, the Secretary may in his discretion, and upon notice to the Lessee, suspend the direct rental payment provisions of this lease in which event the rental shall be paid to the official of the Bureau of Indian Affairs having jurisdiction over the leased premises.

#### ARTICLE VI

#### **SURETY BOND**

Section 6.01. Surety Bond.

Upon approval of this lease by the Secretary, the Lessee shall post a bond satisfactory to the Secretary in an amount equal to one year's rental to guarantee Lessee's obligations under this Lease. In the alternative, Lessee may furnish a certificate of deposit, irrevocable letter of credit, corporate surety bond, negotiable Treasury security, assignment of savings account or other form of liquid, non-volatile security, which must have a face or market value equivalent to the bond and be payable to the Secretary or accompanied by a statement giving the Secretary authority to redeem or sell such security in case of a violation of the terms and conditions of this Lease. The

bond shall be maintained at all times in the amount specified above. The bond shall be deposited with the Secretary, on which interest shall not accrue or be paid. The bond shall specify that it is to cover the obligations under this Lease.

#### ARTICLE VII

#### IMPROVEMENTS, ALTERATIONS, ADDITIONS

Section 7.01. Improvements and Completion of Development.

As a material part of the consideration for this lease, Lessee, at its sole cost and expense, agrees to complete or caused to be completed construction of the following buildings and improvements on the leased premises at the cost of having the values specified and is accordance with the following schedule: Within one ( 1 ) year after the approval of this lease, Lessee agrees to construct a school building and related structures, improvements and facilities, consisting of approximately 89,000 square feet having an actual cost value of not less than Twenty-three Million Dollars (\$23,000,000.00) and described as Exhibit "B" – Plans and Designs, attached hereto and made a part hereof, upon completion by the Lessee.

If the Lessee fails to complete improvements, development and construction within such period set out hereinbefore, the Lessor, may at Lessor's sole option elect at the end of each lease year, to either:

- A. Cancel the lease, or
- B. Modify the lease to exclude that portion of the leased premises that has not been developed.

Section 7.02. Plans and Designs.

Before Lessee shall commence the construction of any building, structure, improvement or facility on the leased premises, or any substantial addition to or alteration or replacement of any such building, structure, improvement or facility, in excess of \$100,000.00, Lessee shall submit to Lessor and the Secretary Plans and specifications requesting written consent for the construction of the improvements proposed. Lessor and the Secretary shall either approve or state their reasons for disapproval of the general plans, architect's design, plats, surveys, and specifications within thirty (30) days after submission of Lessee. No change will be made in the plans and specifications, after approval, without consent of the Lessor and the Secretary. In the event Lessor and the Secretary do not approve plans and designs submitted by Lessee, Lessee may terminate this lease without further obligation.

All buildings, structures, improvements, and facilities constructed or installed upon the leased premises by Lessee and any and all subsequent changes and alterations therein and additions thereto and replacements thereof shall be done without cost or expense or liability to

Lessor, and shall be constructed in accordance with International Building Code, IBC 2009 (or the current version as adopted by the state of New Mexico.)

#### Section 7.03. Notices of Construction Work.

Before the commencement of any work of construction of any building, structure or other improvement on the leased premises, or of any substantial repairs, alterations, additions or replacements in and about the leased premises, Lessee shall give or cause to be given to the Lessor and the Secretary written notice as hereinbefore provided; and Lessee shall post and maintain on the leased premises, or any part thereof, such notices of construction work as may be provided by law.

#### Section 7.04. Ownership of Improvements.

During the term of this lease, any and all buildings, structures, improvements approved to be placed or constructed by Lessee shall belong to and be the property of Lessee subject to the covenants, conditions and restrictions contained in this lease. Upon the expiration term hereof, or upon any earlier termination of this lease, Lessor, at the sole option of Lessor, permit Lessee to remove from said leased premises any buildings or structures which are wholly-owned by Lessee, within ninety (90) days of the date of such expiration or termination; provided that if such improvements are removed, Lessee shall restore said leased premises to a safe and sanitary condition to the satisfaction of the Lessor and the Secretary. At least two years prior to the expiration of this lease, Lessee agrees to conduct an environmental site assessment using the ATMS Standards for Phase I Environmental Site Assessment Process to identify any contaminants requiring specialized handling and disposal. Lessee shall submit to Lessor and the Secretary the findings report of the Phase I Environmental Site Assessment, and a Mitigation Plan for the disposal of any such hazardous contaminants. Lessor and the Secretary shall provide their approval or disapproval of the Mitigation Plan within thirty (30) days. The Lessor may accept any buildings, structures, or other improvements that Lessee certifies to be safe and free from any hazardous materials and desires to transfer ownership to the Lessor.

#### Section 7.05. Performance Bond.

Before beginning construction of each improvement, Lessee agrees to provide security to guarantee completion of the improvements and payment in full of claims of all persons for work performed on or materials furnished for construction. Lessee may provide said security by either:

A. Posting a corporate surety bond in an amount equal to the cost of each building or other improvement. Said bond to be deposited with the Lessor and a copy of the same with the Secretary and to remain in effect until the improvement is satisfactorily completed. Said bond shall be conditioned upon the faithful performance of Lessee and give all claimants the right of action to recover upon said bond in any suit brought to foreclose mechanics' or materialmen's liens against the property; or,

B. Depositing in escrow with an institution acceptable to the Lessor and the Secretary, negotiable United States Treasury Bonds or cash, in an amount sufficient to pay the entire cost of construction of each building or other improvements to be erected or installed on the leased premises. The escrow instructions shall include provisions for disbursement in installments upon certification of Lessee's architect, engineer, or contractor as construction progresses. The Lessor and the Secretary shall have access to all information relative to disbursement of funds through said escrow. instructions shall also provide: that not less than fifteen percent (15%) of such funds shall be withheld by the escrow holder until the period fixed by law for the filing of all mechanics' or materialmen's liens on such improvements shall have expired or until a reputable title company issues a title insurance policy which, in substance, insures the Lessor and Secretary against any loss they shall sustain by reason of any statutory liens for labor or materials arising out of any work or improvements described in said escrow instructions; that if mechanics' or materialmen's liens are filed, the funds so withheld shall then be used to discharge such liens; and that if no such liens are filed within the statutory period for filing, the withheld funds shall be then disbursed to the Lessee. If U.S. Treasury Bonds are provided, Lessee agrees to make up any deficiency in the value deposited which might occur due to a decrease to the value of the bonds. Interest on said bonds shall be paid to the Lessee.

#### ARTICLE VIII

#### SUBLEASE, ASSIGNMENT, TRANSFER

Section 8.01. Consent Required.

The Lessee shall not sublease, assign or transfer this lease or any right to or interest in this lease or any of the improvements on the leased premises, without the prior written approval of the Lessor and the Secretary and no such sublease, assignment or transfer shall be valid or binding without such approval, and then only upon the condition that the sublessee, assignee or other successor in interest, shall agree in writing to be bound by each and all of the covenants and conditions of this lease. Should the Lessee attempt to make any such sublease, assignment or transfer except as aforesaid, such action shall be deemed to breach of this lease. Such approval of one sublease, assignment or transfer shall not validate a subsequent sublease, assignment or transfer, and the restrictions of this Article shall apply to each successive sublease, assignment or transfer hereunder and shall be severally binding upon each and every sublessee, assignee, transferee, and other successor in interest of the Lessee.

The Lessor and the Secretary shall not unreasonably withhold approval of any sublease, assignment or transfer, and shall either approve or state its reason for disapproval within thirty (30) days after the sublease, assignment, or transfer is submitted to him for approval.

Section 8.02. Status of Sublease.

Termination of this lease, by cancellation or otherwise, shall not serve to cancel approved sublease and/or subtenancies, but shall operate as an assignment to Lessor of any and all such sublease and/or subtenancies.

#### ARTICLE IX

#### MAINTENANCE AND UTILITIES

Section 9.01. Maintenance by Lessee.

At all times during said term of this lease, Lessee without any cost or expense to Lessor shall keep and maintain the leased premises and every part thereof, including any and all buildings, structures, and other improvements that belong to the Lessee and boundary fences around the lease premises, in good order, repair and clean sanitary condition. Lessee hereby indemnifies and agrees to hold Lessor and the Secretary free and harmless from all liability resulting from all actions, claims, and damages by reason of Lessee's failure to comply with and perform the provisions of this Article. At no time shall Lessee store any property that may be hazardous or pose unsafe and health concerns to the general public or to the children attending the school facility.

Section 9.02. Maintenance of Lessor.

During the term of this lease, Lessor shall not be required or obligated to make any changes, alterations, additions, repairs, or improvements in, upon or about the leased premises, or any part thereof.

Section 9.03. Utilities.

In addition to the rents hereinbefore provided, Lessee agrees to be solely responsible for and promptly pay all charges for sewer and water, gas, electricity, or any other utility used or provided to the leased premises.

Section 9.04. Agreements for Utility Facilities.

All utilities including electricity and sewer and water are located nearby the leased premises. Lessee may request extension of such utility service to the leased premises wherein Lessor agrees to approve a Service Line Agreement requested by a utility company.

#### ARTICLE X

#### LIENS, TAXES, AND ASSESSMENTS

Section 10.01. Liens, Taxes, Assessments.

Lessee shall not permit to be enforced against the leased premises, or any part thereof, any liens arising from any work performed, materials furnished, or obligations incurred by

Lessee, and Lessee shall discharge or post bond against all such liens before any action is brought to enforce same. Lessee shall pay, when and as the same become due and payable, all taxes, assessments, license fees and other like charges levied during the term of this lease upon or against the leased land, all interests therein and property thereon for which either the Lessee or Lessor may become liable. Upon written request, the Lessee shall furnish the Lessor and the Secretary written evidence, duly certified, that any and all taxes required to be paid by Lessee have been paid, satisfied, or otherwise discharged. Lessee shall have the right to contest any claim, tax, or assessment against the property by posting bond to prevent enforcement of any lien resulting therefrom, and Lessee agrees to protect and hold harmless the Lessor, the Secretary and the leased premises and all interest therein and improvements thereon from any and all claims, taxes, assessments and like charges and from any lien therefore or sale or other proceedings to enforce payment thereof, and all costs in connection therewith. Lessor and the Secretary shall execute and file any appropriate documents with reference to real estate tax exemption of the land when requested by Lessee.

#### Section 10.02. Lessor's Paying Claims.

Lessor shall have the option to pay any lien or charge payable by Lessee under this lease, or settle any action therefore, if the Lessee after written notice from Lessor or Secretary fails to pay or to post bond against enforcement. All such sums paid by Lessor as well as all costs and other expenses incurred by Lessor in so doing shall be paid to Lessor by Lessee upon demand with interest at the rate of eighteen percent (18%) per annum from date of payment until repaid. Failure to make such repayment on demand shall constitute a breach of the covenants of this lease.

#### ARTICLE XI

#### **INDEMNIFICATION**

#### Section 11.01. Indemnification.

Neither the Lessor nor the Secretary, nor their officers, agents and employees shall be liable for any loss, damage or injury of any kind whatsoever, unless caused by negligence, recklessness or intentional wrong, to the person or property of the Lessee or sublessee or any other person whomsoever, caused by any use of the leased premises, or by any defect in any structure erected thereon, or arising from any accident, fire or other casualty on said premises or from any other cause whatsoever. Lessee hereby waives all claims against Lessor and the Secretary and agrees to hold Lessor and the Secretary free and harmless from liability for any loss, damage or injury caused by use of the premises by Lessee, together with all cost and expenses in connection thereinwith.

#### Section 11.02. Lessee's Warranty.

Lessee shall not permit any Hazardous Materials to be brought onto, stored in, used in, or disposed of in, on, under or about the Leased Premises except in such quantities as are found in materials used in connection with the operation of Lessee's permitted use of the Leased Premises

and which comply with and are handled, used and disposed of in compliance with all applicable federal and tribal laws, statutes, regulations, rules and ordinances, as amended from time to time including but not limited to all applicable environmental, health and safety, cultural preservation and natural resource management laws, statutes, regulations, rules and ordinances, as amended from time to time.

#### ARTICLE XII

#### **INSURANCE**

#### Section 12.01. General Liability Insurance.

Lessee must maintain occurrence form comprehensive general liability coverage. Such coverage shall include, but not be limited to, bodily injury, property damage broad form, and personal injury, for the hazards of Premises/Operation, broad form contractual, independent contractors, and products/completed operations. Lessee must maintain the aforementioned comprehensive general liability coverage with limits of liability not less than Five Million Dollars (\$5,000,000.00) as the combined single limit for each occurrence of bodily injury, personal injury and property damage. These limits may be satisfied by the comprehensive general liability coverage or in combination with an umbrella or excess liability policy, provided that coverage afforded by the umbrella or excess liability policies are no less than the underlying comprehensive general liability coverage.

#### Section 12.02. Fire and Damage Insurance.

Lessee shall, from the date of approval of this lease, carry fire insurance with extended coverage endorsements, to include vandalism, reflecting the parties' insurable interests, covering the full insurable value of all improvements on the leased premises. Lessee hereby agrees that damage to or destruction of any building or improvement on the leased premises at any time by fire or any other casualty whatsoever shall not cause termination of this lease or authorize the Lessee or those claiming by, through, or under it to quit or surrender possession of said lands or any part thereof, and shall not release the Lessee in any way from its liability to pay Lessor the rents hereinabove provided for or from any other agreements, covenants, or conditions of this lease. In the event of substantial damage to the building on the leased premises, the Lessee and Lessor may agree to terminate the lease under a settlement agreement whereby proceeds of the insurance payment shall be used to remove the damaged structure or improvements. Any proceeds remaining may be paid to the Lessee.

The Lessee shall deposit in escrow with an institution approved by the Secretary all insurance proceeds. Escrow instructions shall include provisions that all funds so deposited shall be used to either reconstruct or remove the damaged improvements, and funds shall be disbursed during the progress of reconstruction on proper architect's, engineer's, or contractor's certificates or shall be disbursed during the progress of removal in accordance with instructions from Lessee. All money in escrow after reconstruction or removal has been completed shall be paid to the Lessee.

Section 12.03. Additional Insured – Certificate of Insurance.

Lessee shall provide, upon approval of this Lease, evidence of the required insurance to the form of a Certificate of Insurance issued by a company (rated A+ or better by Best Insurance Guide), licensed to do business in the State of New Mexico, which includes all coverage required in this Article 12. Lessee will name Lessor as an Additional Insured on the General Liability, Commercial Automobile Liability, and Property Insurance Policies. The Certificate(s) shall also provide that the coverage may not be canceled, non-renewed, or materially changed without thirty (30) days prior written notice to Lessor and the Secretary. Lessee shall notify the Lessor and the Secretary without delay of any occurrence which might require filing of a claim with the insurer. Lessee shall pay all premiums and other charges for all such insurance coverage.

#### ARTICLE XIII

#### EMINENT DOMAIN

Section 13.01. Eminent Domain.

If, at any time during the term of this lease, the leased premises or any part thereof is taken or condemned under the laws of eminent domain, then and in every such case the leasehold estate and interest of the Lessee in the premises so taken shall forthwith cease and terminate. All compensation awarded by reason of the taking of the lease premises shall be awarded to the Lessee and the Lessor as their interests appear at the time of such taking, unless an encumbrance of the leasehold has been approved, in which case the compensation or award, only insofar as it is awarded for damages to the improvements on the leased property, to the extent of the unpaid balance of any approved encumbrance, shall be paid to the encumbrancer. As between Lessor and Lessee or sublessor and sublessee, as the case may be, such amount shall be deemed paid to the Lessee or sublessee and if such amount exceeds the amount to which Lessee or sublessee is entitled under the other terms of this lease; Lessee or sublessee shall pay any such excess to Lessor or sublessor, as appropriate.

The rental thereafter payable hereunder for the remainder of the term of this lease shall be adjusted by agreement of the parties subject to the approval of the Secretary. If after condemnation, continuation of this lease is no longer feasible, the lease may be terminated by agreement of the parties, subject to the approval of the Secretary.

Any disputes arising under this article which cannot be resolved by the parties shall be arbitrated pursuant to Article XXII of this lease hereof.

