SSTB (Revenue Budgeted July) & SSTB (Revenue Budgeted January). Supplemental Severance Tax Bonds (SSTBs) are issued and sold by the New Mexico State Board of Finance (BOF) upon receiving a Resolution authorized by the PSCOC and signed by the chair certifying the need to sell bonds pursuant to the Public School Capital Outlay Act ("Act"). The Public School Facilities Authority (PSFA) budgets amounts into the Public School Capital Outlay Fund ("Fund"). Amounts reported for prior fiscal years are actuals and are denoted by an " * ". Amounts reported for the current fiscal year and out-years are the most current, available capacity estimates prepared bi-annually by the BOF. Bonds sold in June are budgeted in July and bonds sold in December are budgeted in January.

Project Reversions, Operating Reversions, and Advance Repayments. Project reversions are identified by PSFA staff through ongoing project financial audits. SSTB proceeds that have been previously authorized by PSCOC for particular projects are identified by PSFA staff for reversion when the proceeds are no longer needed for the particular project for which they were authorized.

Operating reversions are unexpended amounts from PSFA's annual operating budget. These amounts are reverted to the Fund annually via an operating transfer.

Advance repayments are amounts remitted to PSFA and deposited into the Fund by school districts for PSCOC approved advances of funds for school districts local share amounts on PSCOC projects. Amounts reported for prior fiscal years are actuals.

Long Term Bonds. This includes Severance Tax Bonds (STB) appropriated to the Fund. In FY 2017 and 2018 the Legislature appropriated \$81.4 million in STB proceeds to the Fund for expenditure in FY 2018 - 2022. Any unexpended or unencumbered balance remaining at the end of FY 2022 will revert to the severance tax bonding fund.

Uses: Public Schools Capital Outlay Act

FP Summary Legend: *Italicized* is for Legislative Appropriations. *Orange text* is for discretionary programs. *Black text* is for non-discretionary programs.

Capital Improvements Act (SB-9), Lease Payment Assistance Awards, Master Plan Assistance Awards, PSFA Operating Budget, Construction Industries Division (CID) Inspections, and State Fire Marshal are uses subject to funding availability and permitted pursuant to the Public School Capital Outlay Act and Capital Improvements Act.

Capital Improvements Act (SB-9) amounts are transferred to the Public Education Department (PED), which distributes funds to school districts pursuant to the Capital Improvements Acts. Amounts transferred to PED are calculated annually and administered by PED. Out-year estimates are based on previous amounts distributed to PED.

CID Inspections and State Fire Marshal are amounts PSCOC may approve annually for transfer from the Fund to the Regulation and Licensing Department for expedited inspection services by the Construction Industries Division and expedited permits and inspection of projects conducted by the State Fire Marshal Department at PSCOC funded project sites. CID and the State Fire Marshal requests budget authority from PSCOC each fiscal year. Out-year estimates are based on previous amounts distributed to CID and the State Fire Marshal.

PSFA Operating Budget are amounts that are approved annually by the Legislature for transfer from the Fund to the PSFA Operating Fund for administration and oversight of PSCOC projects and carrying out duties pursuant to the Public School Capital Outlay Act. Total annual expenditures from the fund for the core administrative functions, cannot not exceed 5% of the average annual grant assistance authorized from the PSCOC Fund during the immediately preceding three fiscal years. And any unexpended or unencumbered balance remaining at the end of the fiscal year from the expenditures authorized in this subsection revert to the fund.

PSCOC Financial Plan Definitions

Lease Payment Assistance Awards are amounts that may be approved annually for reimbursing school districts and charter schools for leasing K-12 facilities pursuant to the Section I. of the Public School Capital Outlay Act (22-24-4). PSCOC discretion is used to estimate the preliminary amount for lease assistance. The financial plan is updated based upon PSCOC action.

Master Plan Assistance Awards are amounts that may be approved annually for the state share of the cost of updating a school district or charter schools five year facility master plans. The financial plan includes an estimate for out-year amounts based upon previous award history. The financial plan is updated based upon PSCOC action.

Project Closeouts are projected amounts that may be reimbursed to the districts upon the completion of financial audits for previously awarded projects. In order to align the total project expenditures to adequacy with the MOU match percentages, amounts may be due to the district if the State share of the expenditures is less than the MOU State match percentage. During the transition from FIFO (pooled funds) to project-specific budgets, projects which had reached construction completion may not have been assigned a budget, and this line item will be used to make those reimbursements. PSFA anticipates the need for this line item allocation in FY15 and FY16. Project closeouts from FY17 and forward are budgeted within the project. There is no additional need in the out-years.

Emergency Reserve for Contingencies are projected amounts that may be used to fund the State share of a project that is above the original award amount. These amounts can occur due to cost overruns, change in scope or other identified changes presented to the PSCOC. The financial plan includes an estimate from PSFA staff and is discussed with subcommittees. The estimate may change based upon market conditions or PSCOC discretion.

Uses: Legislative Appropriations

Instructional Materials/Transportation Distribution, Pre-kindergarten Awards, Security Awards and Broadband Deficiencies Corrections Program are uses subject to funding availability and appropriations made by the legislature.

Instructional Materials/Transportation Distribution are amounts appropriated from 52nd Legislature, 2016 2nd Special Session, Chapter 2, SB4 to reserve \$25.0 million in each fiscal year from 2018 through 2022 for appropriation by the legislature from the Public School Capital Outlay Fund. The appropriation may change each fiscal year and is adjusted in the financial plan based upon passed legislation.

