August 25, 2026

This Addendum consists of the following questions and answers to the RFP clarification for question 29 from addendum #1. Please note the answers in *italicized font*.

Q29: For the "Technical Materials for Stakeholder Engagement," What level of graphic design/production quality is expected (simple Word tables vs. designed layouts)?

For this phase of the APG update, we only require straightforward technical materials, such as tables, narratives, and presentation materials that can be readily produced using standard Microsoft Office applications. Designed layouts and professionally produced graphic materials are not necessary.

Include this signed and dated Addendum 2 and Acknowledgement with your Proposal.

Acknowledgment not signed, dated and included with the RFP Proposal, may deem the Proposal submission as non-responsive, and the proposal may be rejected.