#### ARTICLE XIV

EVENTS OF DEFAULT; CURE; TERMINATION; REMEDIES

Section 14.01. Events of Default.

Any one or more of the following events shall constitute an Event of Default under this Lease:

- A. If Lessee fails to pay the rent set forth in Article 5 above when said amount shall become due and payable hereunder;
- B. If Lessee fails to perform or observe any material term or condition of this Lease;
- C. If any execution, levy or attachment shall occur upon he Leased Premises;
- D. If Lessee uses the Leased Premises for any purpose not authorized by this Lease without the prior written consent of Lessor and approval of the Secretary; or
- E. If Lessee abandons the Leased Premises.

Section 14.02. Opportunity to Cure Default.

If an Event of Default by Lessee occurs, Lessor shall send written notice of the Event of Default to Lessee, and Lessee shall have the opportunity to cure the Event of Default as follows:

- A. Within ten (10) business days after written notice is sent by Lessor to Lessee informing Lessee of an Event of Default under Section 13.01. (A);
- B. Within ninety (90) business days after written notice is sent by Lessor to Lessee informing Lessee of an Event of Default under Sections 13.01 (B) through (E), provided that if the Event of Default set forth in Lessor's notice is such that it requires more than ninety (90) days to correct, Lessee shall not be deemed to have failed to timely cure the default if Lessee promptly and diligently commences curing the default within ninety (90) days after written notice of the default is sent by Lessor to Lessee, and diligently prosecutes the cure to completion.

#### Section 14.03. Lessor's Remedies.

If an Event of Default by Lessee occurs and Lessee fails to timely cure the default within the time period provided in Section 13.02, then Lessor may pursue either of the following remedies in addition to all other rights and remedies provided at law or in equity; provided however, that if the default set forth in Lessor's notice is such that it requires more than thirty (30) days to correct, Lessee shall not be deemed to have failed to cure the default hereunder if Lessee promptly and diligently commences curing the default within thirty (30) days after written notice of the default is sent by Lessor to Lessee, and diligently prosecutes the cure to completion:

A. To re-enter and take possession of the Leased Premises or any part thereof without being deemed guilty of any manner of trespass and without prejudice to any claim for unpaid rent, actual damages or liquidated damages caused by the default. Should Lessor elect to re-enter and take possession, Lessor may, but shall not be required to, re-let the Leased

Premises or any part therof, for the account of Lessee for such term and on such conditions reasonably determined by Lessor, and Lessor may collect and receive the rents therefore. No such re-entry of the Leased Premises by Lessor shall be construed as an election on Lessor's part to terminate this Lease unless a written notice of such intention is given to Lessee. Lessor reserves the right following any such re-entry to terminate this Lease by giving Lessee such written notice, in which event the Lease will terminate as specified in said notice; or

B. Give Lessee written notice of intention to terminate this Lease effective on the date of the notice or such later date specified therein. On such effective date, Lessee's right to possession of the Leased Premises shall cease and the Lease shall thereupon be terminated.

Section 14.04. No Consequential or Punitive Damages.

In no event will Lessor or Lessee be responsible for any consequential or punitive damages, including but not limited to lost profits or interruption of business, for breach of this Lease.

Section 14.05. No Waiver.

No failure by Lessor to insist upon the strict performance of any agreement, term, covenant or condition of this Lease, or to exercise any right or remedy consequent upon a breach of this Lease, and no acceptance of full or partial payment during the continuance of any such breach shall constitute a waiver of any such breach or of such agreement, term, covenant, or condition. No agreement, term, covenant, or condition of this Lease to be performed or complied with by Lessee and no breach thereof shall be waived, altered, or modified, except by written instrument executed by Lessor. No waiver of any breach shall affect or alter this Lease but each and every agreement, term, covenant, and condition hereof shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

#### Section 14.06. Termination by Lessee.

Except as otherwise provided herein, this Lease may be terminated by Lessee in whole or in part upon thirty (30) days written notice to Lessor that (a) for reasons beyond the control of Lessee, Lessee is unable to obtain or maintain any license, permit or other governmental approval necessary for the construction and/or continued operation of the Facilities or Lessee's business on the Leased Premises, or (b) Lessee intends to abandon some or all of the Leased Premises. In the event Lessee elects to terminate the Lease pursuant to this Section, Lessee shall not be entitled to reimbursement of a pro rata amount of any prepaid compensation. If Lessee terminates this Lease for any reason not set forth under Article XVIII, Section 18.01(B), Lessee shall pay to Lessor as liquidated damages for early termination an amount equal to 24 months of the then-current rent.

Section 14.07. Mitigation of Damages.

Lessor and Lessee shall have the duty to use commercially reasonable efforts to mitigate damages in the event of default.

Section 14.08. Secretarial Action.

Nothing in this Lease, and no enforcement action taken by Lessor, shall affect the authority of the Secretary under 25 CFR §162.613 through §162.623 (2011) to remedy any violations of this Lease by Lessee.

#### ARTICLE XV

#### **NOTICES**

Section 15.01. Notices.

All notices and demands shall be sent to the parties hereto at the address herein recited. Notices and demands for rental payments shall be sent by registered mail ten (10) days after the due date. Services of any notice or demand shall be deemed complete ten (10) days after mailing or the date actually received, whichever occurs first. Said notices and demands shall be sent to the following:

To the Secretary: Superintendent, Bureau of Indian Affairs

Zuni Agency P.O. Box 369

Zuni, New Mexico 87327

To the Lessor: Governor

Zuni Tribe P.O. Box 339

Zuni, New Mexico 87327

With a copy to: Zuni Real Estate Services

P.O. Box 339

Zuni, New Mexico 87327

To the Lessee: President

Board of Education

Zuni Public School District

P.O. Drawer A

Zuni, New Mexico 87327

Section 15.02. Notification of Changes.

The parties shall at all times keep one another and the Secretary informed of the address of its principal place of business and of the name, address and contact information of its principal representatives for purposes of this Lease.

#### ARTICLE XVI

#### DELIVERY OF PREMISES AND INSPECTION,

Section 16.01. Delivery of Premises.

At the termination or expiration of this lease, Lessee will peaceably and without legal process deliver the possession of the leased premises. Prior to the expiration of the lease, Lessee shall remove all personal property and trade fixtures and restore the leased premises to its original condition prior to the lease taking, normal wear and tear excepted, and by performing general clean-up of the walls and dispose of all trash. Lessee agrees to notify utility companies to disconnect services unless the Lessor agrees to the transfer of such utility agreements in its name.

No holding over by the Lessee after the termination or expiration of this lease, whether with or without the consent of Lessor, shall operate to extend or renew this Lease. If the parties have not negotiated a renewal or extension of this Lease beyond its scheduled expiration date, any such holding over shall be construed as a trespass unless Lessor otherwise authorizes Lessee to lawfully occupy the Leased Premises.

Section 16.02. Inspection.

The Lessor and the Secretary and their authorized representatives shall have the right, at any reasonable times during the term of this lease, to enter upon the leased premises, or any part thereof, to inspect the same and all buildings and other improvements erected and placed thereon.

#### ARTICLE XVII

#### ARCHAEOLOGICAL, CULTURAL AND HISTORIC RESOURES

Section 17.01. Archaeological, Cultural and Historic Resources Protection.

Lessee agrees that whenever in the course of construction of improvements on the leased premises, any indication of heretofore undetected sub-surface sites of archaeological, cultural or historic resources is brought to light, the construction shall be halted and the involved area reevaluated by a qualified archaeologist acceptable to the Secretary, to prevent inadvertent destruction of such non-renewable resources. The Lessee shall comply with the recommendations for mitigation made by the archaeologist and approved by the Secretary. The cost of any required archaeological re-evaluation and mitigation shall be borne by the Lessee and any archaeological, cultural or historic artifacts which may be salvaged shall be delivered to the Secretary for appropriate disposition.

#### ARTICLE XVIII

#### ENVIRONMENTAL PROTECTION REQUIREMENTS

Section 18.01. Environmental Protection Requirements.

- A. Lessee hereby warrants and represents that it and/or its representative shall conduct the operation of its business in accordance with Prudent Industry Practices and in accordance with all Applicable Environmental Laws.
- B. Within a reasonable time prior to termination of this Lease, Lessee shall assess the Leased Premises for environmental contamination (whether or not caused by Lessee during the term of this Lease), shall remediate all such contamination, if any, and shall address any damages occasioned by such contamination caused by Lessee or otherwise by the use or storage of such substances on the Leased Premises. Should Lessee fail to complete such responsibilities prior to the termination of this Lease, Lessee shall remain responsible therefore, and may be required to post a bond in an amount reasonably required by the Secretary to ensure that such responsibilities are completed within a reasonable time after termination of this Lease.
- C. Nothing in this Lease shall release Lessee from any liability for environmental contamination of any portion of the Leased Premises caused by Lessee that may have accrued prior to the effective date of this Lease during any period in which Lessee occupied the lands at issue pursuant to any instrument then in effect.

#### ARTICLE IXX

#### RESERVATION OF SOVEREIGN POWERS

Section 19.01. Reservation of Sovereign Powers.

- A. Nothing in this Lease shall be construed to affect or diminish in any respect the civil or criminal jurisdiction of the Zuni Tribe as a sovereign government (including without limitation its taxation power) or its authority to exercise dominion and control over the Leased Premises or over the conduct or property of any person, whether a member or non-member of the Zuni Tribe, occurring within or located on the Leased Premises; and the Zuni Tribe expressly reserves all such jurisdiction and authority.
- B. This Lease authorizes Lessee to use the Leased Premises exclusively for the purposes stated hereinabove. Nothing in this Lease shall be construed to grant any right of access to any other Zuni tribal lands (including the Leased Premises) to Lessee for any other purpose.

#### ARTICLE XX

#### QUIET ENJOYMENT

Section 20.01. Quiet Enjoyment.

Lessor covenants that Lessee and its permitted assigns and successors in interest shall peaceably and quietly hold, enjoy and occupy the Leased Premises for the duration of the Lease without hindrance, interruption, ejection or molestation by any other person or persons, provided that Lessee is not in default under this Lease.

#### ARTICLE XXI

#### MINERALS AND WATER RIGHTS

Section 21.01. Minerals and Water Rights.

This Lease is the lease of the surface and rights incident thereto. Lessor excepts and reserves to itself, its successors, and its assigns, all oil, gas, hydrocarbons, and minerals whatsoever, already found or which may hereafter be found, upon or under the leased premises, with the right to prospect for, or mine and remove the same. Lessor agrees not to exercise, or allow others to exercise, its rights to enter upon the surface of the leased premises, or use within a depth of 200 feet, the subsurface of the leased premises without prior consent of Lessee; provided, however, that Lessor shall have the right to explore, develop and extract minerals from the leased premises by operations carried on from adjoining lands. This lease is a lease of the surface and rights incident thereto, and Lessor excepts and reserves out of the grant hereby made, all water rights owned by the Lessor.

#### ARTICLE XXII

#### DISPUTE RESOLUTION

Section 22.01. Dispute Resolution.

- A. No State Jurisdiction. Lessor and Lessee acknowledge, stipulate, and agree that the State of New Mexico has no jurisdiction over Lessor, this Lease, or the leased premises.
- B. Mediation. In the event that any dispute arises under this lease between Lessor and Lessee which cannot be resolved by and between them, then the party making the claim of non-compliance shall submit the dispute to mediation. Lessor and Lessee shall make a good-faith effort resolve the dispute through mediation.
- C. Disputes. Any controversy, claim or dispute between Lessor and Lessee arising under this Lease or the breach hereof which cannot be settled through mediation shall be submitted to binding arbitration in accordance with the provisions contained in this Section and in accordance with the New Mexico Uniform Arbitration Act (the "Act"); provided, however, that notwithstanding any provisions of the Act, the parties shall have the right to conduct discovery regarding the subject matter of the arbitration as provided in the Federal Rules of Civil Procedure; and provided further that the agreement of Lessor and Lessee to resolve disputes in accordance with the New Mexico Uniform Arbitration Act shall not constitute or be construed as a waiver of Lessor's sovereign immunity. The arbitrators shall determine all questions of fact and law relating to any

controversy, claim or dispute hereunder, including but not limited to whether or not any such controversy, claim or dispute is subject to the arbitration provisions contained herein.

- D. Commencement of Proceeding. Any party desiring arbitration shall serve on the other party in accordance with the Act, its notice of intent to arbitrate ("Notice"), accompanied by the name of the arbitrator selected by the party serving the Notice. A second arbitrator shall be chosen by the other party, and a third arbitrator shall be chosen by the two arbitrators so selected. If the party upon whom the notice is served fails to select an arbitrator and advise the other party of its selection whining thirty (30) days after receipt of the Notice, the second arbitrator shall be selected by the first arbitrator. If the two arbitrators so chosen cannot agree upon a third arbitrator within the (10) days after the appointment of a second arbitrator, the third arbitrator shall be selected by the \_\_\_\_\_\_\_\_. The arbitrators shall be attorneys who are licensed members in good standing of the State Bar of New Mexico or the bar of another state. The arbitration proceedings provided hereunder are hereby declared to be self-executing, and it shall not be necessary to petition a court to compel arbitration.
- E. Location and Attorneys' Fees. All arbitration proceedings shall be held in either the Pueblo of Zuni or some other location agreed upon. Each party shall bear its own costs of arbitration and attorney fees.
- F. Filing Deadlines. The demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen, and in no event shall it be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by its applicable statutes of limitations.
- G. Notice. All notices for arbitration given under this lease shall be in writing and shall be sent to the parties at their respective address stated in, and in accordance with the provisions of this lease.
- H. Enforcement. An award rendered by the arbitrators against either party may be enforced only in the Zuni Tribal Court, which the parties agree is the only court which has jurisdiction over both the Lessor and Lessee. The Judge of the Zuni Tribal Court shall enforce the award as issued by the arbitrators and the Lessor shall be responsible for satisfaction of the judgment if such judgment is issued against the Lessor and whereas the Lessee shall be solely responsible for any judgment entered against the Lessee.

#### Section 22.02. Limited Waiver of Sovereign Immunity.

- A. Except as provided in Section 22.01, nothing in this lease shall be construed as waiving the Lessor's (Zuni Tribe) sovereign immunity from suit or as subject the Zuni Tribe to the jurisdiction of any court.
- B. The Lessor hereby grants to Lessee a limited waiver of its sovereign immunity solely to permit Lessee to initiate arbitration and to enforce an arbitration award as provided

in, and in strict compliance with, Section 22.01 of this lease. The Lessor's (Zuni Tribe's) sovereign immunity shall be jurisdictional bar to any proceeding against the Zuni Tribe other than an arbitration proceeding under Section 22.01 and a proceeding to enforce an arbitration award in the court specified in Section 22.01.

#### ARTICLE XXIII

#### **MISCELLANEOUS**

#### Section 23.01. Termination of Federal Trust.

Nothing contained in this lease shall operate to delay or prevent a termination of federal trust responsibilities with respect to the land during the term of this lease; however, such termination shall not serve to abrogate this lease. In the event of such termination, all powers, duties, other functions of the Secretary of the Interior or his authorized representative shall terminate, and the responsibility for enforcing compliance with the covenants of this lease shall be assumed by the Lessor. Lessor and Lessee shall be notified of any such change in the status of the land.

#### Section 23.02. Regulations, Ordinances, Statutes.

Lessee shall, at Lessee's sole cost and expense, comply with all applicable Zuni Tribal, federal, or state laws, ordinances, rules, regulations and other legal requirements. Lessee agrees to obtain and maintain any permits and licenses required to operate its business.

#### Section 23.03. Attorney Fees.

If any action be brought by the Secretary or Lessor to enforce performance of, or for damages for breach of, any of the terms and conditions of this Lease, each party shall bear its own costs and attorneys' fees.

#### Section 23.04. Obligation of Lessee.

While the leased premises are in trust or restricted status, all of the Lessee's obligation under this lease, and the obligation of their sureties, are to the United States as well as to the Lessor.