Pre-kindergarten Awards are amounts reauthorized in Section 139 for the unexpended balance of the appropriation to the PED in Subsection 1 of Section 40 of Chapter 81 of laws 2016 to plan, design, renovate and construct public school pre-kindergarten classrooms statewide is appropriated to the PSFA contingent upon approval by the PSCOC for those purposes. Expenditure is extended through year 2021. The financial plan is estimates \$5.0 million in out-years to continue this program and was added per PSCOC direction.

Security Awards are amounts appropriated from 53rd Legislature, 2nd Session, 2018 Regular Session, HB306 appropriated for expenditure in fiscal years 2018 - 2022 from the PSCO fund to the PSFA to plan, design and install security systems and for repairs, renovation, or replacement of school security systems statewide, contingent upon the approval of the PSCOC \$6.0 million.

SB239 was also included in this session. Up to \$10.0 million of the fund may be expended in each of fiscal years 2019 - 2022 for school security system project grants made in accordance with Section 22-24-4.7 NMSA 1978.

The financial plan represents actuals for FY19 and out-years is based on PSCOC discretion and may be adjusted based upon applications received.

Broadband Deficiencies Correction Program are amounts from 51st Legislature, 2nd Session, 2014, SB159. Up to \$10.0 million

Project Awards Schedule

Amounts in the Schedule are the total state share phase award amounts grouped by award year and phase (Design & Construction). Design phases are indicated with the color purple; construction phase(s) are indicated with the color green. Uncertified phases are indicated in italics. Partially certified phases are indicated with italics and an asterisk (*). Funding needs are estimated by phase and across fiscal years based on project schedules. Phase award amounts and schedules are estimates prepared and updated by PSFA on a monthly basis.

IV. **Potential Motion:**

Approval to send the 2020-2021 Facilities Master Plan application and procedures to all school districts and state authorized charter schools in accordance with the timeline presented.

V. **Executive Summary:**

Background:

Annually, the Public School Capital Outlay Council (PSCOC) provides school districts with the opportunity to apply for Facilities Master Plan (FMP) assistance. A current FMP is a requirement for receipt of PSCOC funding.

Key Issues:

PSFA currently has \$400,000 included in the PSCOC Financial Plan for 2020-2021 Master Plan Awards.

Historically, school districts or charter schools may apply for funding within one year of their FMP expiration date and/or if they expire in the current year.

Upon approval of the PSCOC, the invitation for FMP applications will be released on September 15, 2020. Applications are due October 16, 2020, with a potential/anticipated award date in November.

- 85 out of the 89 school districts have approved and/or are working on their facilities master plans (FMPs).
 - 22 districts are in the process of working on their new master plans.
- 4 districts and 1 state-chartered charter school do not have a current approved FMP and are not currently working on a plan.
 - Animas

- Cobre
- Hagerman
- Lake Arthur
- Technology Leadership Academy

- 13 districts and 6 state-chartered charter schools have FMPs that expire in 2020. These are districts and schools not currently working on a new plan.

- 12 districts and 8 state-chartered charter schools have FMPs that expire in 2021. These are districts and schools not currently working on a new plan.

- 53 out of 54 state-chartered charter schools have current FMPs or are working on their plan.

- If all 29 districts and 15 charter schools with previously expired plans, 2020 expiring plans and 2021 expiring plans apply for FMP assistance, the estimated state share could be \$876,271 broken down by:
 - Previously expired \$67,739
 - 2020 expiring - \$238,069
 - 2021 expiring \$570,463

Staff Recommendation:

PSCOC authorization to release the 2020-2021 Facilities Master Plan application and procedures to all school districts and state authorized charter schools in accordance with the timeline presented.

APPLICATION DEADLINE: October 16, 2020

INSTRUCTIONS

Please complete application. Public School Facilities Authority (PSFA) have provided the Districts educational gross square footage as identified in the Facilities Assessment Data base (FAD) upon which to establish the “not-to-exceed” plan cost. Please refer to “Attachment A” to determine district gross square footage.

After the PSCOC makes the Facilities Master Plan (FMP) awards, the districts or charter schools must adhere to the applicable procurement requirements.

All FMPs are required to meet the current School District Facility Master Plan Components and Guidelines, which are available on the PSFA website. **NOTE: School district shall not be under current contract with FMP contractor prior to PSCOC awards being issued-to be eligible for funding in this award cycle. The District shall have contract signed and funds encumbered prior to Friday March 31, 2021 or funds may revert. The FMP shall be completed and reviewed by PSFA within a year of signature of the contract-or awarded funds may revert.**

For State-authorized charter schools, the PSCOC may participate in funding up to a maximum FMP cost of \$23,500 to develop a combined FMP/Educational Specification. Funding will be limited to those state-chartered charter schools that have been renewed after completing at least one term under a previous chartering authority or are within one year of renewal of their state charter.

FMP District Size Categories	District Gross Square Footage	PSCOC Maximum Cost per Gross Sq. Ft.
Large District	800,000 Plus Gross Sq. Ft.	\$0.10
Medium District	300,000 to 799,999 Gross Sq. Ft.	\$0.13
Small District	120,000 to 299,999 Gross Sq. Ft.	\$0.21
Extra Small District	119,999 and Under Gross Sq. Ft.	\$0.37

- (1) No allocation shall be made unless the Council determines that the school district is willing and able to pay the portion of the total cost of developing the FMP that is not funded with the allocation from the fund. Except as provided in Paragraph (2), the portion of the total cost to be paid with the allocation for the fund shall be determined pursuant to the methodology in Subsection B of Section 22-24-5 NMSA 1978 (state/local match percentage); or
- (2) An allocation from the fund may be used to pay the total cost of developing the FMP if;
 - a. The school district has fewer than an average of six hundred full-time-equivalent students on the second and third reporting days of the prior school year; or
 - b. The school district meets all of the following requirements;
 - 1. the school district has fewer than an average of one thousand full-time equivalent students on the second and third reporting days of the prior school year;
 - 2. the school district has at least seventy percent of its students eligible for free or reduced-fee lunch;
 - 3. the state share of the total cost, if calculated pursuant to the methodology in Subsection B of Section 22-24-5 NMSA 1978, would be less than fifty percent;
 - 4. for all educational purposes, the school district has a residential property tax rate of at least seven dollars on each one thousand dollars (\$1,000) of taxable value, as measured

If you have question about filling out the application, please contact John Valdez at (505) 843-6272 or e-mail jvaldez@nmpsfa.org

Re: 2020-21 Facility Master Plan (FMP) Assistance Program

Dear Colleagues:

Current law (Section 22-24-5 NMSA 1978) requires that all school districts and state-chartered charter schools have a five-year facilities master plan (FMP). Districts of all sizes are asked to set aside portions of their budget to develop a comprehensive FMP for their facilities, which the State will match based on the state/local share. The Public School Capital Outlay Council (PSCOC) is pleased to announce the fifteenth year of the grant assistance program.

Districts and state charters that are within one year of their FMP expirations are eligible for this grant assistance to assist in developing or updating their five-year FMPs. State charters must be at least four years into their first renewal to be eligible. Grants are awarded under the standards-based capital outlay process based on the state/local match formula. Any school district or state authorized charter school that is not currently under contract with a facility master plan contractor as of September 2020 may be eligible for consideration for funding assistance.

In addition to long range planning for capital projects, the FMP must also identify end-of-life building systems needing to be scheduled for repair or replacement. This capital maintenance may include, but is not limited to, roofs, HVAC units, and site drainage. Funding sources for upcoming repairs or replacement will need to be identified. The PSFA has developed the Facility Maintenance Assessment Report (FMAR) and other tools to assist local governance in this important work that will maximize the life of your facility investments and ensure well-functioning learning environments.

Please find the attached application along with instructions and current eligibility status for consideration for reduction of the local share requirement. The application can also be downloaded from the PSFA web site at www.nmpsfa.org (under the Funding tab for Special Program Assistance Funding). **Please see attachment A to obtain your district's total gross square footage to use in your application.**

Please note, districts and charter schools may face changes in space needs resulting from the COVID pandemic. PSFA is asking districts and charters to prepare their plans with the anticipation of the situation normalizing within the five-year life of the plan. PSFA, however, will ask FMP vendors to explore space options for districts and charter schools to consider, should the COVID situation continue for the foreseeable future (i.e. utilizing vacant space or re-purposing other space for isolation rooms/increased student health space).

Completed applications for FMP funding assistance are due to the PSFA Albuquerque office by 5:00 PM on Friday, October 16, 2020. Given the on-going COVID-19 situation, please email your completed application rather than send via US Mail. Awards are anticipated to be made at the November 2020 PSCOC meeting. If you have questions about the FMP, please contact PSFA Facilities Master Planner John Valdez at (505) 468-0289.

Sincerely,
Martica Casias, PSFA Deputy Director

Indicates new plan underway. As a result, there are no costs associated with these plans.

District/Charter School has no or expired plan

Red Text indicates Plan is expired or expiring at the end of the year and school has not started new plan.

Participation percentage is based on 2020-21 and subject to change in the future based on property valuation.

Charter school costs are capped at \$23,500 but again, PSFA staff has successfully negotiated lower costs with the planning vendor.

Make Broadband Deficiencies Correction Program (BDCP) award of actual E-rate-approved project amounts to provide the state match for application funding year 2019 for Category 2 to Albuquerque Public Schools for a total of \$128,486.28 as listed in column N of the award spreadsheet on page 2 of this agenda item. The allocation is intended to fully complete the project, phase, or specified purpose.

V. **Executive Summary:**

This is the second part of a major district-wide network upgrade. This project covers the installation of new Wireless Access Points at forty-eight schools.

The award totaling \$128,486.28 helps the district provide network equipment upgrades of ~\$1.2M.

There is one additional pending Cat2 project from the 2019 E-rate application cycle.

IV. Potential Motions:

Make Broadband Deficiencies Correction Program (BDCP) awards of actual E-rate-approved project amounts to provide the state match for application funding year 2020 for Category 2 to thirteen districts/schools for a total of \$50,500.58 up to the amounts listed in column O of the award spreadsheet on page 2 of this agenda item. Each allocation is intended to fully complete the project, phase, or specified purpose.

V. Executive Summary:

The thirteen school districts/charters listed received their funding commitment decision letter (FCDL) from the E-rate program.