#### Section 23.05. Lease Binding.

This lease and the covenants, conditions and restrictions hereof shall extend to and be binding upon the successors, heirs, assigns, executors, and administrators of the parties hereto.

#### Section 23.06. Interest of Member of Congress.

No Member of, or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this contract or to any benefit that may arise here from, but this provision shall not be construed to extend to this contract if made with a corporation or company for its general benefit.

Section 23.07. Governing Law.

This Lease shall be construed in accordance with the applicable federal laws and laws of the Zuni Tribe, and where there are none, the laws of the State of New Mexico shall be looked to for guidance, provided that nothing stated herein shall subject the Zuni Tribe to the jurisdiction of the state courts of New Mexico or to the taxing or regulatory jurisdiction of the State of New Mexico.

Section 23.08. Authority. Each of the individuals executing this Lease on behalf of the Lessee or the Lessor represents and warrants to the other party that such individual is authorized to do so by requisite action of the party to this Lease.

Section 23.09. Employment Preference.

Lessee agrees, subject to applicable law, to use every reasonable effort to facilitate the employment and training of members of the Zuni Tribe for positions in which they are qualified to serve on the leased premises conducted thereon to the extent that their skills and abilities can be utilized

Section 23.10. Severability.

If any term of this Lease is found to be void or invalid, such invalidity shall not affect the remaining terms of this Lease, which shall continue in full force and effect.

Section 23.11. Amendment or modifications.

This Lease constitutes the entire agreement and understanding of the parties and supersedes all offers, negotiations, and other agreements of any kind. There are no representations or understands of any kind not set forth herein. Any modification of or amendment to this Lease must be in writing and executed by both parties and approved by the Secretary.

#### **END OF PROVISIONS**

IN WITNESS WHEREOF, the parties hereto have executed this lease on the day and year first written above. **WITNESSES** (Two to each signature): **PUEBLO OF ZUNI, LESSOR** BY\_\_\_\_\_ Arlen P. Quetawki, Sr., Governor BOARD OF EDUCATION, ZUNI PUBLIC SCHOOL DISTRICT, LESSEE By: \_\_\_\_\_ ATTEST: Print Name: George DeVries Title: President Secretary Print Name: Virginia Chavez

#### **MEMORANDUM**

To: Robert Gorrell, Director

From: Martica Casias, Planning & Design Manager

Date: December 31, 2012

**RE:** Summary of Adequacy Planning Guide Appendix "A" Table - Gross

**Square Foot Discussion Meetings with Districts, Planners and Design** 

**Professionals State Wide** 

The purpose of the following memo is to relay the discussions that occurred with Districts, Design Professionals and Planners in Albuquerque, Las Cruces and Roswell regarding the Adequacy Planning Guide (APG) Appendix A and the potential/opportunity to reduce fundable square footages.

The *Adequacy Planning Guide (APG)* is a resource for Architects, Planners and School Districts when planning and designing Public School Capital Outlay Council (PSCOC) projects. The PSCOC use the APG Appendix A Table to determine the fundable gross square foot (GSF) per student for new and or remodel facilities necessary to support educational adequacy.

#### Background -

The PSCOC and the Public School Capital Outlay Oversight Task Force (PSCOOTF) have considered that the 2006 Adequacy Planning Guidelines (APG) may be too generous and that there is an opportunity to challenge status quo facility size. This is

proposed to occur by reducing the APG and through rigorous needs analysis, determine what is really needed to sufficiently support the various educational programs, reduce operational budgets, maintenance demands, and out-year capital renewal costs.

The proposed revision will require additional review and collaboration, as well as, time and effort to the programming phase of design development by the design professionals, the districts, and the PSFA.

District attendance to the discussion meetings:

- > Al Sena Rio Rancho
- > Gene Strickland Hobbs
- > Stan Rounds Las Cruces
- > Herb Torres Las Cruces
- ➤ Joe Baca Roswell
- > Kevin Dillon Roswell
- > John King Clovis
- > Jody Balch Clovis

Also invited were past district attendees of previous APG discussions - Albuquerque, Portales, Deming, and Gallup.

Design Professional and Planners attendance to the discussion meetings:

- ➤ Marilyn Mills, Greer Stafford
- Gary Yabumoto, ASA
- ➤ Myles Kraenzel, AKS Architecture
- > John Petronis, ARC Planning
- ➤ Kerrianne Smith, DeJong-Richter Planners
- ➤ William DeJong, DeJong-Richter Planners
- ➤ Ken Gutierrez, ASA
- > And others

PSCOC Members and Staff Attendance to the discussion meetings:

- ➤ Eugene Gant, PSCOC
- ➤ Sharon Ball, LCS Staff
- > Rachel Gudgel, LFC Staff

We heard several reasons why reduction of the GSF per student could not be achieved, mostly from the design professionals;

- ➤ The current teaching method is project based learning utilizing group spaces in addition to classroom space, which necessitates more GSF per student
- ➤ Is PSFA making the districts guilty until proven innocent, rather than a challenge?
- ➤ Proposed challenge GSF numbers are not realistic, numbers are suspect, numbers not supported by ed specs
- ➤ What are the reasons that schools are above the allowable GSF?
  - Are they efficient and are they effective?
- ➤ What are the reasons that schools are below the allowable GSF?

  Are they efficient and are they effective?
- ➤ Why not try the incentive approach, here are the standards we encourage you to go below, and how do we reward you for doing that?

We also heard positive suggestions and support for the proposed reduction, some from the Design Professionals but mostly from the districts who use and maintain the facility after it is built.

#### Other comments were:

- ➤ It can be done, but it will be a challenge, questions need to be asked "Is this space really necessary to achieve your educational mission?"
- ➤ Is there opportunity for shared space, such as part time counselor and part time nurse
- Combing classrooms in low enrollment facilities, such as first grade and second grade
- ➤ Combing/ sharing teacher workroom with parent workroom spaces
- Assistance with furniture layout would be welcome, classrooms have been sized appropriately then oversized furniture has disrupted the design intent.
- ➤ Classrooms have increased 15% since the 60's, with no apparent reason why.
- Libraries need to decrease; there is an administrative mindset that keeps them large.
- ➤ Back in 1969 we had classrooms, library and cafeteria, no specialized rooms; program development drives facilities, but size can be managed.

- ➤ How do we get smarter about using less dollars, and providing a facility that works, that is the challenge.
- ➤ We can defiantly fit into the proposed GSF.
- Mechanical systems can affect space, mechanical closets, heat pump closets, etc.
- ➤ Appreciate PSCOC/PSFA is listening, state dollars and local dollars come from the same sources.
- ➤ Reduction is achievable, but perception is that it is not.
- ➤ Why design facilities that cannot be maintained, If you cannot maintain it do not fund it.
- > Districts must fight with architects/engineers to get systems that work for them
- ➤ Sometimes it is a management challenge for school districts to better utilize new or existing space.
- Challenge to the Design Professional to find a solution using the GSF footprint as the perimeter, or less if they can.
- ➤ Planning dollars are the least expensive dollars.
- > State does not have unlimited resources.

We welcomed all persons at the meetings to write any comments or suggestions they may have to share with all invitees about the proposed reduction in GSF, only one person made written comment, Kevin Dillon from Roswell.

"This was a good meeting and the points brought to the attention of School Districts are both valid and accurate".

"The shift for these types of buildings is to have a much more efficient use of space and key in on multi-use spaces- these concepts are critical to making this APG Reduction a success. RISD has been working hard to achieve this type of practice for several years and are glad to see it take notice.

We honestly feel that when not proceeding with the norm and making spaces more efficient then the leverage of the tax dollar, we will see greater results."

Concern was expressed by districts about local control and specific needs based upon enrollment or programs.

Reduction in GSF, room by room must be done, try not to penalize districts that have special needs. The make-up of students can be contributing factors

Here is the solution offered by PSCOC in recognition that GSF needs may vary, and to avoid penalizing districts:

"By reducing the APG GSF per student, every project may be challenged with regards to space utilization efficiency. The revised APG are intended to functionally support all of a school's educational programs, yet to encourage multi-use spaces and other utilization maximizing strategies that will reduce facility size. It is however recommended that guideline maximums be allowed to be challenged first to the PSFA on a case-by-case and educational program-by-program basis. If agreement cannot be reached, districts should be allowed to appeal any PSFA decisions to the PSCOC. Appeals to the PSCOC should be required to be in writing and no later than 20 days prior to the next PSCOC meeting."

PSFA recommends use of attached revised Appendix A to the subcommittee and PSCOC. If approved the recommended GSF numbers will be used in the upcoming application cycle.

By reducing the APG GSF per student, every project may be challenged with regards to space utilization efficiency. The revised APG are intended to functionally support all of a school's educational programs, yet to encourage multi-use spaces and other utilization maximizing strategies that will reduce facility size. It is however recommended that guideline maximums be allowed to be challenged first to the PSFA on a case-by-case and educational program-by-program basis. If agreement cannot be reached, districts may to appeal any PSFA decisions to the PSCOC. Appeals to the PSCOC should be required to be in writing and no later than 20 days prior to the next PSCOC meeting

Members: Keith Gardner, Governor's Office J. Dee Dennis Jr., RLD Joe Guillen, NMSBA

#### **MEMORANDUM**

February 1, 2013

To: School Districts and Charter Schools

From: Robert A. Gorrell, Director, PSFA

Subject: 2013-2014 Standards-Based Capital Outlay & Roofing Award Process

The PSCOC will have a limited pool of funds available for 2013-2014 Standards-Based awards for highly-ranked school projects, and for *urgently-needed* repairs to school roofs, regardless of schools' NMCI rank.

The deadline to submit initial applications for both programs is March 22, 2013, through a planned new PSFA on-line application system. Based on the criticality of need and on project readiness, funds earmarked for these programs will be awarded to applicant districts and charters in July 2013.

The 2013-2014 Preliminary NMCI Ranking and all application documents can be found under the "Funding" heading in the index on the top of the PSFA's home page at www.nmpsfa.org. In addition, please see the revised timeline for other key dates during this award cycle.

Eligibility for standards-based capital outlay school funding is subject to the following limitations:

- Only highly-ranked projects within the top 25 (with a weighted NMCI score of 55.00 or greater) of the 2013-2014 NMCI Preliminary Ranking will be considered for major renovation or replacement. Based on the number of pre-applications received by the April 1, 2013 due date, a final funding pool will be established that will be used to determine eligibility to complete the full application and be considered for an award.
- District match requirements per state/local match percentage (to be recalculated in May 2013).
- Sufficient district local matching dollars in place. The PSCOC may consider limited approval of requests for waivers or advances for this funding program upon districts qualifying under certain conditions and evidence that no other funds are available.
- Per standard criteria for all PSCOC funding, a current district facility master plan, preventive maintenance plan and use of FIMS are prerequisites.

Eligibility for the separate standards-based roofing projects is subject to the following limitations:

- Expeditious project completion. Awarded projects must be completed within eighteen months of the
  award date. If a project has been awarded funds and is not completed by deadline, awarded funds
  will be re-allocated.
- Willingness of applicant districts to expend up-front dollars on validation of roof repairs and criticality by qualified roof consultants, which will be reimbursed only for PSCOC-awarded applications.
- Sufficient district local matching dollars in place. Only school facilities needed to meet the statewide adequacy standards are eligible. The PSCOC may consider approval of requests for advances for this funding program upon districts qualifying under certain conditions and evidence that no other funds are available.
- Per standard criteria for all PSCOC funding, a current district facility master plan, preventive
  maintenance plan and use of FIMS are prerequisites, and the roof project for which the district is
  applying for funds should appear in the district facility master plan. Until funds are available for
  repair or replacement, problem roofs should receive proper maintenance to remain as functional as
  possible.

In addition, the Public School Capital Outlay Oversight Task Force (PSCOOTF) is proposing a potential new funding program for needed repairs or replacement of critical building systems. This new program requires approval by the 2013 Legislature, with specific details and requirements to be sent to districts at a future date.

If the district has a school that the district believes is not adequately reflected in the preliminary NMCI rankings, please contact the respective PSFA Regional Manager to coordinate further review or administrative remedies before making a formal appeal to the PSCOC. The deadline for formal appeal is **March 22, 2013 at 5:00 P.M**.

#### Highlight of other key dates following required April $\mathbf{1}^{\text{st}}$ submission of initial applications:

| April 9, 2013    | PSCOC Meeting to consider NMCI rank appeals and determine funding pool      |
|------------------|---|
| May 6, 2013      | 2013-2014 Standards-Based Capital Outlay Full Applications due              |
| May 13-29, 2013  | PSFA RM site visits and assistance to districts                             |
| May 31, 2013     | Roof Consultant notices to proceed from districts                           |
| June 7, 2013     | 2013-2014 Standards-Based Capital Outlay Final Applications due             |
| June 20-21, 2013 | PSCOC District Presentation Meeting (tentative – location to be determined) |
| June 28, 2013    | Roof consultant site visits conclude with reports due to PSFA               |
| July 25, 2013    | PSCOC Award Meeting   |

Please contact the respective district PSFA Regional Manager for questions or further details about these initiatives and/or the application process.

Schools with "XX-XX-XX" rankings are projects that received partial funding through a previous standards-based award. The rank is formatted by award year followed by the rank from that award cycle. These projects may be eligible for additional phase funding upon submission of an application in current or future award cycles.

Schools with "NRC" rankings are charter schools that have not reached their first renewal, followed by the expected date of renewal of charter. As such, these schools are not measured against the New Mexico Educational Adequacy Standards. Upon PEC or District renewal of the charter, these schools will be measured, evaluated and prioritized in the above list and elgible for grants under the standards-based capital outlay process.

The district wants to wait until they have more community involvement in the FMP process to move forward on assessments for the existing high school location. No new information. Met with Dr. Harvielee Moore on 12-20-12 to discuss Deming HS's progress and a meeting between Mr. Gorrell and Mrs. Harvielee Moore took place on 12-19-12 to discuss the District's progress on Deming HS. The District's FMP is about 70% complete with completion to be done in February 2013. The District is planning and hoping to pass a bond in August or September, with February 2014 to be the latest. A video conference is planned on 1-10-13 to explain this to PSCOC.  | \$2,700,000  | \$16,283     | \$16,283     | \$2,683,717 |