The awards totaling \$50,500.58 will assist in providing network equipment upgrades of ~\$545,000.

Close to one hundred Category 2 upgrade projects are expected for the 2020 E-rate cycle. This award would bring the number of approved Cat2 projects to forty-one.

- I. **PSCOC Meeting Date(s):** September 14, 2020
- II. **Item Title:** BDCP - 2021 E-rate Program Support for Charters and Small Districts*
- III. **Name of Presenter(s):** Ovidiu Viorica – Broadband Program Manager

IV. Potential Motions:

Award up to \$75,000 for consultant agreements to continue providing direct support for the development, the application filing and the implementation of E-rate eligible broadband upgrade projects for charters and small districts. If requests for assistance exceed the scope of the consultant’s contract, priority will be given to new participants in the program.

V. Executive Summary:

Last year, twenty-nine small school districts and charters received direct support to develop broadband upgrades and file funding requests into the E-rate program.

For the twenty-three charters, the investment of ~\$34,000 resulted in \$1.2M in funding applications submitted to the E-rate program.

The six small districts who requested the direct support saw a threefold increase in the E-rate funding requests compared to 2019. Most of the funding requests are approved already, and the upgrade projects are complete or under-way.

The PSFA procurement for this specialized E-rate support produced a very favorable price that charters and small districts cannot leverage individually.

No. of Charter School Applications	Fees
Up to 10	\$12,467 Annual Base Fee
11 to 20	\$1,020 for each additional school
21 to 30	\$890 for each additional school
31 to 40	\$630 for each additional school
41 to 50	\$581 for each additional school

PSFA Broadband and Technology Projects Program Expansion:

Up to ten million dollars of the fund may be expended each year for an education technology infrastructure deficiency corrections initiative pursuant to Section 22-24-4.5 NMSA 1978; provided that funding allocated pursuant to this section shall be expended within three years of its allocation. (22-24-4 M.)

- “Education technology infrastructure” means the physical hardware used to interconnect education technology equipment for school districts and school buildings necessary to support broadband connectivity as determined by the council. (22-23-3 F.)

1. Baseline Work (on-going)

- Continue to configure and optimize school district networks with E-rate eligible work (fiber and network equipment) on school sites.

2. Expansion of Work (Short-term, FY21)

- PSCOC funding for capital expenditures that may or may not be eligible for E-rate but that are eligible within the rules of the Educational Technology Initiative and the definition of “education technology infrastructure.”
 - PSCOC funding for WiFi hotspots on school sites to provide better connectivity outside of school buildings (ie: parking lot WiFi).
 - PSCOC funding for cybersecurity hardware and services for the school site connections and the off-site connections within the district education network.
 - Continued PSCOC funding to REC’s for procurement and contracting services to develop more regional consortia for broadband projects.
 - PSCOC funding for teacher and student-based connectivity equipment to keep students connected to the school district network, even when students are off school sites.
 - PSCOC funding for district-wide WiFi equipment that is installed on and off school sites, broadcasting to serve all areas of a district.
 - PSFA coordination, research, procurement, and contracting support for student mobile cellular hotspots, satellite service, and vouchers for wired service (no PSCOC funding).

3. Expansion of Work (Long-term, FY22 and beyond)

- PSCOC funding for capital expenditures that may or may not be eligible for E-rate but that are **not eligible** within the rules of the Educational Technology Initiative and the definition of “education technology infrastructure.”

- PSCOC funding for end-user devices for students and teachers (laptops and computers).
- PSCOC funding for contracts for training, support, and implementation contractors for software and technology equipment.
- PSCOC funding for a Statewide Education Network to create regional internet exchanges (meet-me-points, where low-cost / high-capacity internet can be found).
 - This will allow local ISPs to cost-effectively expand service to more geographic locations.

II. **Item Title:** 2020-21 Pre-K Awards – Los Lunas Peralta ES Award Language Modification

III. **Name of Presenter(s):** Jonathan Chamblin, Director

IV. **Potential Motion:**

Change the award language for Los Lunas Public Schools’ Peralta Elementary School as follows: Planning, design, and construction phase funding to construct 8 Pre-K classrooms at the new Peralta Elementary School campus to create an east-side Pre-K center in the district. Construction shall be pursuant to the Adequacy Planning Guide (6.27.30 NMAC).

V. **Executive Summary:**

Background:

At the August 17, 2020 meeting, PSCOC made a Pre-K award to Los Lunas Public Schools with the following award language:

- “Planning and design phase funding to construct 8 Pre-K classrooms at the new Peralta ES campus to create an east-side Pre-K center in the district. Upon completion of the design phase, the district may return to the PSCOC for the next out-of-cycle funding phase to include approval of the design enrollment, maximum gross square footage pursuant to the Adequacy Planning Guide, and an update to the total estimated project cost.”

This award language was based on a phased award for this project, however, part of the Council’s action at the August 17 meeting was approval to make this award in a single phase for planning, design and construction. The staff recommendation will align the award language with the award funding methodology that was approved by Council.

Staff Recommendation:

The Pre-K award language for Peralta ES should be revised to align with the PSCOC action to award funding in a single phase, as follows:

- Planning, design, and construction phase funding to construct 8 Pre-K classrooms at the new Peralta Elementary School campus to create an east-side Pre-K center in the district. Construction shall be pursuant to the Adequacy Planning Guide (6.27.30 NMAC).

I. **PSCOC Meeting Date(s):** September 14, 2020

II. **Item Title:** 2020-21 Pre-K Awards – Los Lunas Raymond Gabaldon ES Award Language Modification

III. **Name of Presenter(s):** Jonathan Chamblin, Director

IV. **Potential Motion:**

Change the award language for Los Lunas Public Schools’ Raymond Gabaldon Elementary School as follows: Planning, design, and construction phase funding to renovate 8 Pre-K classrooms at Gabaldon Elementary School to create a west-side Pre-K center in the district. The planning phase shall include a district-wide boundary study and updated enrollment projections. The design phase shall include a campus master plan to define how the renovated Pre-K center will be integrated into the long-term configuration of the campus at Gabaldon Elementary School. Construction shall be pursuant to the Adequacy Planning Guide (6.27.30 NMAC).

V. **Executive Summary:**

- B. District Acceptance/Rejection of Legislative Appropriation*

*Denotes potential action by the PSCOC

I. **PSCOC Meeting Date(s):** September 14, 2020

II. **Item Title:** Selection of SB-9 Program Units

III. **Name of Presenter(s):** Jonathan Chamblin, Director

IV. **Potential Motion:**

Council approval to use the prior year land valuations and the prior year total funded program units to calculate the state match of the SB-9 program guarantee for FY21.

V. **Executive Summary:**

Background:

Originally, the state share of the SB-9 program guarantee was calculated for each school district based on current year land valuations and the final 40-day certified program units. Currently, for each fiscal year, the state share SB-9 funding for each district is based on the prior year land valuations and the average of the school district's prior year second and third reporting dates' total program units. To improve the accuracy of calculating the SB-9 state match distribution each year, the PSCOC may seek endorsement of legislation through the Public School Capital Outlay Oversight Task Force to amend language so the calculation could be based on the prior year land valuation and the prior year total funded program units.

- I. Awards Meeting Date(s): September 8, 2020
- II. Item Title: District Acceptance/Rejection of Legislative Appropriations
- III. Name of Presenter(s): Jonathan Chamblin, Director

IV. Potential Motion:

Council approval to accept the Gadsden School District rejection of the 2019 direct legislative appropriation in the amount of \$200,000, excluding the amount from the district's calculated offset balance. Gadsden notified the public education department prior to June 1 of that fiscal year.

V. Executive Summary:

Background:

A district's application for grant assistance from the public school capital outlay fund shall be reduced to account for district offset balances that result from direct legislative appropriations, as defined in 22-24-5.6 (a). Direct legislative appropriations to a district shall be deemed accepted by the school district unless it notifies the Department of Finance and Administration and the Public Education Department that it rejects the appropriation prior to June 1 of that fiscal year.

22-24-5.(6) the amount calculated pursuant to Subparagraph (p) of Paragraph (5) of this subsection shall be reduced by the following procedure:

(a) the total of all legislative appropriations made after January 1, 2003 for non-operating purposes either directly to the subject school district or to another governmental entity for the purpose of passing the money through directly to the subject school district, and not rejected by the subject school district, is calculated; provided that: **1) an appropriation made in a fiscal year shall be deemed to be accepted by a school district unless, prior to June 1 of that fiscal year, the school district notifies the department of finance and administration and the public education department that the school district is rejecting the appropriation;** 2) the total shall exclude any education technology appropriation made prior to January 1, 2005 unless the appropriation was on or after January 1, 2003 and not previously used to offset distributions pursuant to the Technology for Education Act [Chapter [22](#), Article [15A](#) NMSA 1978]; 3) the total shall exclude any appropriation previously made to the subject school district that is reauthorized

for expenditure by another recipient; 4) the total shall exclude one-half of the amount of any appropriation made or reauthorized after January 1, 2007 if the purpose of the appropriation or reauthorization is to fund, in whole or in part, a capital outlay project that, when prioritized by the council pursuant to this section either in the immediately preceding funding cycle or in the current funding cycle, ranked in the top one hundred fifty projects statewide; 5) the total shall exclude the proportionate share of any appropriation made or reauthorized after January 1, 2008 for a capital project that will be jointly used by a governmental entity other than the subject school district. Pursuant to criteria adopted by rule of the council and based upon the proposed use of the capital project, the council shall determine the proportionate share to be used by the governmental entity and excluded from the total; and 6) unless the grant award is made to the state-chartered charter school or unless the appropriation was previously used to calculate a reduction pursuant to this paragraph, the total shall exclude appropriations made after January 1, 2007 for non-operating purposes of a specific state-chartered charter school, regardless of whether the charter school is a state-chartered charter school at the time of the appropriation or later opts to become a state-chartered charter school.

Good Morning Ms. Romero and Mr. Ortiz,

Thank you for notifying me of the following requirements, unfortunately we are unable to provide the information due to the fact the district cannot accept these funds as they would create an off-set that would impact our district's share from the PSCOC.

Please feel free to contact me if you have any questions.

Thank you.

Subject: SB280 Projects Subject to AIPP
Importance: High

Greetings,

The attached spreadsheet is a list of projects awarded in SB280 with amounts over \$100,000. Projects over \$100,000 are subject to Art in Public Places (AIPP) if they are for construction or major renovation.