Waste water system is complete. There is an issue with ground settlement at the waste water site. Determination letter was sent out by NMPSIA claiming little to no coverage. Mr. McMurray and Mr. Volpato came to look at the site and determined that the District should get a scope of work to remediate the current status and that PSFA would participate with the repairs. Waiting on the District's attorney to ensure that a scope of work can be solicited for this project to remediate the situation. I will meet with the district on 10-29-12 to find out if a scope of work has been requested and received. Met with Mr. Kenny Griffis (Maint. Dir.), Mr. Loren Cushman (Asst. Superintendent), and Mr. Craig Cummins (Superintedent) and Zia Engineering Rep. on 12-6-12 to discuss scope of work and needs at Arrey ES WWTS. Awaiting a scope of work that is being developed by Zia Engineering that will be put out for bid to remedy the issue(s) there. | \$2,552,791  | \$1,966,506  | \$1,954,034  | \$586,285   |
| Truth or Consequences Municipal Schools |           | ruth or Consequences<br>Elementary School     |                     | DD / 70% / 4 mos  | On 12-6-12 DD plans were received by District and PSFA RM. A review was performed by the RM and Mr. McMurray at the PSFA office on 12-18-12 and some minor issues were found. Need to discuss this with the District Rep's when they are back from the Christmas break. I also visited with the DP on 1-2-13 over the phone to advise him of some of the issues and the corrections that "may" need to happen before official submission of the DD set to PSFA.  | \$499,562    | \$289,941    | \$87,733     | \$209,621   |

| Alamogordo Public Schools             | P11-002 | Yucca Elementary (New)                                   |                     | DD / 65% / 3 mos | Design of this project has been delayed for a yet to be determined amount of time due to some unforeseen site issues that are currently being evaluated. The District is considering other sites currently owned by the District that will allow the completed SD work to be utilized while avoiding excessive cost to develop the original site and to avoid construction of costly building foundations to mitigate subsurface conditions at the original site.  | \$720,563    | \$504,298    | \$166,508    | \$216,265   |
| Albuquerque Public Schools            | P12-001 | Douglas MacArthur Elementary<br>School                   |                     | DD / 90% / 2 mos | In Design.   | \$0          | \$0          | \$0          | \$0         |
| Albuquerque Public Schools            | P12-003 | Chaparral Elementary School                              |                     | DD / 95% / 2 mos | Phase I construction 100% District is underway. Phase II design is 95% complete.   | \$815,755    | \$291,327    | \$291,327    | \$524,428   |
| Albuquerque Public Schools            | R10-002 | MacArthur Elementary Roof                                |                     | DD / 95% / 3 mos | This project has been incorporated into project P12-001 renovation and new addition by APS. This project will be funded 100% by the school district and credit will be given against the offset. Design was taken over by the current project architect because the previous architect is no longer in business. Design is at 95%.   | \$0          | \$0          | \$0          | \$0         |
| Bernalillo Public Schools             | P12-005 | Bernalillo High School                                   |                     | DD / 5% / 10 mos | design process progressing; committee and DP working to verify all spaces in ed spec still needed. District will be shifting next school year from 4 x 4 schedule to 7 class schedule. Goal is to maintain ed spec utilitzation of at least 85%.   | \$1,355,200  | \$33,497     | \$27,653     | \$1,321,703 |
| Cobre Consolidated Schools            | P11-003 | Bayard Elementary  |                     | DD / 70% / 3 mos | District requesting advance at Jan. PSCOC Meeting - On 12-17-12 Mr. McMurray came down to visit the Bayard ES site and review DD plans. It was then decided to wait and take the advance and construction monies request until the project was bid, so that we would have real numbers when asking for construction funds. This will happen in April 2013. Design Professional is correcting the DD plan review that was done by PSFA and District and should have this done before the end of January 2013 and ready for submission.  | \$587,711    | \$458,064    | \$175,298    | \$129,647   |
| Deming Public Schools                 | P07-005 | Deming High School                                       |                     | PD / 0% / 22 mos | The FMP has been contracted. The district wants to wait until they have more community involvement in the FMP process to move forward on assessments for the existing high school location. No new information. Met with Dr. Harvielee Moore on 12-20-12 to discuss Deming HS's progress and a meeting between Mr. Gorrell and Mrs. Harvielee Moore took place on 12-19-12 to discuss the District's progress on Deming HS. The District's FMP is about 70% complete with completion to be done in February 2013. The District is planning and hoping to pass a bond in August or September, with February 2014 to be the latest. A video conference is planned on 1-10-13 to explain this to PSCOC. | \$2,700,000  | \$16,283     | \$16,283     | \$2,683,717 |

**OUTSTANDING**: Maintenance activities demonstrate a highly focused and goal driven supported maintenance culture. Facility conditions are exceptionally good and clearly noticeable.<sup>1</sup>

Maintenance Rating: 90.1% to 100%.

**GOOD:** Maintenance activities demonstrate a focused and supported maintenance program. Facility conditions *are found to be of high quality, performing well, but not excellent or outstanding in quality.*<sup>1</sup>

Maintenance Rating: 80.1% to 89.9%.

**SATISFACTORY:** Maintenance activities demonstrate a sufficient maintenance program which is sufficient to meet the demand or requirement; adequate or suitable; acceptable.<sup>2</sup>

Maintenance Rating: 70.1% to 79.9%.

MARGINAL: Maintenance activities demonstrate a need for improvement and barely meet minimal acceptable standards to support the process. Activities are close to the lower limit of qualification, acceptability, or function; barely exceeding the minimum requirements. Maintenance Rating: 60.1% to 69.9%.

Poor: Maintenance activities are poor and demonstrate a need for immediate improvement as systems, safety and the environment are at risk for failure. Activities are *less than adequate; inferior in quality or value*. 

Maintenance Rating: 60% and below.

#### Ownership Key

C = County (3), D = District (12), F = Fed (1), M = Municip (2), N = Nonprofit (16), SL = State Land Office (4), T = Tribal (3), U = University (3)

<sup>1</sup> Direct Administrative Space not to exceed 150nsf + 1.5nsf x MEM

<sup>&</sup>lt;sup>2</sup>1.019\*1.016\*0.996\*1.016\*1.032 \$700/MEM (Consumer Price Index)= FY 09 = 1.9% FY 10 = 1.69

<sup>&</sup>lt;sup>3</sup> X = Public Building; Y = Lease Purchase; Z = Lease from Non-Profit (meets standards in 22-8b-4.2. for being housed by July 1, 2015)

Award deferred-Charter may return to PSCOC for consideration of award once need and number of students physically present is proven.

<sup>&</sup>lt;sup>5</sup> Award deferred-Charter may return to PSCOC for consideration of award once justification of cost above \$22.50 per squre foot is achieved.

### Below is the update of projects the Council is assisting the Chama District:

- **Escalante Roof:** Roof was re-inspected after Contractor completed punch list. The Contractor was given a list of unsatisfactory items and they are scheduling with the District to address them. A leak was discovered over Christmas break. The Contractor is working on the repair this week.
- Escalante Heating/Mechanical Systems: Fixes to the existing system are in place to serve the school through the Winter. Design work on the permanent fixes is under way and should be complete in March. Permanent mechanical systems work to be scheduled with the District after design complete. May need to be done over the summer to minimize disruptions to school operations.
- **Escalante Loading Dock Roof Enclosure:** The loading dock will receive a roof enclosure to address snow and ice build up problems that prevent winter access to the Fire Pump and a Boiler Room. Design is complete for this work. Work will commence in the Spring at the District's convenience.
- Escalante Cooking Pot Floor Drain: The work to enlarge the drain will occur after school breaks for the Summer to minimize disruptions to school operation. PSFA is confirming the necessity for this to drain into the Grease Interceptor with NM Environmental Dept.
- TA Elementary Electrical Repairs: Work will complete the week of January 14<sup>th</sup>.
- **TA Elementary Boiler Issues:** The PSFA contracted to have electronic ignition installed. This has corrected the boiler outage problem. The issue of noise from air in the system still exists. The PSFA is soliciting a proposal from a boiler company to bleed air from the system. This is a maintenance item for the District.
- TA Elementary Paving around the Gym: To aid snow removal, curbs have been cut down this past Fall. The paving around the gym will commence after the weather is clear and temps are high enough. Work will be coordinated with the District.
- **TA Elementary Water Pressure:** Two valves used to allow air to escape from the system were closed. These were opened and the system will be monitored to see if water pressure returns to design tolerances.

# PUBLIC SCHOOL CAPITAL OUTLAY OVERSIGHT TASKFORCE (PSCOOTF) – PROPOSED LEGISLATION

| ID<br>Number   | 202 Number | Description   |
|----------------|------------|---|
| 1              | 190438.4   | Defines "building system"; allows a specific distribution each year (\$15 million placeholder) from FY 2014   |
| Ivory          |            | through FY 2018 from the Public School Capital Outlay Fund for building systems repair, remodel or replacement; provides guidelines for council determination of grant award recipients.  |
| 2<br>White     | 190439.5   | Provides more flexibility to the Public School Capital Outlay Council (PSCOC) to determine local match waiver eligibility –changes "shall" to "may" and adds districts with fewer than 800 students to the eligibility.   |
| 3<br>Blue      | 190441.4   | Allows the PSCOC to modify or not grant the automatic consumer price index adjustment from the lease-assistance program -changes "shall" to "may".  |
| 4<br>Lavender  | 190444.6   | Expands powers of chartering authorities to consider the charter school facility standards in 22-8B-4.2, including requirement to submit a plan to meet designated facilities standards within eighteen months of occupancy or relocation; allows the PSCOC to recommend to the chartering authority for the suspension, non-renewal or revocation of charter of new or relocating charter schools based on the facility condition index. |
| 5<br>Goldenrod | 190747.2   | Reestablishes the Charter School Capital Outlay Fund that was repealed July 1, 2012 and reestablishes criteria for grant awards from that fund.   |
| 6<br>Green     | 190926.1   | Makes an appropriation of \$10 million from the Public School Capital Outlay Fund to the PSCOC for expenditure from FY 2014 through FY 2016 to establish a program to assist districts and charter schools with deferred maintenance issues.  |

BILL

## 51ST LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2013

INTRODUCED BY

FOR THE PUBLIC SCHOOL CAPITAL OUTLAY OVERSIGHT TASK FORCE

DISCUSSION DRAFT

AN ACT

RELATING TO PUBLIC SCHOOL FACILITIES; AMENDING THE PUBLIC SCHOOL CAPITAL OUTLAY ACT TO ALLOW THE PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL TO PROVIDE ANNUAL ALLOCATIONS TO SCHOOL DISTRICTS TO ADDRESS BUILDING SYSTEMS NEEDS; AMENDING, REPEALING AND ENACTING SECTIONS OF THE NMSA 1978.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 22-24-3 NMSA 1978 (being Laws 1975, Chapter 235, Section 3, as amended) is amended to read:

"22-24-3. DEFINITIONS.--As used in the Public School Capital Outlay Act:

A. "building system" means a set of interacting

parts that make up a single, non-portable or fixed component of

a facility and that, together with other building systems, make

up an entire integrated facility or property, including

created. Balances remaining in the fund at the end of each fiscal year shall not revert.

- B. Except as provided in Subsections G and  $[\pm]$   $\underline{J}$  through  $[\pm]$   $\underline{M}$  of this section, money in the fund may be used only for capital expenditures deemed necessary by the council for an adequate educational program.
- The council may authorize the purchase by the public school facilities authority of portable classrooms to be loaned to school districts to meet a temporary requirement. Payment for these purchases shall be made from the fund. Title to and custody of the portable classrooms shall rest in the public school facilities authority. The council shall authorize the lending of the portable classrooms to school districts upon request and upon finding that sufficient need exists. Application for use or return of state-owned portable classroom buildings shall be submitted by school districts to the council. Expenses of maintenance of the portable classrooms while in the custody of the public school facilities authority shall be paid from the fund; expenses of maintenance and insurance of the portable classrooms while in the custody of a school district shall be the responsibility of the school district. The council may authorize the permanent disposition of the portable classrooms by the public school facilities authority with prior approval of the state board of finance.
- D. Applications for assistance from the fund shall .190438.4

be made by school districts to the council in accordance with requirements of the council. Except as provided in Subsection [K] L of this section, the council shall require as a condition of application that a school district have a current five-year facilities plan, which shall include a current preventive maintenance plan to which the school adheres for each public school in the school district.

- The council shall review all requests for assistance from the fund and shall allocate funds only for those capital outlay projects that meet the criteria of the Public School Capital Outlay Act.
- Money in the fund shall be disbursed by warrant of the department of finance and administration on vouchers signed by the secretary of finance and administration following certification by the council that an application has been approved or an expenditure has been ordered by a court pursuant to Section 22-24-5.4 NMSA 1978. At the discretion of the council, money for a project shall be distributed as follows:
- (1) up to ten percent of the portion of the project cost funded with distributions from the fund or five percent of the total project cost, whichever is greater, may be paid to the school district before work commences with the balance of the grant award made on a cost-reimbursement basis; or
  - (2) the council may authorize payments

directly to the contractor. 2

Balances in the fund may be annually appropriated for the core administrative functions of the public school facilities authority pursuant to the Public School Capital Outlay Act, and, in addition, balances in the fund may be expended by the public school facilities authority, upon approval of the council, for project management expenses; provided that:

- (1) the total annual expenditures from the fund for the core administrative functions pursuant to this subsection shall not exceed five percent of the average annual grant assistance authorized from the fund during the three previous fiscal years; and
- any unexpended or unencumbered balance remaining at the end of a fiscal year from the expenditures authorized in this subsection shall revert to the fund.
- Up to ten million dollars (\$10,000,000) of the fund may be allocated annually by the council for expenditure in fiscal years 2010 through 2015 for a roof repair and replacement initiative with projects to be identified by the council pursuant to Section 22-24-4.3 NMSA 1978; provided that money allocated pursuant to this subsection shall be expended within two years of the allocation.
- I. Up to fifteen million dollars (\$15,000,000) of the fund may be expended annually by the council for

expenditure in fiscal years 2014 through 2018 for a building system repair, renovation or replacement initiative with projects to be identified by the council pursuant to Section 3 of this 2013 act; provided that money allocated pursuant to this subsection shall be expended within two years of the allocation.

 $[\frac{1}{1}]$  J. The fund may be expended annually by the council for grants to school districts for the purpose of making lease payments for classroom facilities, including facilities leased by charter schools. The grants shall be made upon application by the school districts and pursuant to rules adopted by the council; provided that an application on behalf of a charter school shall be made by the school district, but, if the school district fails to make an application on behalf of a charter school, the charter school may submit its own The following criteria shall apply to the grants:

- the amount of a grant to a school district shall not exceed:
- (a) the actual annual lease payments owed for leasing classroom space for schools, including charter schools, in the school district; or
- (b) seven hundred dollars (\$700) multiplied by the number of MEM using the leased classroom facilities; provided that in fiscal year 2009 and in each subsequent fiscal year, this amount shall be adjusted by the

percentage change between the penultimate calendar year and the immediately preceding calendar year of the consumer price index for the United States, all items, as published by the United States department of labor;

- (2) a grant received for the lease payments of a charter school may be used by that charter school as a state match necessary to obtain federal grants pursuant to the federal No Child Left Behind Act of 2001;
- (3) at the end of each fiscal year, any unexpended or unencumbered balance of the appropriation shall revert to the fund;
- (4) no grant shall be made for lease payments due pursuant to a financing agreement under which the facilities may be purchased for a price that is reduced according to the lease payments made unless:
- (a) the agreement has been approved pursuant to the provisions of the Public School Lease Purchase Act; and
- (b) the facilities are leased by a
  charter school;
- (5) if the lease payments are made pursuant to a financing agreement under which the facilities may be purchased for a price that is reduced according to the lease payments made, neither a grant nor any provision of the Public School Capital Outlay Act creates a legal obligation for the .190438.4

school district or charter school to continue the lease from year to year or to purchase the facilities nor does it create a legal obligation for the state to make subsequent grants pursuant to the provisions of this subsection; and

(6) as used in this subsection:

(a) "MEM" means: 1) the average full-time-equivalent enrollment using leased classroom facilities on the eightieth and one hundred twentieth days of the prior school year; or 2) in the case of an approved charter school that has not commenced classroom instruction, the estimated full-time-equivalent enrollment that will use leased classroom facilities in the first year of instruction, as shown in the approved charter school application; provided that, after the eightieth day of the school year, the MEM shall be adjusted to reflect the full-time-equivalent enrollment on that date; and

(b) "classroom facilities" or "classroom space" includes the space needed, as determined by the minimum required under the statewide adequacy standards, for the direct administration of school activities.

 $[J_{\bullet}]$   $\underline{K}_{\bullet}$  In addition to other authorized expenditures from the fund, up to one percent of the average grant assistance authorized from the fund during the three previous fiscal years may be expended in each fiscal year by the public school facilities authority to pay the state fire

marshal, the construction industries division of the regulation and licensing department and local jurisdictions having authority from the state to permit and inspect projects for expenditures made to permit and inspect projects funded in whole or in part under the Public School Capital Outlay Act. The authority may enter into contracts with the state fire marshal, the construction industries division or the appropriate local authorities to carry out the provisions of this subsection. Such a contract may provide for initial estimated payments from the fund prior to the expenditures if the contract also provides for additional payments from the fund if the actual expenditures exceed the initial payments and for repayments back to the fund if the initial payments exceed the actual expenditures. Money distributed from the fund to the state fire marshal or the construction industries division pursuant to this subsection shall be used to supplement, rather than supplant, appropriations to those entities.