Please provide the scope of the project as to whether it is for construction and/or major renovation or if it is to purchase equipment by **5:00pm April 11, 2019**.

Feel free to contact myself or Amanda Lupardus at Amanda.lupardus@state.nm.us if you have any questions.

Sincerely,

Iris K. Romero

Good Afternoon Mr. Ortiz,

Thank you for reaching out to me several days ago concerning a special appropriation for a purchase of an activity bus. After reviewing the information with our board and understanding that this appropriation would create an off-set that would reduce the funds we have available for facility projects. After speaking with you several days ago at which time you informed me that I had not officially notified you of our board decision to recline those funds.

After spending hours searching for an email, I have found the following email sent on Thursday October 17, 2019 at 4:51pm. The email clearly states that the GISD has decided to decline the funds.

I'm unsure of any additional information you may need. The goal was to ensure we could capitalize on all funds available from PSFA to address the major needs within our facilities.

Please advise.

Thank you.

Travis Dempsey

Good Afternoon,

Attached you will find an email exchange between myself and Ms. Iris Romero specific to a special appropriation for an activity bus. After reviewing our options the board voted to decline the funds as it creates an off-set.

Today I was notified by my CFO that the amount showed up in OBMS submitted by PED.

Please advise.

Thank you.

Maintenance Program Status Report (MPSR-this document): A data driven performance summary of NM School Districts Key Performance Indicators (KPIs) in PM Planning, the state provided FIMS tools and overall FMAR performance.

Preventive Maintenance (PM) Plan: A statute driven (annually updated) written plan on how NM districts plan to manage Maintenance and Operations from year to year supporting the educational environment through formal means. All public and charter school district must have a current and PSCOC approved preventive maintenance plan. (Incremental changes can be made to the current plan, or if numerous updates are necessary, the entire plan should be revised). Performance ratings are as follows:

- CURRENT:** Districts have updated their plan within the last 12 months (+30 day grace period). **PM Plan Ratings:** Poor, Marginal, Satisfactory, Good and Outstanding.
- NOT UPDATED:** Districts that have not updated their PM Plan components = Poor Performance rating.

Facility Information Management System (FIMS): A Computerized Maintenance Management System provided by Dude Solutions to assist districts in managing both reactive & preventive work tasks through asset inventories, improved processes and reporting and utility bill collection activities. **Note:** a number of NM districts have used FIMS to significantly improve their maintenance performance by reducing work orders, planning/tracking preventive maintenance processes and reducing unnecessary expenditures through proactive inspection and maintenance of building systems. FIMS has proven effective in generating actionable facilities information for district policy makers. FIMS is inclusive of the following modules:

Maintenance Direct (MD): a module in FIMS/Dude Solutions used to process reactive work orders. (rating scale below). Key Performance Indicators include:

- Work Order Backlog (goal: <25%): The backlog percentage rate identifies the number of open work orders vs. the number of closed work orders.
- Transaction Rate (goal >100%): The percentage rate of costs recorded for completed work orders (both reactive and preventive) on transactions (labor, materials, and contract costs).

Preventive Maintenance Direct (PMD): a module in FIMS/Dude Solutions used to process preventive maintenance work orders. (rating scale below).

- PM Cost Ratio (goal: >20%): The percentage of preventive maintenance costs vs. total costs expended on all work orders.
- PM Completion Rate (goal: > 90%): The percentage of closed Preventive Maintenance (PM) work orders vs. the number of total generated PM work orders.

Utility Direct (UD): a module in FIMS/Dude Solutions used to collect & monitor utility billing data towards development of an energy management program. (rating scale below).

Level 0 ----- Level 2.0 ----- Level 3.0
Implementation Stage (0-1.5) Execution Stage (1.51-2.0) Data Analysis Stage (2.1-3.0)

FMAR: Facility Maintenance Assessment Report (FMAR): a tool used to evaluate NM school facilities conditions / appearance and determine and verify the implementation level of the maintenance management program. The final FMAR (F6) report combines a Facility Maintenance Assessment (FMA) in 22 important maintenance system categories, Preventive Maintenance Planning status (statute driven), and the State provided FIMS Performance status (as measured through industry standard KPI's and statute driven). The results are used to establish a benchmark rating for the individual schools/districts maintenance programs in an effort towards continuous performance improvements and implementation of cost effective maintenance strategies.

FMAR Performance Level Ratings: Poor (0-59.9%) ----- Marginal (60.0-69.9%) ----- Satisfactory (70.0-79.9%) Recommended ----- Good (80.0-89.9%) ----- Outstanding (90.0-100%)

Meanful Maintenance Metrics (M³): a monthly maintenance report developed from data directly out of the districts FIMS / Dude Solutions account used to communicate monthly activities through industry standard KPI's in the district's maintenance programs to school leaders. KPI's include: Vandalism, Work Order Completion rate, Work Order Backlog rate, PM Completion Rate, PM Cost Ratio, Maintenance Cost per Student and Square Ft.

PM Schedules Types/Running: The number of PM schedule types and PM schedules running in the districts FIMS Preventive Maintenance Direct account. (Note: the recommended minimum is 10 covering critical building systems).

New Mexico Public Schools Maintenance Performance Summary / FMAR F6

NM State Charter School Average:

72.014% Satisfactory
Previous: **71.65%**

Statewide Historical Performance Average

Cycle 1 (2011-2015): **57% Poor**

Cycle 2 (2015-2017): **65% Marginal**

Cycle 3 (2017-current F6): **70.854% Satisfactory**

Districts using FIMS to manage work orders and utility tasks:

MD Reactive: **81.32%**

PMD Preventive: **83.52%**

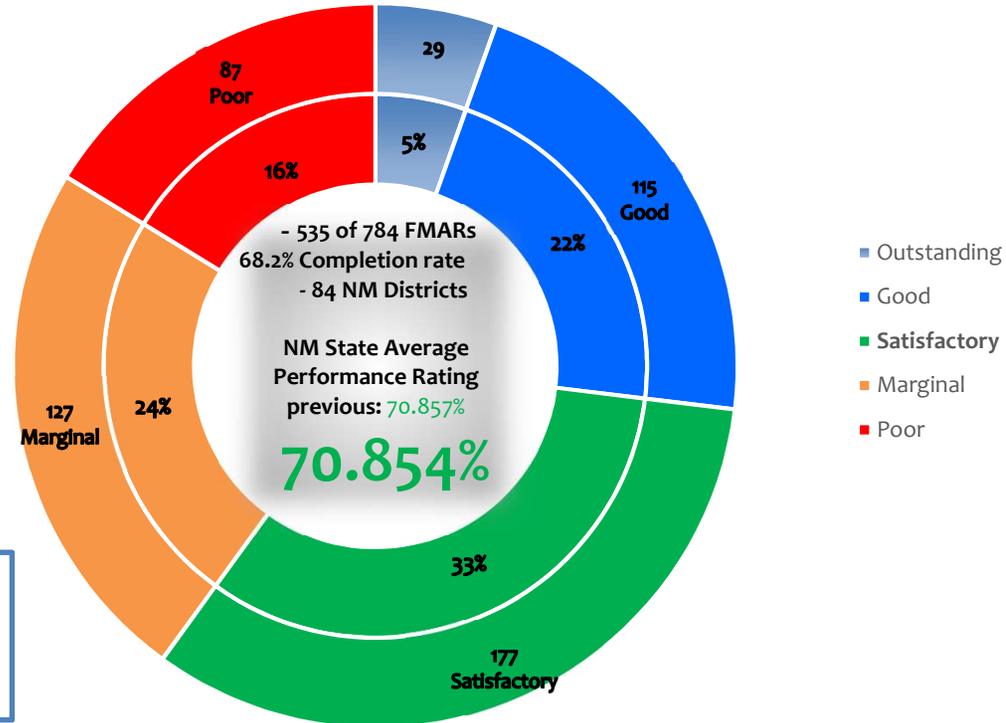

UD Utilities: **54.95%**

PM Plan Currency: **51.65%**

Facility conditions are important to a quality educational environment (lighting, HVAC, fire safety etc.). PSFA measures NM school facility conditions using the FMAR as a measure to determine the effectiveness of NM school district maintenance programs which is inclusive of PM Planning, FIMS use and a 22 category facility assessment. The chart identifies current performance ratings of NM schools with 70% as a quality and recommended minimum threshold.

NM Public Schools FMAR F6 / Statewide Maintenance Performance

inclusive of 2nd Qtr. 2020 data

Report Summary: This summary reflects data beginning May 1, 2017 to June 30, 2020 during the FMAR F6 Cycle (38 months). 535 school site FMARs have been completed covering 84 NM school districts. Of the published FMAR assessments, the statewide maintenance performance average is **70.854%** (previously **70.857%**) reflecting Satisfactory performance where 70% is recommended. A slight decline in performance from last quarter is recognized. **60%** of assessed school districts are performing above the threshold with **5%** driving Outstanding performance ratings. Districts performing above Satisfactory (minimum) are recognized as driving quality educational environments, dedicated to maintaining facility conditions with good potential for building systems to meet their life expectancy. **Quarterly Cycle Rate F6:** 4 years, 8 months. (Previous Qtr.: 4 years, 5 months) with current staff and process

II. Item Title: Broadband Project Status Report

III. Name of Presenter(s): Ovidiu Viorica – Broadband Manager
Jerry Smith - BDCP Specialist

IV. Executive Summary (Informational):

The Council approved state funding match for approximately 190 broadband upgrade projects through the Broadband Deficiencies Correction Program (BDCP) between 2016 and 2019.

Another 29 projects from the 2020 E-rate cycle have been funded so far.

*Funded to date

Potential program changes – involving legislative changes:

1. Expand the Digital Opportunity assistance (connections for students and teachers outside the school) by providing funding to expedite progress.
2. Include tribal school in the program. Tribal schools face significant challenges related to connectivity and technology.
3. Include the service and operation for school broadband as eligible for BDCP funding. A larger portion of E-rate funding applications (compared to infrastructure) is related to service and operations costs. Having a state funding matching mechanism, and a coordinated approach to optimizing the E-rate applications, will result in a more effective use of federal funds.

the E-rate applications, will result in a more effective use of federal funds.

4. REC and Pre-K facilities may be eligible for E-rate funding yet, according to PED, legislative action may be needed.
5. Create a State Education Network that can also solve other connectivity needs.