[K.] L. Pursuant to guidelines established by the council, allocations from the fund may be made to assist school districts in developing and updating five-year facilities plans required by the Public School Capital Outlay Act; provided that:

(1) no allocation shall be made unless the council determines that the school district is willing and able to pay the portion of the total cost of developing or updating

the plan that is not funded with the allocation from the fund. Except as provided in Paragraph (2) of this subsection, the portion of the total cost to be paid with the allocation from the fund shall be determined pursuant to the methodology in Paragraph (5) of Subsection B of Section 22-24-5 NMSA 1978; or

the allocation from the fund may be used to pay the total cost of developing or updating the plan if:

the school district has fewer than an average of six hundred full-time-equivalent students on the eightieth and one hundred twentieth days of the prior school year; or

the school district meets all of the following requirements: 1) the school district has fewer than an average of one thousand full-time-equivalent students on the eightieth and one hundred twentieth days of the prior school year; 2) the school district has at least seventy percent of its students eligible for free or reduced-fee lunch; 3) the state share of the total cost, if calculated pursuant to the methodology in Paragraph (5) of Subsection B of Section 22-24-5 NMSA 1978, would be less than fifty percent; and 4) for all educational purposes, the school district has a residential property tax rate of at least seven dollars (\$7.00) on each one thousand dollars (\$1,000) of taxable value, as measured by the sum of all rates imposed by resolution of the local school board plus rates set to pay interest and principal on

outstanding school district general obligation bonds.

- $[\pm \cdot \cdot]$  M. Upon application by a school district, allocations from the fund may be made by the council for the purpose of demolishing abandoned school district facilities, provided that:
- (1) the costs of continuing to insure an abandoned facility outweigh any potential benefit when and if a new facility is needed by the school district;
- (2) there is no practical use for the abandoned facility without the expenditure of substantial renovation costs; and
- (3) the council may enter into an agreement with the school district under which an amount equal to the savings to the <a href="school">school</a> district in lower insurance premiums are used to reimburse the fund fully or partially for the demolition costs allocated to the school district."
- SECTION 3. A new section of the Public School Capital Outlay Act is enacted to read:
- "[NEW MATERIAL] BUILDING SYSTEM REPAIR, RENOVATION OR REPLACEMENT.--
- A. The council shall develop guidelines for a building system repair, renovation or replacement initiative pursuant to the provisions of this section.
- B. A school district desiring a grant award pursuant to this section shall submit an application to the .190438.4

council. The application shall include an assessment of the building system that, in the opinion of the school district, the repair, renovation or replacement of which would extend the useful life of the building itself.

- C. The public school facilities authority shall verify the assessment made by the school district and rank the application with similar applications pursuant to a methodology adopted by the council.
- D. After a public hearing and to the extent that money is available in the fund for such purposes, the council shall approve building system repair, renovation or replacement projects on the established priority basis; provided that no project shall be approved unless the council determines that the school district is willing and able to pay the portion of the total cost of the project that is not funded with grant assistance from the fund. In order to pay its portion of the total project cost, a school district may use state distributions made to the school district pursuant to the Public School Capital Improvements Act or, if within the scope of the authorizing resolution, proceeds of the property tax imposed pursuant to that act or to the Public School Buildings Act.
- E. The state share of the cost of an approved building system repair, renovation or replacement project shall be calculated pursuant to the methodology in Paragraph (5) of .190438.4

Subsection B of Section 22-24-5 NMSA 1978.

F. A grant made pursuant to this section shall be expended by the school district within two years of the grant allocation."

SECTION 4. Section 22-24-5 NMSA 1978 (being Laws 1975, Chapter 235, Section 5, as amended) is amended to read:

"22-24-5. PUBLIC SCHOOL CAPITAL OUTLAY PROJECTS-APPLICATION--GRANT ASSISTANCE.--

A. Applications for grant assistance, approval of applications, prioritization of projects and grant awards shall be conducted pursuant to the provisions of this section.

- B. Except as provided in Sections 22-24-4.3, 22-24-5.4 and 22-24-5.6 NMSA 1978, the following provisions govern grant assistance from the fund [for a public school capital outlay project not wholly funded pursuant to Section 22-24-4.1 NMSA 1978]:
- (1) all school districts are eligible to apply for funding from the fund, regardless of percentage of indebtedness;
- (2) priorities for funding shall be determined by using the statewide adequacy standards developed pursuant to Subsection C of this section; provided that:
- (a) the council shall apply the standards to charter schools to the same extent that they are applied to other public schools;

| 2  | annually to school districts for the purpose of repairing,      |
|----|---|
| 3  | renovating or replacing public school building systems as       |
| 4  | identified in Section 3 of this 2013 act;                       |
| 5  | [ <del>(b)</del> ] <u>(c)</u> the council shall adopt and       |
| 6  | apply adequacy standards appropriate to the unique needs of the |
| 7  | constitutional special schools; and                             |
| 8  | [ <del>(c)</del> ] <u>(d)</u> in an emergency in which the      |
| 9  | health or safety of students or school personnel is at          |
| 10 | immediate risk or in which there is a threat of significant     |
| 11 | property damage, the council may award grant assistance for a   |
| 12 | project using criteria other than the statewide adequacy        |
| 13 | standards;  |
| 14 | (3) the council shall establish criteria to be                  |
| 15 | used in public school capital outlay projects that receive      |
| 16 | grant assistance pursuant to the Public School Capital Outlay   |
| 17 | Act. In establishing the criteria, the council shall consider:  |
| 18 | (a) the feasibility of using design,                            |
| 19 | build and finance arrangements for public school capital outlay |
| 20 | projects;   |
| 21 | (b) the potential use of more durable                           |
| 22 | construction materials that may reduce long-term operating      |
| 23 | costs;  |
| 24 | (c) concepts that promote efficient but                         |

- (4) no more than ten percent of the combined total of grants in a funding cycle shall be used for retrofitting existing facilities for technology infrastructure;
- (5) except as provided in Paragraph (6), (8), (9) or (10) of this subsection, the state share of a project approved and ranked by the council shall be funded within available resources pursuant to the provisions of this paragraph. No later than May 1 of each calendar year, a value shall be calculated for each school district in accordance with the following procedure:
- (a) the final prior year net taxable value for a school district divided by the MEM for that school district is calculated for each school district;
- (b) the final prior year net taxable value for the whole state divided by the MEM for the state is calculated;
- (c) excluding any school district for which the result calculated pursuant to Subparagraph (a) of this paragraph is more than twice the result calculated pursuant to Subparagraph (b) of this paragraph, the results calculated pursuant to Subparagraph (a) of this paragraph are listed from highest to lowest;

| I  | (d) the lowest value listed pursuant to                         |
|----|---|
| 2  | Subparagraph (c) of this paragraph is subtracted from the       |
| 3  | highest value listed pursuant to that subparagraph;             |
| 4  | (e) the value calculated pursuant to                            |
| 5  | Subparagraph (a) of this paragraph for the subject school       |
| 6  | district is subtracted from the highest value listed in         |
| 7  | Subparagraph (c) of this paragraph;                             |
| 8  | (f) the result calculated pursuant to                           |
| 9  | Subparagraph (e) of this paragraph is divided by the result     |
| 10 | calculated pursuant to Subparagraph (d) of this paragraph;      |
| 11 | (g) the sum of the property tax mill                            |
| 12 | levies for the prior tax year imposed by each school district   |
| 13 | on residential property pursuant to Chapter 22, Article 18 NMSA |
| 14 | 1978, the Public School Capital Improvements Act, the Public    |
| 15 | School Buildings Act, the Education Technology Equipment Act    |
| 16 | and Paragraph (2) of Subsection B of Section 7-37-7 NMSA 1978   |
| 17 | is calculated for each school district;                         |
| 18 | (h) the lowest value calculated pursuant                        |
| 19 | to Subparagraph (g) of this paragraph is subtracted from the    |
| 20 | highest value calculated pursuant to that subparagraph;         |
| 21 | (i) the lowest value calculated pursuant                        |
| 22 | to Subparagraph (g) of this paragraph is subtracted from the    |
| 23 | value calculated pursuant to that subparagraph for the subject  |
| 24 | school district;  |
| 25 | (j) the value calculated pursuant to                            |
|    | .190438.4   |

| 1  | Subparagraph (i) of this paragraph is divided by the value      |
|----|---|
| 2  | calculated pursuant to Subparagraph (h) of this paragraph;      |
| 3  | (k) if the value calculated for a                               |
| 4  | subject school district pursuant to Subparagraph (j) of this    |
| 5  | paragraph is less than five-tenths, then, except as provided in |
| 6  | Subparagraph (n) or (o) of this paragraph, the value for that   |
| 7  | school district equals the value calculated pursuant to         |
| 8  | Subparagraph (f) of this paragraph;                             |
| 9  | (1) if the value calculated for a                               |
| 10 | subject school district pursuant to Subparagraph (j) of this    |
| 11 | paragraph is five-tenths or greater, then that value is         |
| 12 | multiplied by five-hundredths;                                  |
| 13 | (m) if the value calculated for a                               |
| 14 | subject school district pursuant to Subparagraph (j) of this    |
| 15 | paragraph is five-tenths or greater, then the value calculated  |
| 16 | pursuant to Subparagraph (1) of this paragraph is added to the  |
| 17 | value calculated pursuant to Subparagraph (f) of this           |
| 18 | paragraph. Except as provided in Subparagraph (n) or (o) of     |
| 19 | this paragraph, the sum equals the value for that school        |
| 20 | district;   |
| 21 | (n) in those instances in which the                             |
| 22 | calculation pursuant to Subparagraph (k) or (m) of this         |
| 23 | paragraph yields a value less than one-tenth, one-tenth shall   |
| 24 | be used as the value for the subject school district;           |
| 25 | (o) in those instances in which the                             |
|    |   |

calculation pursuant to Subparagraph (k) or (m) of this paragraph yields a value greater than one, one shall be used as the value for the subject school district;

(p) except as provided in Section 22-24-5.7 NMSA 1978 and except as adjusted pursuant to Paragraph (6), (8), (9) or (10) of this subsection, the amount to be distributed from the fund for an approved project shall equal the total project cost multiplied by a fraction the numerator of which is the value calculated for the subject school district in the current year plus the value calculated for that school district in each of the two preceding years and the denominator of which is three; and

means the average full-time-equivalent enrollment of students attending public school in a school district on the eightieth and one hundred twentieth days of the prior school year; 2) "total project cost" means the total amount necessary to complete the public school capital outlay project less any insurance reimbursement received by the school district for the project; and 3) in the case of a state-chartered charter school that has submitted an application for grant assistance pursuant to this section, the "value calculated for the subject school district" means the value calculated for the school district in which the state-chartered charter school is physically located;

(6) the amount calculated pursuant to

rates set to pay interest and principal on outstanding school district general obligation bonds; or

(c) the school district: 1) has an enrollment growth rate over the previous school year of at least two and one-half percent; 2) pursuant to its five-year facilities plan, will be building a new school within the next two years; and 3) for all educational purposes, has a residential property tax rate of at least ten dollars (\$10.00) on each one thousand dollars (\$1,000) of taxable value, as measured by the sum of all rates imposed by resolution of the local school board plus rates set to pay interest and principal on outstanding school district general obligation bonds;

the local match for the constitutional (10)special schools shall be set at fifty percent for projects that qualify under the educational adequacy category and one hundred percent for projects that qualify in the support spaces category; provided that the council may adjust or waive the amount of any direct appropriation offset to or local share required for the constitutional special schools if an applicant constitutional special school has insufficient or no local resources available; and

- (11) no application for grant assistance from the fund shall be approved unless the council determines that:
- (a) the public school capital outlay project is needed and included in the school district's

five-year facilities plan among its top priorities;

(b) the school district has used its capital resources in a prudent manner;

(c) the school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978;

(d) the school district has submitted a five-year facilities plan that includes: 1) enrollment projections; 2) a current preventive maintenance plan that has been approved by the council pursuant to Section 22-24-5.3 NMSA 1978 and that is followed by each public school in the district; 3) the capital needs of charter schools located in the school district; and 4) projections for the facilities needed in order to maintain a full-day kindergarten program;

(e) the school district is willing and able to pay any portion of the total cost of the public school capital outlay project that, according to Paragraph (5), (6), (8) or (9) of this subsection, is not funded with grant assistance from the fund; provided that school district funds used for a project that was initiated after September 1, 2002 when the statewide adequacy standards were adopted, but before September 1, 2004 when the standards were first used as the basis for determining the state and school district share of a project, may be applied to the school district portion required for that project;

(f) the application includes the capital needs of any charter school located in the school district or the school district has shown that the facilities of the charter school have a smaller deviation from the statewide adequacy standards than other district facilities included in the application; and

(g) the school district has agreed, in writing, to comply with any reporting requirements or conditions imposed by the council pursuant to Section 22-24-5.1 NMSA 1978.

- C. After consulting with the public school capital outlay oversight task force and other experts, the council shall regularly review and update statewide adequacy standards applicable to all school districts. The standards shall establish the acceptable level for the physical condition and capacity of buildings, the educational suitability of facilities and the need for technological infrastructure. Except as otherwise provided in the Public School Capital Outlay Act, the amount of outstanding deviation from the standards shall be used by the council in evaluating and prioritizing public school capital outlay projects.
- D. The acquisition of a facility by a school district or charter school pursuant to a financing agreement that provides for lease payments with an option to purchase for a price that is reduced according to lease payments made may be .190438.4

considered a public school capital outlay project and eligible for grant assistance under this section pursuant to the following criteria:

- no grant shall be awarded unless the council determines that, at the time of exercising the option to purchase the facility by the school district or charter school, the facility will equal or exceed the statewide adequacy standards and the building standards for public school facilities:
- no grant shall be awarded unless the (2) school district and the need for the facility meet all of the requirements for grant assistance pursuant to the Public School Capital Outlay Act;
- the total project cost shall equal the total payments that would be due under the agreement if the school district or charter school would eventually acquire title to the facility;
- (4) the portion of the total project cost to be paid from the fund may be awarded as one grant, but disbursements from the fund shall be made from time to time as lease payments become due;
- the portion of the total project cost to (5) be paid by the school district or charter school may be paid from time to time as lease payments become due; and
- neither a grant award nor any provision of (6) .190438.4

the Public School Capital Outlay Act creates a legal obligation for the school district or charter school to continue the lease from year to year or to purchase the facility.

- E. In order to encourage private capital investment in the construction of public school facilities, the purchase of a privately owned school facility that is, at the time of application, in use by a school district may be considered a public school capital outlay project and eligible for grant assistance pursuant to this section if the council finds that:
- (1) at the time of the initial use by the school district, the facility to be purchased equaled or exceeded the statewide adequacy standards and the building standards for public school facilities;
- (2) at the time of application, attendance at the facility to be purchased is at seventy-five percent or greater of design capacity and the attendance at other schools in the school district that the students at the facility would otherwise attend is at eighty-five percent or greater of design capacity; and
- (3) the school district and the capital outlay project meet all of the requirements for grant assistance pursuant to the Public School Capital Outlay Act; provided that, when determining the deviation from the statewide adequacy standards for the purposes of evaluating and prioritizing the project, the students using the facility shall

be deemed to be attending other schools in the school district.

- F. It is the intent of the legislature that grant assistance made pursuant to this section allows every school district to meet the standards developed pursuant to Subsection C of this section; provided, however, that nothing in the Public School Capital Outlay Act or the development of standards pursuant to that act prohibits a school district from using other funds available to the district to exceed the statewide adequacy standards.
- G. Upon request, the council shall work with, and provide assistance and information to, the public school capital outlay oversight task force.
- H. The council may establish committees or task forces, not necessarily consisting of council members, and may use the committees or task forces, as well as existing agencies or organizations, to conduct studies, conduct surveys, submit recommendations or otherwise contribute expertise from the public schools, programs, interest groups and segments of society most concerned with a particular aspect of the council's work.
- I. Upon the recommendation of the public school facilities authority, the council shall develop building standards for public school facilities and shall promulgate other such rules as are necessary to carry out the provisions of the Public School Capital Outlay Act.

J. No later than December 15 of each year, the council shall prepare a report summarizing its activities during the previous fiscal year. The report shall describe in detail all projects funded, the progress of projects previously funded but not completed, the criteria used to prioritize and fund projects and all other council actions. The report shall be submitted to the public education commission, the governor, the legislative finance committee, the legislative education study committee and the legislature."

SECTION 5. Section 22-24-9 NMSA 1978 (being Laws 2003, Chapter 147, Section 1, as amended) is amended to read:

"22-24-9. PUBLIC SCHOOL FACILITIES AUTHORITY-CREATION--POWERS AND DUTIES.--

A. The "public school facilities authority" is created under the council. The authority shall be headed by a director, selected by the council, who shall be versed in construction, architecture or project management. The director may hire no more than two deputies with the approval of the council, and, subject to budgetary constraints set out in Subsection G of Section 22-24-4 NMSA 1978, shall employ or contract with such technical and administrative personnel as are necessary to carry out the provisions of this section. The director, deputies and all other employees of the authority shall be exempt from the provisions of the Personnel Act.

B. The authority shall:

| 1  | (1) serve as staff to the council;                              |  |  |
|----|---|--|--|
| 2  | (2) as directed by the council, provide those                   |  |  |
| 3  | assistance and oversight functions required of the council by   |  |  |
| 4  | Section 22-24-5.1 NMSA 1978;                                    |  |  |
| 5  | (3) assist school districts with:                               |  |  |
| 6  | (a) the development and implementation                          |  |  |
| 7  | of five-year facilities plans and preventive maintenance plans; |  |  |
| 8  | (b) procurement of architectural and                            |  |  |
| 9  | engineering services;   |  |  |
| 10 | (c) management and oversight of                                 |  |  |
| 11 | construction activities; and                                    |  |  |
| 12 | (d) training programs;  |  |  |
| 13 | (4) conduct ongoing reviews of five-year                        |  |  |
| 14 | facilities plans, preventive maintenance plans and performance  |  |  |
| 15 | pursuant to those plans;  |  |  |
| 16 | (5) as directed by the council, assist school                   |  |  |
| 17 | districts in analyzing and assessing their space utilization    |  |  |
| 18 | options;  |  |  |
| 19 | (6) ensure that public school capital outlay                    |  |  |
| 20 | projects are in compliance with applicable building codes;      |  |  |
| 21 | (7) conduct on-site inspections as necessary                    |  |  |
| 22 | to ensure that the construction specifications are being met    |  |  |
| 23 | and periodically inspect all of the documents related to        |  |  |
| 24 | projects;   |  |  |
| 25 | (8) require the use of standardized                             |  |  |
|    | .190438.4   |  |  |

construction documents and the use of a standardized process for change orders;

- have access to the premises of a project (9) and any documentation relating to the project;
- (10)after consulting with the department, recommend building standards for public school facilities to the council and ensure compliance with building standards adopted by the council;
- (11) notwithstanding the provisions of Subsection D of Section 22-24-6 NMSA 1978, account for all distributions of grant assistance from the fund for which the initial award was made after July 1, 2004, and make annual reports to the department, the governor, the legislative education study committee, the legislative finance committee and the legislature;
- maintain a database of the condition of (12)school facilities and maintenance schedules; and
- (13) as a central purchasing office pursuant to the Procurement Code and as directed by the council, select contractors and enter into and administer contracts for certain emergency projects funded pursuant to Subparagraph (b) of Paragraph (2) of Subsection B of Section 22-24-5 NMSA 1978 [and
- (14) ensure that outstanding deficiencies are corrected pursuant to Section 22-24-4.1 NMSA 1978. In the performance of this duty, the authority:

.190438.4

1

| 2  | validate the assessment of the outstanding deficiencies and the |
|----|---|
| 3  | projected costs to correct the deficiencies;                    |
| 4  | (b) shall work with school districts to                         |
| 5  | provide direct oversight of the management and construction of  |
| 6  | the projects that will correct the outstanding deficiencies;    |
| 7  | (c) shall oversee all aspects of the                            |
| 8  | contracts entered into by the council to correct the            |
| 9  | outstanding deficiencies;                                       |
| 10 | (d) may conduct on-site inspections                             |
| 11 | while the deficiencies correction work is being done to ensure  |
| 12 | that the construction specifications are being met and may      |
| 13 | periodically inspect all of the documents relating to the       |
| 14 | <del>projects;</del>  |
| 15 | (e) may require the use of standardized                         |
| 16 | construction documents and the use of a standardized process    |
| 17 | for change orders;  |
| 18 | (f) may access the premises of a project                        |
| 19 | and any documentation relating to the project; and              |
| 20 | (g) shall maintain, track and account                           |
| 21 | for deficiency correction projects separately from other        |
| 22 | capital outlay projects funded pursuant to the Public School    |
| 23 | Capital Outlay Act].  |
| 24 | C. All actions taken by the authority shall be                  |
| 25 | consistent with educational programs conducted pursuant to the  |
|    |   |

(a) shall work with school districts to

| Public School Code. In the event of any potential or perceived |
|--|
| conflict between a proposed action of the authority and an     |
| educational program, the authority shall consult with the      |
| secretary.   |

- D. A school district, aggrieved by a decision or recommendation of the authority, may appeal the matter to the council by filing a notice of appeal with the council within thirty days of the authority's decision or recommendation.

  Upon filing of the notice:
- (1) the decision or recommendation of the authority shall be suspended until the matter is decided by the council;
- (2) the council shall hear the matter at its next regularly scheduled hearing or at a special hearing called by the chair for that purpose;
- (3) at the hearing, the school district, the authority and other interested parties may make informal presentations to the council; and
- (4) the council shall finally decide the matter within ten days after the hearing."
- SECTION 6. REPEAL.--Section 22-24-4.1 NMSA 1978 (being Laws 2001, Chapter 338, Section 6, as amended) is repealed.
- **SECTION 7.** EFFECTIVE DATE.--The effective date of the provisions of this act is July 1, 2013.

## 51st legislature - STATE OF NEW MEXICO - First session, 2013

#### INTRODUCED BY

DISCUSSION DRAFT

FOR THE PUBLIC SCHOOL CAPITAL OUTLAY OVERSIGHT TASK FORCE

AN ACT

4

1

2

3

5

6

7

8

9

10

11

25

.190439.5

RELATING TO PUBLIC SCHOOL FACILITIES; AMENDING THE PUBLIC SCHOOL CAPITAL OUTLAY ACT TO ALLOW THE PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL TO DETERMINE WHETHER A SCHOOL DISTRICT SHOULD BE ELIGIBLE FOR A WAIVER OF ITS REQUIRED FUNDING MATCH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

**SECTION 1.** Section 22-24-5 NMSA 1978 (being Laws 1975, Chapter 235, Section 5, as amended) is amended to read:

PUBLIC SCHOOL CAPITAL OUTLAY PROJECTS--APPLICATION -- GRANT ASSISTANCE. --

- Applications for grant assistance, approval of applications, prioritization of projects and grant awards shall be conducted pursuant to the provisions of this section.
- Except as provided in Sections 22-24-4.3, 22-24-5.4 and 22-24-5.6 NMSA 1978, the following provisions

| 1  | govern grant assistance from the fund for a public school       |
|----|---|
| 2  | capital outlay project not wholly funded pursuant to            |
| 3  | Section 22-24-4.1 NMSA 1978:                                    |
| 4  | (l) all school districts are eligible to apply                  |
| 5  | for funding from the fund, regardless of percentage of          |
| 6  | indebtedness;   |
| 7  | (2) priorities for funding shall be determined                  |
| 8  | by using the statewide adequacy standards developed pursuant to |
| 9  | Subsection C of this section; provided that:                    |
| 10 | (a) the council shall apply the                                 |
| 11 | standards to charter schools to the same extent that they are   |
| 12 | applied to other public schools;                                |
| 13 | (b) the council shall adopt and apply                           |
| 14 | adequacy standards appropriate to the unique needs of the       |
| 15 | constitutional special schools; and                             |
| 16 | (c) in an emergency in which the health                         |
| 17 | or safety of students or school personnel is at immediate risk  |
| 18 | or in which there is a threat of significant property damage,   |
| 19 | the council may award grant assistance for a project using      |
| 20 | criteria other than the statewide adequacy standards;           |
| 21 | (3) the council shall establish criteria to be                  |
| 22 | used in public school capital outlay projects that receive      |
| 23 | grant assistance pursuant to the Public School Capital Outlay   |
| 24 | Act. In establishing the criteria, the council shall consider:  |
| 25 | (a) the feasibility of using design,                            |

build and finance arrangements for public school capital outlay projects;

- (b) the potential use of more durable construction materials that may reduce long-term operating costs;
- (c) concepts that promote efficient but flexible utilization of space; and
- (d) any other financing or construction concept that may maximize the dollar effect of the state grant assistance;
- (4) no more than ten percent of the combined total of grants in a funding cycle shall be used for retrofitting existing facilities for technology infrastructure;
- (5) except as provided in Paragraph (6), (8), (9) or (10) of this subsection, the state share of a project approved and ranked by the council shall be funded within available resources pursuant to the provisions of this paragraph. No later than May 1 of each calendar year, a value shall be calculated for each school district in accordance with the following procedure:
- (a) the final prior year net taxable value for a school district divided by the MEM for that school district is calculated for each school district;
- (b) the final prior year net taxable value for the whole state divided by the MEM for the state is .190439.5

calculated;

(c) excluding any school district for which the result calculated pursuant to Subparagraph (a) of this paragraph is more than twice the result calculated pursuant to Subparagraph (b) of this paragraph, the results calculated pursuant to Subparagraph (a) of this paragraph are listed from highest to lowest;

the lowest value listed pursuant to (d) Subparagraph (c) of this paragraph is subtracted from the highest value listed pursuant to that subparagraph;

(e) the value calculated pursuant to Subparagraph (a) of this paragraph for the subject school district is subtracted from the highest value listed in Subparagraph (c) of this paragraph;

the result calculated pursuant to Subparagraph (e) of this paragraph is divided by the result calculated pursuant to Subparagraph (d) of this paragraph;

(g) the sum of the property tax mill levies for the prior tax year imposed by each school district on residential property pursuant to Chapter 22, Article 18 NMSA 1978, the Public School Capital Improvements Act, the Public School Buildings Act, the Education Technology Equipment Act and Paragraph (2) of Subsection B of Section 7-37-7 NMSA 1978 is calculated for each school district;

> the lowest value calculated pursuant (h)

.190439.5

.190439.5

1

| 2  | highest value calculated pursuant to that subparagraph;         |
|----|---|
| 3  | (i) the lowest value calculated pursuant                        |
| 4  | to Subparagraph (g) of this paragraph is subtracted from the    |
| 5  | value calculated pursuant to that subparagraph for the subject  |
| 6  | school district;  |
| 7  | (j) the value calculated pursuant to                            |
| 8  | Subparagraph (i) of this paragraph is divided by the value      |
| 9  | calculated pursuant to Subparagraph (h) of this paragraph;      |
| 10 | (k) if the value calculated for a                               |
| 11 | subject school district pursuant to Subparagraph (j) of this    |
| 12 | paragraph is less than five-tenths, then, except as provided in |
| 13 | Subparagraph (n) or (o) of this paragraph, the value for that   |
| 14 | school district equals the value calculated pursuant to         |
| 15 | Subparagraph (f) of this paragraph;                             |
| 16 | (1) if the value calculated for a                               |
| 17 | subject school district pursuant to Subparagraph (j) of this    |
| 18 | paragraph is five-tenths or greater, then that value is         |
| 19 | multiplied by five-hundredths;                                  |
| 20 | (m) if the value calculated for a                               |
| 21 | subject school district pursuant to Subparagraph (j) of this    |
| 22 | paragraph is five-tenths or greater, then the value calculated  |
| 23 | pursuant to Subparagraph (1) of this paragraph is added to the  |
| 24 | value calculated pursuant to Subparagraph (f) of this           |
| 25 | paragraph. Except as provided in Subparagraph (n) or (o) of     |
|    |   |

to Subparagraph (g) of this paragraph is subtracted from the

insurance reimbursement received by the school district for the project; and 3) in the case of a state-chartered charter school that has submitted an application for grant assistance pursuant to this section, the "value calculated for the subject school district" means the value calculated for the school district in which the state-chartered charter school is physically located;

- (6) the amount calculated pursuant to Subparagraph (p) of Paragraph (5) of this subsection shall be reduced by the following procedure:
- (a) the total of all legislative appropriations made after January 1, 2003 for nonoperating purposes either directly to the subject school district or to another governmental entity for the purpose of passing the money through directly to the subject school district, and not rejected by the subject school district, is calculated; provided that: 1) an appropriation made in a fiscal year shall be deemed to be accepted by a school district unless, prior to June 1 of that fiscal year, the school district notifies the department of finance and administration and the public education department that the district is rejecting the appropriation; 2) the total shall exclude any educational technology appropriation made prior to January 1, 2005 unless the appropriation was on or after January 1, 2003 and not previously used to offset distributions pursuant to the Technology for Education Act; 3) the total shall exclude any

.190439.5

| appropriation previously made to the subject school district    |
|---|
| that is reauthorized for expenditure by another recipient;      |
| 4) the total shall exclude one-half of the amount of any        |
| appropriation made or reauthorized after January 1, 2007 if the |
| purpose of the appropriation or reauthorization is to fund, in  |
| whole or in part, a capital outlay project that, when           |
| prioritized by the council pursuant to this section either in   |
| the immediately preceding funding cycle or in the current       |
| funding cycle, ranked in the top one hundred fifty projects     |
| statewide; 5) the total shall exclude the proportionate share   |
| of any appropriation made or reauthorized after January 1, 2008 |
| for a capital project that will be jointly used by a            |
| governmental entity other than the subject school district.     |
| Pursuant to criteria adopted by rule of the council and based   |
| upon the proposed use of the capital project, the council shall |
| determine the proportionate share to be used by the             |
| governmental entity and excluded from the total; and 6) unless  |
| the grant award is made to the state-chartered charter school   |
| or unless the appropriation was previously used to calculate a  |

| (b) the applicable fraction used for the                      |
|---|
| subject school district and the current calendar year for the |
| calculation in Subparagraph (p) of Paragraph (5) of this      |
| subsection is subtracted from one:                            |

(c) the value calculated pursuant to Subparagraph (a) of this paragraph for the subject school district is multiplied by the amount calculated pursuant to Subparagraph (b) of this paragraph for that school district;

(d) the total amount of reductions for the subject school district previously made pursuant to Subparagraph (e) of this paragraph for other approved public school capital outlay projects is subtracted from the amount calculated pursuant to Subparagraph (c) of this paragraph; and

(e) the amount calculated pursuant to Subparagraph (p) of Paragraph (5) of this subsection shall be reduced by the amount calculated pursuant to Subparagraph (d) of this paragraph;

- (7) as used in this subsection:
- (a) "governmental entity" includes an Indian nation, tribe or pueblo; and
- (b) "subject school district" means the school district that has submitted the application for funding and in which the approved public school capital outlay project will be located;
  - (8) the amount calculated pursuant to

Subparagraph (p) of Paragraph (5) of this subsection, after any reduction pursuant to Paragraph (6) of this subsection, may be increased by an additional five percent if the council finds that the subject school district has been exemplary in implementing and maintaining a preventive maintenance program. The council shall adopt such rules as are necessary to implement the provisions of this paragraph;

(9) the council may adjust the amount of local share otherwise required if it determines that a school

share otherwise required if it determines that a school district has [used] made a good-faith effort to use all of its local resources. Before making any adjustment to the local share, the council [shall] may consider whether:

than an average of eight hundred full-time-equivalent students on the eightieth and two hundred twentieth days of the prior school year; 2) has insufficient bonding capacity over the next four years to provide the local match necessary to complete the project; and 3) for all educational purposes, has a residential property tax rate of at least ten dollars (\$10.00) on each one thousand dollars (\$1,000) of taxable value, as measured by the sum of all rates imposed by resolution of the local school board plus rates set to pay interest and principal on outstanding school district general obligation bonds;

(b) the school district: 1) has fewer than an average of eight hundred full-time-equivalent students .190439.5

on the eightieth and one hundred twentieth days of the prior school year; 2) has at least seventy percent of its students eligible for free or reduced-fee lunch; 3) has a share of the total project cost, as calculated pursuant to provisions of this section, that would be greater than fifty percent; and 4) for all educational purposes, has a residential property tax rate of at least seven dollars (\$7.00) on each one thousand dollars (\$1,000) of taxable value, as measured by the sum of all rates imposed by resolution of the local school board plus rates set to pay interest and principal on outstanding school district general obligation bonds; or

enrollment growth rate over the previous school year of at least two and one-half percent; 2) pursuant to its five-year facilities plan, will be building a new school within the next two years; and 3) for all educational purposes, has a residential property tax rate of at least ten dollars (\$10.00) on each one thousand dollars (\$1,000) of taxable value, as measured by the sum of all rates imposed by resolution of the local school board plus rates set to pay interest and principal on outstanding school district general obligation bonds;

(10) the local match for the constitutional special schools shall be set at fifty percent for projects that qualify under the educational adequacy category and one hundred percent for projects that qualify in the support spaces

.190439.5

category; provided that the council may adjust or waive the amount of any direct appropriation offset to or local share required for the constitutional special schools if an applicant constitutional special school has insufficient or no local resources available; and

- (11) no application for grant assistance from the fund shall be approved unless the council determines that:
- (a) the public school capital outlay project is needed and included in the school district's five-year facilities plan among its top priorities;
- (b) the school district has used its capital resources in a prudent manner;
- (c) the school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978;
- (d) the school district has submitted a five-year facilities plan that includes: 1) enrollment projections; 2) a current preventive maintenance plan that has been approved by the council pursuant to Section 22-24-5.3 NMSA 1978 and that is followed by each public school in the district; 3) the capital needs of charter schools located in the school district; and 4) projections for the facilities needed in order to maintain a full-day kindergarten program;
- (e) the school district is willing and able to pay any portion of the total cost of the public school .190439.5

capital outlay project that, according to Paragraph (5), (6), (8) or (9) of this subsection, is not funded with grant assistance from the fund; provided that school district funds used for a project that was initiated after September 1, 2002 when the statewide adequacy standards were adopted, but before September 1, 2004 when the standards were first used as the basis for determining the state and school district share of a project, may be applied to the school district portion required for that project;

(f) the application includes the capital needs of any charter school located in the school district or the school district has shown that the facilities of the charter school have a smaller deviation from the statewide adequacy standards than other district facilities included in the application; and

(g) the school district has agreed, in writing, to comply with any reporting requirements or conditions imposed by the council pursuant to Section 22-24-5.1 NMSA 1978.