I. **PSCOC Meeting Date(s):** September 14, 2020

II. **Item Title:** Project Status Report

III **Name of Presenter(s):** Edward Avila, Senior Facilities Manager

IV **Executive Summary (Informational):**

Total projects: 429

Standards, Systems, Pre-K, Emergency and all projects that are not Security:

- 30 projects in project development (feasibility studies, educational specifications, etc.)
- 24 projects in design
- 38 projects in construction
- 9 projects In Audit/Closeout

Security projects:

- 98 projects in project development (feasibility studies, educational specifications, etc.)
- 120 projects in design
- 110 projects in construction

Projects that are not currently making progress:

- E18-001 – Santa Rosa – Anton Chico – The building is currently being re-assessed to determine if it is safe to occupy. The District and the legal counsel have not made progress regarding litigation leading to a resolution for repairs. The District, Design Professional, and General Contractor have a scheduled mediation on December 8, 2020.
- P13-009 – West Las Vegas MS –The District and PSFA are in process of procuring services to optimize the performance of the HVAC system installed. The General Contractor and Design Professional Contracts are in the closeout process.
- P15-010 – NMSD – Cartwright Hall –PSFA continues to administratively close open processes in CIMs and move toward document closeout and final closeout. 11-month warranty issues are in process.
- P19-006 – Las Vegas City – Sierra Vista ES – On hold availability of District Funding.
- S20-005 - San Jon Combined School - On hold due to district readiness. The district share was unavailable until the recent successful Bond election in June 2020 but has no experience with major capital projects. The district is evaluating options how it can manage the project with direct oversight. PSFA will assist the district in this process so the design phase can begin.
- S20-008 - Brown Early Childhood Center (Portales) - Awaiting completion site survey information from District and design professional as requested by PSFA to confirm extent of state participation in project. Making no progress.

Projects that are behind, based on MOU schedule, but making progress:

- K18-001- Belen – Rio Grande ES – The project 11-month correction period has commenced.
- K18-002 – Clovis – Barry ES – District initially postponed project progress and will now include the project scope with recent standards based award for Barry ES. Design work complete.
- K18-006 – Thoreau ES (Gallup) – Project in under construction in conjunction w/P15-006.
- K18-011 – Brown Early Childhood Center – Project schedule to be coordinated with project S20-008.
- K18-012 – Monterrey ES (Roswell) –RFQ documentation ongoing. District is in the process of revising the Design Professional documentation for final review/approval by PSFA. There was a period of 16- months from the signing of the award letter with no progress or activity despite PSFA attempts to inquire and advance the project.

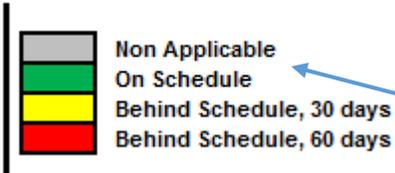

Projects that are behind, but making progress (continued):

- K18-013 – Sunset ES (Roswell) - RFQ documentation ongoing. District is in the process of revising the Design Professional documentation for final review/approval by PSFA. There was a period of 16- months from the signing of the award letter with no progress or activity despite PSFA attempts to inquire and advance the project.
- P14-005 – Belen – Rio Grande ES – In 11-month correction period.
- P15-001 – Alamogordo Combined ES - In 11-month correction period.
- P15-005 – Parkview ES (Clovis) – In project closeout, demolition of old school to be complete by end of August 2020.
- P15-006 – Gallup - Thoreau ES – In construction. Progress slow due to COVID 19
- P15-013 – Ruidoso – Nob Hill ES – 11-Month Correction issues have been resolved by the General Contractor. 11MC process is in the Design Professionals court for review and acceptance.
- P16-003 – Del Norte ES – In construction, substantial completion to be postponed due to COVID-19 impacts.
- P19-002 – Jaramillo ES (Belen) – Educational specification in progress.
- P19-007 – Barranca Mesa ES – Progress slow due to COVID 19 issues, anticipated substantial completion September 2020.
- P19-008 – Peralta ES – Feasibility study review complete. Educational Specifications due to be complete in Winter 2020.

- P19-010 – Nancy Lopez ES (Roswell) – Educational specifications underway, anticipate public workshops will be scheduled in September.
- P19-005 – Desert Hills ES (Las Cruces) – In design
- P19-015 – Sarracino MS - Current efforts were focused on Ed Specifications as the next planning step, however, these efforts have been delayed due to the District COVID-19 lockdown. The District anticipates to resume efforts soon with a projected completion this winter.
- P20-004 – Hobbs Southern Heights ES – District is in the process of revising the Design Professional documentation for final review/approval by PSFA. Project was delayed due to district readiness.
- S18-003 – Las Vegas City – Los Niños ES – Final closeout of Phase I will proceed with the completion of Phase II of the project.

The cell becomes shaded only after the start date in the schedule has passed and the phase is active. The regional manager adjusts the schedule each month. The report compares the current schedule to the schedule established in the MOU and assigns a color.

This indicates what percentage of this phase has been completed. This is updated monthly by the regional manager.

Manager Report

The Phase II construction work is ongoing. Construction is behind schedule due to negotiations with the Santa Clara pueblo and offsite water line improvements.

The regional manager uses the Manager Report to highlight unique conditions of the project.

Number of months remaining until completion of the phase. This indicates that construction will be completed 27 months from TODAY.

The number of months remaining is based upon the RMs revised schedule. If the revised schedule varies from the baseline (indicated by the yellow or red color coding), the number of months displayed indicates the revised schedule completion date.