C. After consulting with the public school capital outlay oversight task force and other experts, the council shall regularly review and update statewide adequacy standards applicable to all school districts. The standards shall establish the acceptable level for the physical condition and capacity of buildings, the educational suitability of

.190439.5

facilities and the need for technological infrastructure. Except as otherwise provided in the Public School Capital Outlay Act, the amount of outstanding deviation from the standards shall be used by the council in evaluating and prioritizing public school capital outlay projects.

- D. The acquisition of a facility by a school district or charter school pursuant to a financing agreement that provides for lease payments with an option to purchase for a price that is reduced according to lease payments made may be considered a public school capital outlay project and eligible for grant assistance under this section pursuant to the following criteria:
- (1) no grant shall be awarded unless the council determines that, at the time of exercising the option to purchase the facility by the school district or charter school, the facility will equal or exceed the statewide adequacy standards and the building standards for public school facilities;
- (2) no grant shall be awarded unless the school district and the need for the facility meet all of the requirements for grant assistance pursuant to the Public School Capital Outlay Act;
- (3) the total project cost shall equal the total payments that would be due under the agreement if the school district or charter school would eventually acquire

title to the facility;

- (4) the portion of the total project cost to be paid from the fund may be awarded as one grant, but disbursements from the fund shall be made from time to time as lease payments become due;
- (5) the portion of the total project cost to be paid by the school district or charter school may be paid from time to time as lease payments become due; and
- (6) neither a grant award nor any provision of the Public School Capital Outlay Act creates a legal obligation for the school district or charter school to continue the lease from year to year or to purchase the facility.
- E. In order to encourage private capital investment in the construction of public school facilities, the purchase of a privately owned school facility that is, at the time of application, in use by a school district may be considered a public school capital outlay project and eligible for grant assistance pursuant to this section if the council finds that:
- (1) at the time of the initial use by the school district, the facility to be purchased equaled or exceeded the statewide adequacy standards and the building standards for public school facilities;
- (2) at the time of application, attendance at the facility to be purchased is at seventy-five percent or greater of design capacity and the attendance at other schools

in the school district that the students at the facility would otherwise attend is at eighty-five percent or greater of design capacity; and

- (3) the school district and the capital outlay project meet all of the requirements for grant assistance pursuant to the Public School Capital Outlay Act; provided that, when determining the deviation from the statewide adequacy standards for the purposes of evaluating and prioritizing the project, the students using the facility shall be deemed to be attending other schools in the school district.
- F. It is the intent of the legislature that grant assistance made pursuant to this section allows every school district to meet the standards developed pursuant to Subsection C of this section; provided, however, that nothing in the Public School Capital Outlay Act or the development of standards pursuant to that act prohibits a school district from using other funds available to the district to exceed the statewide adequacy standards.
- G. Upon request, the council shall work with, and provide assistance and information to, the public school capital outlay oversight task force.
- H. The council may establish committees or task forces, not necessarily consisting of council members, and may use the committees or task forces, as well as existing agencies or organizations, to conduct studies, conduct surveys, submit

.190439.5

recommendations or otherwise contribute expertise from the public schools, programs, interest groups and segments of society most concerned with a particular aspect of the council's work.

- I. Upon the recommendation of the public school facilities authority, the council shall develop building standards for public school facilities and shall promulgate other such rules as are necessary to carry out the provisions of the Public School Capital Outlay Act.
- J. No later than December 15 of each year, the council shall prepare a report summarizing its activities during the previous fiscal year. The report shall describe in detail all projects funded, the progress of projects previously funded but not completed, the criteria used to prioritize and fund projects and all other council actions. The report shall be submitted to the public education commission, the governor, the legislative finance committee, the legislative education study committee and the legislature."

- 17 -

## System renewal program

The PSCOC currently provides Standards Based Roofing Awards based on their roofing condition index in order to avoid the consequential costs of failed roofs. It replaces a certain facility system to extend the life of the whole facility. The current Standards Based Roofing Awards will stay in place through FY15 and continue to be a viable program.

Similarly, this scenario contemplates introducing an expanded "systems renewal" program that would supplement the current standards based program. This systems renewal program will allow the PSCOC and Districts more flexibility in project scoping and funding and still maximizes the Return on Investment (ROI) of expenditures.

This systems renewal program will have a positive effect on preventive maintenance program by easing the increased labor and costs caused by deferred maintenance.

# How would the "Systems Renewal" program work?

- 1. This program would include funding consideration for "systems renewal" in schools that have a minimum wNMCI of 45% for school to qualify.
- 2. Upon district application, PSFA would analyze projects for feasibility using on site observation as well as analyzing specific line item deficiencies that have triggered the 45% wNMCI ranking in the facilities assessment database (FAD).
- **3.** The cost of renewal will be justified from a ROI analysis. The investment cost (systems renewal project cost) must be less than or equal to the cost of the improvement, plus the reduction of operation cost, plus the educational benefit.
- **4.** The post project wNMCI must be less than the current wNMCI divided by 1.5.

Adjacent building systems associated to the high value systems (see below) should be considered when developing a systems renewal project provided they are justified from a ROI standpoint. If a "system" has reached its expected life, even though it is functioning at the time, consideration of continued life expectancy for that "system" should be reviewed to determine whether or not it should be included in the proposed repair/replacement project.

## High Value Systems

Examples of facility systems that PSFA have identified as having the greatest impact to schools ranking due to their specific improvement to the actual learning environments are:

- ROOFS
- HVAC
- CLASSROOM LIGHTING AND BRANCH CIRCUITS
- EXTERIOR DOORS & WINDOWS
- SITE DRAINAGE

## **Scenarios and Impacts**

- This systems renewal program will provide an opportunity for districts to "right size" a project to their fiscal resources and address deficiencies that would have the greatest impact on the learning environment.
- Systems Renewal can add 10-20 years to a school facility's useful life.
- Systems Renewal will have a positive impact on deferred maintenance backlog.

DISCUSSION DRAFT

FOR THE PUBLIC SCHOOL CAPITAL OUTLAY OVERSIGHT TASK FORCE

AN ACT

RELATING TO PUBLIC SCHOOL CAPITAL OUTLAY LEASE PAYMENTS; MAKING OPTIONAL THE ADJUSTMENT FOR LEASE PAYMENTS BASED UPON THE CONSUMER PRICE INDEX.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 22-24-4 NMSA 1978 (being Laws 1975, Chapter 235, Section 4, as amended) is amended to read:

"22-24-4. PUBLIC SCHOOL CAPITAL OUTLAY FUND CREATED-USE.--

- A. The "public school capital outlay fund" is created. Balances remaining in the fund at the end of each fiscal year shall not revert.
- B. Except as provided in Subsections G and I through L of this section, money in the fund may be used only for capital expenditures deemed necessary by the council for an .190441.4

adequate educational program.

- The council may authorize the purchase by the public school facilities authority of portable classrooms to be loaned to school districts to meet a temporary requirement. Payment for these purchases shall be made from the fund. to and custody of the portable classrooms shall rest in the public school facilities authority. The council shall authorize the lending of the portable classrooms to school districts upon request and upon finding that sufficient need exists. Application for use or return of state-owned portable classroom buildings shall be submitted by school districts to the council. Expenses of maintenance of the portable classrooms while in the custody of the public school facilities authority shall be paid from the fund; expenses of maintenance and insurance of the portable classrooms while in the custody of a school district shall be the responsibility of the school district. The council may authorize the permanent disposition of the portable classrooms by the public school facilities authority with prior approval of the state board of finance.
- D. Applications for assistance from the fund shall be made by school districts to the council in accordance with requirements of the council. Except as provided in Subsection K of this section, the council shall require as a condition of application that a school district have a current five-year facilities plan, which shall include a current preventive

maintenance plan to which the school adheres for each public school in the school district.

- The council shall review all requests for assistance from the fund and shall allocate funds only for those capital outlay projects that meet the criteria of the Public School Capital Outlay Act.
- Money in the fund shall be disbursed by warrant of the department of finance and administration on vouchers signed by the secretary of finance and administration following certification by the council that an application has been approved or an expenditure has been ordered by a court pursuant to Section 22-24-5.4 NMSA 1978. At the discretion of the council, money for a project shall be distributed as follows:
- (1) up to ten percent of the portion of the project cost funded with distributions from the fund or five percent of the total project cost, whichever is greater, may be paid to the school district before work commences with the balance of the grant award made on a cost-reimbursement basis; or
- (2) the council may authorize payments directly to the contractor.
- Balances in the fund may be annually appropriated for the core administrative functions of the public school facilities authority pursuant to the Public School Capital Outlay Act, and, in addition, balances in the .190441.4

fund may be expended by the public school facilities authority, upon approval of the council, for project management expenses; provided that:

- (1) the total annual expenditures from the fund for the core administrative functions pursuant to this subsection shall not exceed five percent of the average annual grant assistance authorized from the fund during the three previous fiscal years; and
- (2) any unexpended or unencumbered balance remaining at the end of a fiscal year from the expenditures authorized in this subsection shall revert to the fund.
- H. Up to ten million dollars (\$10,000,000) of the fund may be allocated annually by the council for expenditure in fiscal years 2010 through 2015 for a roof repair and replacement initiative with projects to be identified by the council pursuant to Section 22-24-4.3 NMSA 1978; provided that money allocated pursuant to this subsection shall be expended within two years of the allocation.
- I. The fund may be expended annually by the council for grants to school districts for the purpose of making lease payments for classroom facilities, including facilities leased by charter schools. The grants shall be made upon application by the school districts and pursuant to rules adopted by the council; provided that an application on behalf of a charter school shall be made by the school district, but, if the school

.190441.4

| district fails to make an application on behalf of a charter | r   |
|--|-----|
| school, the charter school may submit its own application.   | The |
| following criteria shall apply to the grants:                |     |

- (1) the amount of a grant to a school district shall not exceed:
- (a) the actual annual lease payments owed for leasing classroom space for schools, including charter schools, in the district; or
- (b) seven hundred dollars (\$700) multiplied by the number of MEM using the leased classroom facilities; provided that [in fiscal year 2009 and in each subsequent fiscal year] this amount [shall] may be adjusted by the percentage change between the penultimate calendar year and the immediately preceding calendar year of the consumer price index for the United States, all items, as published by the United States department of labor;
- (2) a grant received for the lease payments of a charter school may be used by that charter school as a state match necessary to obtain federal grants pursuant to the federal No Child Left Behind Act of 2001;
- (3) at the end of each fiscal year, any unexpended or unencumbered balance of the appropriation shall revert to the fund;
- (4) no grant shall be made for lease payments due pursuant to a financing agreement under which the .190441.4

facilities may be purchased for a price that is reduced according to the lease payments made unless:

- (a) the agreement has been approved pursuant to the provisions of the Public School Lease Purchase Act; and
- (b) the facilities are leased by a charter school;
- (5) if the lease payments are made pursuant to a financing agreement under which the facilities may be purchased for a price that is reduced according to the lease payments made, neither a grant nor any provision of the Public School Capital Outlay Act creates a legal obligation for the school district or charter school to continue the lease from year to year or to purchase the facilities nor does it create a legal obligation for the state to make subsequent grants pursuant to the provisions of this subsection; and
  - (6) as used in this subsection:
- (a) "MEM" means: 1) the average full-time-equivalent enrollment using leased classroom facilities on the eightieth and one hundred twentieth days of the prior school year; or 2) in the case of an approved charter school that has not commenced classroom instruction, the estimated full-time-equivalent enrollment that will use leased classroom facilities in the first year of instruction, as shown in the approved charter school application; provided that,

after the eightieth day of the school year, the MEM shall be adjusted to reflect the full-time-equivalent enrollment on that date; and

- (b) "classroom facilities" or "classroom space" includes the space needed, as determined by the minimum required under the statewide adequacy standards, for the direct administration of school activities.
- In addition to other authorized expenditures from the fund, up to one percent of the average grant assistance authorized from the fund during the three previous fiscal years may be expended in each fiscal year by the public school facilities authority to pay the state fire marshal, the construction industries division of the regulation and licensing department and local jurisdictions having authority from the state to permit and inspect projects for expenditures made to permit and inspect projects funded in whole or in part under the Public School Capital Outlay Act. The authority may enter into contracts with the state fire marshal, the construction industries division or the appropriate local authorities to carry out the provisions of this subsection. Such a contract may provide for initial estimated payments from the fund prior to the expenditures if the contract also provides for additional payments from the fund if the actual expenditures exceed the initial payments and for repayments back to the fund if the initial payments exceed the actual

expenditures. Money distributed from the fund to the state fire marshal or the construction industries division pursuant to this subsection shall be used to supplement, rather than supplant, appropriations to those entities.

- Κ. Pursuant to guidelines established by the council, allocations from the fund may be made to assist school districts in developing and updating five-year facilities plans required by the Public School Capital Outlay Act; provided that:
- no allocation shall be made unless the (1) council determines that the school district is willing and able to pay the portion of the total cost of developing or updating the plan that is not funded with the allocation from the fund. Except as provided in Paragraph (2) of this subsection, the portion of the total cost to be paid with the allocation from the fund shall be determined pursuant to the methodology in Paragraph (5) of Subsection B of Section 22-24-5 NMSA 1978; or
- the allocation from the fund may be used to pay the total cost of developing or updating the plan if:
- the school district has fewer than an average of six hundred full-time-equivalent students on the eightieth and one hundred twentieth days of the prior school year; or
- (b) the school district meets all of the following requirements: 1) the school district has fewer than .190441.4

an average of one thousand full-time-equivalent students on the eightieth and one hundred twentieth days of the prior school year; 2) the school district has at least seventy percent of its students eligible for free or reduced-fee lunch; 3) the state share of the total cost, if calculated pursuant to the methodology in Paragraph (5) of Subsection B of Section 22-24-5 NMSA 1978, would be less than fifty percent; and 4) for all educational purposes, the school district has a residential property tax rate of at least seven dollars (\$7.00) on each one thousand dollars (\$1,000) of taxable value, as measured by the sum of all rates imposed by resolution of the local school board plus rates set to pay interest and principal on outstanding school district general obligation bonds.

- L. Upon application by a school district, allocations from the fund may be made by the council for the purpose of demolishing abandoned school district facilities, provided that:
- (1) the costs of continuing to insure an abandoned facility outweigh any potential benefit when and if a new facility is needed by the school district;
- (2) there is no practical use for the abandoned facility without the expenditure of substantial renovation costs; and
- (3) the council may enter into an agreement with the school district under which an amount equal to the .190441.4

savings to the district in lower insurance premiums are used to reimburse the fund fully or partially for the demolition costs allocated to the district."

EFFECTIVE DATE. -- The effective date of the SECTION 2. provisions of this act is July 1, 2013.

#### 51ST LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2013

INTRODUCED BY

DISCUSSION DRAFT

AN ACT

FOR THE PUBLIC SCHOOL CAPITAL OUTLAY OVERSIGHT TASK FORCE

RELATING TO CHARTER SCHOOL FACILITIES; AMENDING THE PUBLIC SCHOOL CODE TO ALLOW THE PUBLIC SCHOOL CAPITAL OUTLAY COUNCIL TO RECOMMEND SUSPENSION, NONRENEWAL OR REVOCATION OF A CHARTER BASED ON THE CHARTER SCHOOL'S FACILITY CONDITION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 22-8B-4.2 NMSA 1978 (being Laws 2005, Chapter 221, Section 3 and Laws 2005, Chapter 274, Section 2, as amended) is amended to read:

"22-8B-4.2. CHARTER SCHOOL FACILITIES--STANDARDS.--

- A. The facilities of a charter school that is approved on or after July 1, 2005 and before July 1, 2015 shall meet educational occupancy standards required by applicable New Mexico construction codes.
- B. The facilities of a charter school whose charter .190444.6

has been renewed at least once shall be evaluated, prioritized and eligible for grants pursuant to the Public School Capital Outlay Act in the same manner as all other public schools in the state; provided that for charter school facilities in leased facilities, grants may be used to provide additional lease payments for leasehold improvements made by the lessor.

- On or after July 1, 2011, a new charter school shall not open and an existing charter school shall not relocate unless the facilities of the new or relocated charter school, as measured by the New Mexico condition index, receive a condition rating equal to or better than the average condition for all New Mexico public schools for that year or the charter school [demonstrates] submits, within eighteen months of occupancy or relocation of the charter, [the way in] a plan by which the facilities will achieve a rating equal to or better than the average New Mexico condition index.
- On or after July 1, 2015, a new charter school shall not open and an existing charter shall not be renewed unless the charter school:
  - is housed in a building that is:
- (a) owned by the charter school, the school district, the state, an institution of the state, another political subdivision of the state, the federal government or one of its agencies or a tribal government; or
  - (b) subject to a lease-purchase

.190444.6

arrangement that has been entered into and approved pursuant to the Public School Lease Purchase Act; or

- (2) if it is not housed in a building described in Paragraph (1) of this subsection, demonstrates that:
- (a) the facility in which the charter school is housed meets the statewide adequacy standards developed pursuant to the Public School Capital Outlay Act and the owner of the facility is contractually obligated to maintain those standards at no additional cost to the charter school or the state; and
- (b) either: 1) public buildings are not available or adequate for the educational program of the charter school; or 2) the owner of the facility is a nonprofit entity specifically organized for the purpose of providing the facility for the charter school.
- E. Without the approval of the public school facilities authority pursuant to Section 22-20-1 NMSA 1978, a charter school shall not enter into a lease-purchase agreement.
  - F. The public school capital outlay council:
- (1) shall determine whether facilities of a charter school meet the educational occupancy standards pursuant to the requirements of Subsection A of this section or the requirements of Subsections B, C and D of this section, as applicable; and

.190444.6

- (2) upon a determination that specific requirements are not appropriate or reasonable for a charter school, may grant a variance from those requirements for that charter school."
- SECTION 2. Section 22-8B-5.3 NMSA 1978 (being Laws 2011, Chapter 14, Section 8) is amended to read:
- "22-8B-5.3. CHARTERING AUTHORITY--POWERS--DUTIES--LIABILITY.--A chartering authority shall:
  - A. evaluate charter applications;
- B. actively pursue the utilization of charter schools to satisfy identified education needs and promote a diversity of educational choices;
- C. approve charter applications that meet the requirements of the Charter Schools Act and the provisions of Section 22-8B-4.2 NMSA 1978;
- D. decline to approve charter applications that fail to meet the requirements of the Charter Schools Act and the provisions of Section 22-8B-4.2 NMSA 1978 or that are otherwise inadequate;
- E. negotiate and execute, in good faith, charter contracts that meet the requirements of the Charter Schools Act and the provisions of Section 22-8B-4.2 NMSA 1978 with each approved charter school;
- F. monitor, in accordance with the requirements of the Charter Schools Act and the provisions of Section 22-8B-4.2

SECTION 4. Section 22-24-9 NMSA 1978 (being Laws 2003, Chapter 147, Section 1, as amended) is amended to read:

"22-24-9. PUBLIC SCHOOL FACILITIES AUTHORITY--CREATION -- POWERS AND DUTIES .--

The "public school facilities authority" is created under the council. The authority shall be headed by a director, selected by the council, who shall be versed in construction, architecture or project management. The director may hire no more than two deputies with the approval of the council, and, subject to budgetary constraints set out in Subsection G of Section 22-24-4 NMSA 1978, shall employ or contract with such technical and administrative personnel as are necessary to carry out the provisions of this section. director, deputies and all other employees of the authority shall be exempt from the provisions of the Personnel Act.

#### В. The authority shall:

- (1) serve as staff to the council;
- (2) as directed by the council, provide those assistance and oversight functions required of the council by Section 22-24-5.1 NMSA 1978;
  - (3) assist school districts with:
    - the development and implementation

### 51ST LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2013

INTRODUCED BY

DISCUSSION DRAFT

8 FOR THE PUBLIC SCHOOL CAPITAL OUTLAY OVERSIGHT TASK FORCE

#### AN ACT

RELATING TO PUBLIC SCHOOLS; AMENDING THE PUBLIC SCHOOL CAPITAL OUTLAY ACT TO PROVIDE PROCEDURES FOR STATE-CHARTERED AND LOCALLY CHARTERED CHARTER SCHOOLS FOR ADEQUATE FACILITIES; CREATING A FUND; MAKING AN APPROPRIATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 22-24-6.1 NMSA 1978 (being Laws 2007, Chapter 214, Section 1, as amended) is amended to read:

"22-24-6.1. PROCEDURES FOR A STATE-CHARTERED CHARTER
SCHOOL.--All of the provisions of the Public School Capital
Outlay Act apply to an application by a state-chartered charter
school for grant assistance for a capital project except:

A. the portion of the cost of the project to be paid from the fund shall be calculated pursuant to Paragraph (5) of Subsection B of Section 22-24-5 NMSA 1978 using data .190747.2

from the school district in which the state-chartered charter school is located;

B. in calculating a reduction pursuant to Paragraph (6) of Subsection B of Section 22-24-5 NMSA 1978, [(1)] the amount to be used in Subparagraph (a) of that paragraph shall equal the total of all legislative appropriations made after January 1, 2007 for nonoperating expenses either directly to the charter school or to another governmental entity for the purpose of passing the money through directly to the charter school, regardless of whether the charter school was a state-chartered charter school at the time of the appropriation or later opted to become a state-chartered charter school, except that the total shall not include any such appropriation if, before the charter school became a state-chartered charter school, the appropriation was previously used to calculate a reduction pursuant to Paragraph (6) of Subsection B of Section 22-24-5 NMSA 1978; and

[(2) the amount to be used in Subparagraph (b) of that paragraph shall equal the total of all federal money received by the charter school for nonoperating purposes pursuant to Title XIV of the American Recovery and Reinvestment Act of 2009, regardless of whether the charter school was a state-chartered charter school at the time of receiving the federal money or later opted to become a state-chartered charter school, except that the total shall not include any

.190747.2

such federal money if, before the charter school became a state-chartered charter school, the money was previously used to calculate a reduction pursuant to Paragraph (6) of Subsection B of Section 22-24-5 NMSA 1978; and

chartered charter school does not have the resources to pay all or a portion of the total cost of the capital outlay project that is not funded with grant assistance from the fund, to the extent that money is available in the charter school capital outlay fund, the council shall make an award from that fund for the remaining amount necessary to pay for the project. The council may establish, by rule, a procedure for determining the amount of resources available to the charter school and the amount needed from the charter school capital outlay fund."

SECTION 2. A new section of the Public School Capital Outlay Act is enacted to read:

"[NEW MATERIAL] PUBLIC FACILITIES FOR CHARTER SCHOOLS.--

- A. The council shall develop a program for assisting charter schools to be located in public buildings or in buildings being acquired by charter schools pursuant to a lease-purchase agreement.
- B. A locally chartered or state-chartered charter school, desiring assistance pursuant to this section, shall make application to the council for a grant. The application shall include:

- (2) an estimate of the costs necessary to bring the public facilities up to the statewide adequacy standards; and
- (3) such other information as required by rule of the council.
- C. The public school facilities authority shall review the information submitted by the charter school and rank the application with similar applications pursuant to a methodology adopted by the council.
- D. After a public hearing and to the extent that money is available in the charter school capital outlay fund for such purposes, the council shall approve grants from the fund on the established priority basis.
- E. An award made pursuant to this section shall not be considered when calculating an amount to offset grants to a school district or state-chartered charter school pursuant to Paragraph (6) of Subsection B of Section 22-24-5 NMSA 1978 or Subsection B of Section 22-24-6.1 NMSA 1978."
- SECTION 3. A new section of the Public School Capital Outlay Act is enacted to read:

"[NEW MATERIAL] CHARTER SCHOOL CAPITAL OUTLAY FUND.--

A. The "charter school capital outlay fund" is created in the state treasury. The fund shall consist of .190747.2

appropriations, gifts, grants, donations and bequests made to the fund. Income from the fund shall be credited to the fund, and money in the fund shall not revert or be transferred to any other fund at the end of a fiscal year. Money in the fund is appropriated to the council for the purposes of making grants pursuant to Subsection B of this section. Expenditures from the fund shall be made on warrant of the secretary of finance and administration pursuant to vouchers signed by the director of the public school facilities authority.

- B. Balances in the charter school capital outlay fund shall be used for the following purposes and, to the extent money is available in the fund, in the following order:
- (1) for making grants to state-chartered charter schools pursuant to Subsection C of Section 22-24-6.1 NMSA 1978 to assist with the local match needed for an approved public school capital outlay project; and
- (2) if the council determines that money in the fund is not needed for grants pursuant to Paragraph (1) of this subsection, remaining balances in the fund may be used for providing assistance to charter schools pursuant to Section 2 of this 2013 act."

# PSCOC STRATEGIC ISSUES Policy Briefs Summary

#### I. Leases

- a. Policy Considerations
  - 1. Create Standardized Leases- AMS  $\sqrt{}$ , Awards  $\sqrt{}$ , PSCOOTF  $\sqrt{}$  (PSCOC Approval)
    - i. Standardized leases for facilities, land and lease with option to purchase
    - ii. Conflicts of interest significant issue
    - iii. Leases not subject to procurement code
      - a. Would required statutory change
  - 2. Standardized Intergovernmental Land Lease for Building or Renewing School Facilities
    - 50 year minimum term for land leases AMS √, Awards √, PSCOOTF √ (PSCOC Approval)

#### II. Charter School Facilities Issues

- a. Policy Considerations
  - Provide Charter Schools with Increased (access to) Facilities Knowledge and Experience
    - i. Authorizers should provide facilities Awards  $\sqrt{\phantom{a}}$ 
      - a. Would require statutory change
  - 2. Provide for Better Charter School Facility Planning
    - i. Reinstating Charter School Capital Outlay Fund PSCOOTF √
      - a. Would require statutory change
  - 3. Enforce Facility Sharing Requirements of Section 22-8B-4 NMSA 1978
    - i. Charters have unique space needs and may not want district space; process must address districts offering space but charter refusal
  - 4. Assist Charter Schools in Lease Management (see strategic issue I)
  - 5. Strengthen the "Be in Public Facilities" language of the PSCOA
    - i. If no space available, another planning year Awards  $\sqrt{}$ 
      - a. May require statutory change
  - 6. Develop Capabilities to Respond to Innovations in Charter School Program Delivery and Facilities Needs
    - i. Provide no lease assistance to virtual schools Awards √
    - ii. Provide lease assistance to virtual schools only at whatever the percentage of the schools total population on site or in that district Awards √
      - a. May require statutory change

# PSCOC STRATEGIC ISSUES Policy Briefs Summary

#### III. Lease Assistance Program

- a. Policy Considerations
  - 1. Set Annual Award Maximums and Remove the CPI Adjustment PSCOOTF √ (CPI)
    - i. Cap total dollars and remove CPI adjustment AMS  $\sqrt{}$ , Awards  $\sqrt{}$
    - ii. Set \$13.4M annual cap Awards √
      - a. Both may require statutory change
    - iii. Payments made to school districts is an issue

#### IV. PSCOA Funding Formula

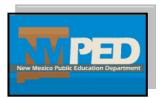

- a. Policy Considerations
  - 1. Decrease State Share for Districts with High Population Densities
  - 2. Adjust Funding on Projects with "Above Adequacy" Spaces
  - 3. Expand PSCOC authority to grantRelax Restrictions on Eligibility for Waiver of Local Match AMS √, Awards √, PSCOOTF √
    - i. Would require statutory change
  - 4. Strengthen the Recalcitrant District Language in the PSCOA

#### V. School Size

- a. Policy Considerations
  - 1. Decrease APG GSF Per Student Allowance for Schools AMS  $\sqrt{\ }$ , Awards  $\sqrt{\ }$ , PSCOOTF  $\sqrt{\ }$  (by PSCOC policy)
    - i. More discussion on percentage to reduce
    - ii. More discussion on small schools
    - iii. Reduce state share when schools build above adequacy Penalize above adequacy by reduction in state share (see strategic issue IV)

#### VI. School Condition

- a. Policy Considerations
  - 1. Maintain Focus on Facility Renewal of Whole Campuses for Schools with High wNMCI Scores AMS  $\sqrt{}$ , Awards  $\sqrt{}$ , PSCOOTF  $\sqrt{}$  (by PSCOC policy)
    - i. Discuss maximum wNMCI for a school
    - ii. Discuss acceptable wNMCI for a school
    - iii. Discuss acceptable statewide average wNMCI for schools
  - 2. Create a Secondary Capital Grants Process to Allow Renewal of Certain Facility Systems That Are at or Near Their Observed End of Cycle. AMS √, Awards √, PSCOOTF √
    - i. More discussion on this following a regular awards cycle for whole campus projects
      - a. May require statutory change
  - 3. Expand Oversight of Maintenance Effectiveness to Extend Capital Investments and Sustain a Functional Environment for Education PSCOOTF √

## 2013 Qualified School Construction Bond Program Application for Authorization

### **QSCB** Requirements

A school district that requests Qualified School Construction Bond authority certifies that the proposed project(s) qualifies under the QSCB program and Sections 54A and 54F of the IRS Code and makes the following assurances:

- 1. 100 percent of the QSCB proceeds will be spent for the construction, rehabilitation or repair of public school facility, the purchase of land and the purchase of equipment.
- 2. The issuer designates such financing as Qualified School Construction Bonds.
- 3. The school district issuing the QSCB reasonably expects at the time of closing of issuance 100% of the available QSCB proceeds will be spent for qualified purposes within three years.
- 4. Within six months of issuance, the school district will have entered into contracts for use of the QSCB funds equal to 10% of the issue.
- 5. The school district acknowledges that Section 1601 of the American Recovery and Reinvestment Act of 2009 requires compliance with the Davis-Bacon Act on projects funded with QSCB's.
- 6. The school district will certify that it is in compliance with Section 54A(d)(6) ("Prohibition On Financial Conflicts of Interest") of the U.S. Internal Revenue Code.
